Thank you for considering Folsom Lake College – on behalf of the faculty, staff, and administration, I appreciate your interest and hope Folsom Lake College can help you meet your educational goals. This 2005-2006 college catalog will help you make informed decisions about your education, so please take time going through the different sections.

Folsom Lake College is California’s 109th and newest community college, receiving initial accreditation from the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges (WASC) in January 2004. Folsom Lake College is also the fourth and newest member of the Los Rios Community College District. You have an opportunity to be an important part of California’s newest community college. Folsom Lake College has a wide variety of courses for you to consider – and the resources you’ll need to succeed as a student. Student success is the college’s number one goal; you can have confidence in reaching your goals.

I want to briefly call your attention to three exciting aspects of Folsom Lake College’s “newness”:

➢ New classes – This catalog includes several new Folsom Lake College classes, including offerings in Biology, Chemistry, Computer Information Science, and more. Some of these classes will be offered for the first time ever during the 2005-06 school year.

➢ New degree program – Folsom Lake College has received State of California approval to offer an Associate of Arts degree in Psychology. This Associate’s degree could open all-new career opportunities for you.

➢ New facilities – Construction is booming at Folsom Lake College and its outreach centers. As of this writing (March 2005), new instructional buildings are under construction at the main Folsom campus and El Dorado Center in Placerville. Most of these facilities should be open to students during the 2005-06 school year. While classes are being offered, construction of additional facilities will continue to occur for several more years. Future construction will include more instructional buildings, physical education facilities, a regional fine and performing arts center, and a new outreach center in Rancho Cordova.

These exciting developments wouldn’t have happened without the support and dedication of the Los Rios Community College District Board of Trustees, key District officials, leaders at our “sister” colleges, American River College, Cosumnes River College, and Sacramento City College, as well as voters of our surrounding communities and state. Folsom Lake College is indebted to these individuals and institutions.

Again, thank you for considering Folsom Lake College. Please review the material in this catalog; go to the list of important phone numbers on the inside front cover, if you have specific questions or need more information.
Folsom Lake College (FLC) is the fourth community college established in the Los Rios Community College District (LRCCD) within the Sacramento region. The main campus is located in the eastern Sacramento region along the Highway 50 corridor. The college’s outreach programs at its El Dorado and Rancho Cordova Centers serve eastern Sacramento County and El Dorado County.

When completed, the college is expected to serve 15,000-20,000 students. The Folsom campus encompasses a 151-acre parcel deeded to the LRCCD in 1967. At its January 1991 meeting, the Board of Governors approved a Long-Range Capital Outlay Growth Plan identifying the design and development of a comprehensive, state-of-the-art institution.

The first phase of permanent facilities at the Folsom campus -- funded through the State -- opened for classes in Fall 2001. The second phase, funded with both state and local bonds, will be ready for occupancy beginning in Fall 2005. When completed, the Folsom campus, equipped with the latest technology, will have over 500,000 square feet of instructional classrooms, laboratories for science, art, interdisciplinary studies, and computer sciences, faculty and staff offices, performing arts complex, bookstore, cafeteria, physical education facilities, and a community center. The transformation of an education center that began in 1993 in portables is fast becoming a reality for hundreds of employees and citizens throughout this region.

The new college combines the most successful educational strategies practiced throughout the United States and makes student learning the institutional focus. The college is committed to excellence in education in a student-centered environment where quality higher education is combined with individualized attention. A professional faculty and staff are readily available to meet students’ educational needs. All of these activities are based on a framework of principles and values. The framework includes the Los Rios Community College District’s values and the college’s vision and mission.

- Provide opportunities for lifelong learning and professional growth and development through the college-wide community.
- Provide a comprehensive student support program that will promote the success of all students.
- Create and maintain a cooperative environment that reflects and honors the diverse backgrounds, perspectives, abilities and interests of individual students and our communities.
- Facilitate a cooperative community relationship by working in partnership with schools, colleges and universities, community groups, local government, business and industry.
- Provide an innovative educational environment.

Folsom Lake College Vision Statement

Folsom Lake College is a learning community committed to pursuing excellence and inspiring student achievement. We provide quality educational programs and services to enrich and empower students to reach their full potential as informed and productive members of the community. We are an educational organization that embraces change, values diversity, and focuses on creativity, skill building and personal enrichment.

El Dorado Center

The El Dorado Center of Folsom Lake College was established in 1965 as a state-funded education center and was located in several portable buildings on El Dorado County land next to the county fairgrounds. Because of the continued enrollment growth at the center, and the keen interest and desire of the citizens of the Greater Placerville area to have a permanent community college center in Placerville, the Los Rios Community College District Board of Trustees authorized the purchase of approximately 19 acres of land from the El Dorado Board of Education. The site was approved by the California Community Colleges and the State of California for a permanent site in 1988. Construction of the first phase of permanent facilities was completed in the spring of 1994 and opened for classes in August 1994. A physical education building was completed and opened for classes in January 1999. An additional parking lot opened in fall of 2003. A second instructional building will be available for occupancy by Spring 2006.

The El Dorado Center serves the educational needs of those working and living in the El Dorado and Placer county areas. More than 2,500 students attend the El Dorado Center. The facility has state-of-the-art science labs and a fitness center, and has been recognized with a statewide architectural award of excellence. The center offers a full range of transfer and vocational programs as well as student support services. The center is well positioned to meet the educational needs of the area’s growing population.

Rancho Cordova Center

The Rancho Cordova Center, an outreach center operated by Folsom Lake College, is located just minutes south of Highway 50 and 10 miles east of downtown Sacramento. The center was developed in response to the growing number of residents in this service area. The center offers a comprehensive English as a Second Language curriculum, as well as a range of general education, computer science and business courses. Alternative course delivery options, including online and televised courses, are available. The center also provides a variety of support services to assist students in achieving their educational goals.

Los Rios Community College District (LRCCD)

Folsom Lake College is one of four community colleges within the Los Rios Community College District. The Los Rios District was founded in July 1965 when voters in ten separate school districts covering five counties opted to consolidate. The election established a regional community college district of 2,400 square miles and brought together, under one governing board, the then-existing Sacramento City and American River colleges. Currently the district enrolls nearly 80,000 students throughout Sacramento and El Dorado counties and parts of Yolo, Placer, and Solano Counties.
About Our Programs

Folsom Lake College is a publicly supported and locally oriented college that offers programs for associate degrees and transfer to a four-year college, career education programs, remedial or basic skills programs for students who lack a strong educational background, and continuing education for cultural growth, life enrichment, and skills improvement. FLC is committed to providing the highest quality instructional programs in transfer, vocational, and general education, using the best of current or emerging instructional methods and technologies. The college promotes flexible teaching and learning methods to support the success of its diverse student population in attaining educational and career goals.

Associate Degrees and Certificates

Folsom Lake College offers training needed to qualify students for a well-paying job with room for advancement. Students majoring in a two-year curriculum and planning to graduate with an Associate in Arts or Science degree must complete the general education requirements. Certificate programs have been developed to assist those already employed in business and industry or those who desire to upgrade their skills or acquire special training. Career vocational programs are offered in many areas that employers need. Areas of vocational (occupational) education include technical trades, health occupations, business and finance, computer sciences, law enforcement, landscaping trades, and many others. The college has up-to-date equipment, facilities, and professors who are experts in their fields.

General Education

General education courses are those classes that cover a wide range of disciplines. The college is committed to the principle of providing a broad general education that includes: Natural Science, Social and Behavioral Sciences, Humanities and the Arts, and Language and Critical Thinking. The college continues to offer other courses that enhance lifelong learning and prepare students for the needs and demands of everyday life. All of these skills help create a balanced life in a democratic society that is diverse in its social, cultural, and educational backgrounds.

Transfer Education

The college offers courses that meet lower-division (first two years) requirements of a four-year college or university. The college staff is continually developing lower-division educational programs that parallel the first- and second-year courses of four-year colleges and universities.

Advanced Education for High School Students

The college may allow eligible high school students aged 16 years or older to enroll in up to 6 units or 2 courses for advanced educational enrichment with the recommendation of their school principal/counselor, parent/guardian, and college advisor/counselor. These advanced education students are exempt from enrollment fees but not from books/materials/Access Card costs. Fees for non-residents still apply. The Advanced Education Application must accompany the college registration process. Students interested in this program should first contact their local high school counseling center.

Basic Skills Education

Courses designed to assist students who need to strengthen the basic skills of reading, writing, speaking, and analyzing are offered in several non-degree applicable programs.

Community Education

These programs are designed to respond to community needs and expectations with auxiliary programs such as: credit and non-credit classes, workshops, lecture and film series, concerts, art exhibits, television courses, continuing education courses, community services classes, and specially funded projects.

Continuing Education

In its commitment to lifelong learning, the college offers courses that are responsive to the varied needs of anyone interested in pursuing academic experiences in an educational setting.

Contract Education/Contract Training

Customized training and education for employers and their employees in the Sacramento area are offered by FLC in collaboration with the LRCCD Training Source. Contract courses are scheduled at any time throughout the year and vary from a single workshop to a series of classes provided over a few weeks or months. The Training Source also conducts on-site college credit and degree programs, customized instruction for an employer’s assessed training requirements, as well as performance consulting. Since 1985, the Training Source has provided training to more than 58,000 Sacramento-area employees, including Intel, Bank of America, Aerojet General, SMUD, and many state and local public agencies and school districts. To arrange for specific educational training for your organization, contact the Training Source at (916) 563-3230. The Training Source is located at 1410 Ethan Way in Sacramento, by Cal Expo.

Innovative Teaching and Learning

With an Innovation Center dedicated to the development and implementation of innovative teaching and learning approaches, the college demonstrates its commitment to meeting the various learning needs of its diverse student body. Folsom Lake College provides continued professional development for faculty, classified staff, and administration.

Greater Sacramento Small Business Development Center (SBDC)

The Greater Sacramento Small Business Development Center offers personalized business counseling in: Business Management, Finance Resource, and Marketing Strategy. To make a confidential appointment, call the SBDC at (916) 563-3210, email info@sbdc.net or visit www.sbdc.net. The SBDC is located at 1410 Ethan Way in Sacramento, between Hallmark and Hurley.
North/Far North-Regional Environmental Business Resource and Assistance Center (N/FN-REBRAC)

The North/Far North-Regional Environmental Business Resource and Assistance Center (N/FN-REBRAC) was established to provide environmental education and assistance to businesses, college faculty, individuals, and public agencies with the goal of decreasing the costs associated with: hazardous material and waste management, controlling air and wastewater emissions, maintaining a safe work environment, and the consumption of water and energy. Services include: client, student and faculty training, dissemination of technical information, referrals to service providers, and research into creative Environmental Health and Safety (EH&S) procedures and financial support options for EH&S equipment purchases. For more information call (916) 563-3241 or (800) 614-0000, or visit rebrac.losrios.edu.

Student Development Programs And Services

As a community-based institution, the college strives to be responsive to the educational needs of growing communities of the Greater Sacramento region. To meet the challenges of population growth, we explore new delivery approaches to provide a high level of access to education. We also provide comprehensive support services to ensure access by reducing or eliminating significant barriers and by promoting diversity. We are committed to ensuring that students from a wide variety of backgrounds have an equal chance to achieve their educational goals.

Student Access

Folsom Lake College, as a member of the multi-college Los Rios Community College District, endorses the open door policy of the district. As a multi-cultural institution, our academic programs and services are open to all persons without regard to race, color, marital status, religion, national origin, age, gender, sexual orientation, physical or mental disability, or veteran status.

Equal Opportunity: FLC is committed to identifying and modifying any action that may alienate individuals and groups from each other. To do this, the college has:

- Established varied programs and services that ensure equal opportunities for women, minority, low-income, disabled, and disadvantaged students to succeed in all areas within the college program;
- Assured equal opportunity for ethnic minorities, disabled persons, and women in the areas of employment, promotions, and assignments; and
- Implemented programs to increase understanding and sensitivity among members of the majority group to the rising aspirations and occasionally unique needs of minority groups.

Open Courses: Folsom Lake College places an emphasis on providing both general education and high quality occupational/technical programs and is committed to offering day, evening, weekend, and summer courses. The policy of this District is that, unless specifically exempted by statute or regulation, every course, course section, or class reported for state aid, wherever offered and maintained by the District, shall be fully open to enrollment and participation by any person who has been admitted to the college(s) and who meets such prerequisites as may be established.

Accreditation

Folsom Lake College is accredited by the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges, an institutional accrediting body recognized by the Council of Higher Education Accreditation (CHEA) and the U.S. Department of Education. The El Dorado and Rancho Cordova Centers are fully accredited under Folsom Lake College.
Admission Requirements and Matriculation Procedures

Matriculation

Matriculation is a program designed to successfully transition students into the college environment through efficient admissions procedures, and facilitate their success in accomplishing their educational and occupational goals. It is an agreement between the college and the students formulated on student success and achievement.

Folsom Lake College agrees to provide an organized process of admissions, assessment and testing, orientation, counseling, and student progress follow-up. The students agree to: declare a specific educational objective, attend class regularly, complete assigned course work, and maintain satisfactory progress toward the achievement of their educational plans.

The following services are designed to ensure that community college students receive every opportunity to enroll at the college and achieve their educational goals.

Admission Eligibility

Admission is open to any high school graduate (or equivalent) or non-high school graduate 18 years of age or older. High school students eligible for Advanced Education enrollment may enroll in up to two (2) courses or less than seven units of credit for any given semester.

Determination of Residency

California state law requires that each student enrolled in or applying for admission to a California Community College provide proof of his/her residence classification.

The statutes regarding residence determination are found in Sections 68000-68090 and 76140 of the Education Code, Sections 54000-54072 of the California Administrative Code, and in the regulations of the Los Rios Community College District. These regulations are available in the Admissions and Records Office of the college and are subject to the interpretation of the college.

The California residency requirement has two parts, Act and Intent. To claim residency a student must have lived in, and shown intent to reside in, California by one or more of the following acts of intent:

- Paying California income taxes;
- Possessing a valid California driver’s license;
- Registering and voting in the state;
- Owning and registering a car in California; and/or
- The absence of these ties with another state or country.

Concurrent with these acts of intent, physical presence in the state for one year prior to the first day of the semester is needed to establish California residency in the District. Because the residency requirement is complicated, students with questions should contact the Admissions and Records Office for more information.

Non-Resident Student: A student classified as a non-resident will be required to pay out-of-state tuition, which is set by the Board of Trustees of the Los Rios Community College District. Under Assembly Bill 540, some non-resident students, who are U.S. citizens, may be eligible for a waiver of non-resident tuition fees. Interested students should contact the Admissions and Records Office to discuss eligibility. Qualified students are still responsible for the PER UNIT general enrollment fee.

Information regarding tuition fees and refunds is found in the “Schedule of Fees” and “Fee Refund” sections of this catalog.

Undocumented Alien: Under Assembly Bill 540, a student (non-U.S. citizen) who is residing in the United States without official authorization from the U.S. Immigration and Naturalization Service (INS) may be eligible for a waiver of non-resident tuition fees. Interested students should contact the Admissions and Records Office to discuss eligibility. Qualified students are still responsible for the PER UNIT general enrollment fee. All inquiries are strictly confidential, and the student’s information is not reported to the INS.

Incorrect Classification: Non-resident students who have falsified information and enrolled without paying their fees will be excluded from classes upon notification. Written notification may be given at any time. These students will not be readmitted during the semester or summer session from which they were excluded, nor shall they be admitted to any following semester or summer session until all previously incurred tuition obligations are paid. If a student is erroneously determined to be a non-resident and a tuition fee is paid, the fee is refundable provided acceptable proof of state residence is presented within the period for which the fee was paid.

Application Process

New or returning students must complete and submit an application before registering for classes. There are two ways to use the Web to apply for enrollment at a Los Rios college. Applications may be filled out online or downloaded, printed and returned to the Admissions and Records department at any Los Rios college or outreach center. An online application may be submitted to any of the district’s colleges. All of the Los Rios colleges—Folsom Lake, American River, Cosumnes River, and Sacramento City—use the same application. By submitting one application, you can enroll in classes at any of the four colleges.

Applications may also be obtained through the Admissions and Records Office. If you have further questions, or if you’d like to talk to someone about the community college experience, contact the college’s counseling office to make an appointment.

International Student Admissions

Folsom Lake College welcomes international students from all over the world. Students who enter the U.S. on a non-immigrant visa are considered international students; however, there are different attendance requirements for each visa type. FLC is approved by the Immigration and Naturalization Service (INS) to issue the I-20 for the F-1 visa.

An international student must be enrolled in at least 12 units and must maintain a C (2.0) grade point average at all times, in order to be certified as a full-time student with the INS. The International Student fee per unit is $193 per unit. A health insurance policy or equivalent medical protection for international students is required. In addition, the college requires the results of a current tuberculosis skin test.

Assessment and Testing

The assessment process is a combination of counseling, evaluating prior school transcripts, testing, and identification of career and educational goals — designed to facilitate student success. All students are encouraged to take the English, Math, and/or ESL placement test before enrolling in classes. New and continuing students should refer to the current assessment schedule (at www.flc.losrios.edu) for test dates or contact the Assessment Office. Students who have tested at another community college outside the Los Rios Community College District must retest; students who have earned an Associate (or higher) degree and have attended a community college outside the Los Rios Community College District must retest; students who have earned an Associate (or higher) degree shall consult with a counselor for assistance with course selection. Students with special testing needs must contact the Assessment Office in advance.

Orientation

Attending an orientation is the best way to begin your college experience. The orientations are designed for your successful transition to college. Orientations include a tour of the campus, an overview of assessment results, graduation and transfer requirements, financial assistance, student rights and responsibilities, helpful advice on reading the schedule of classes and college catalog, registration procedures, and discussion of student expectations.

New students who participate in orientation, assessment, and counseling will be allowed to register early during Priority 1 Registration. The orientation schedule is available at www.flc.losrios.edu or by contacting the Assessment Office.

Counseling and Follow-Up

Counseling is available through Folsom Lake College, El Dorado, and Rancho Cordova Centers by appointment. All new students are encouraged to meet with their counselors at least once during their first semester. Counseling appointments include discussion of academic and career goals, graduation and transfer requirements, evaluation of assessment results, and development of individualized student education plans. Students are encouraged to see their counselor regularly.

(Requirements for I-20 Issuance continued)

1. Evidence of English Proficiency:
   a. Official TOEFL test result of 450 minimum (written) or 133 (computer based), or;
   b. FLC ESL assessment exam (you can access this schedule online at www.flc.losrios.edu (go to Student Services link).
2. Financial Support:
   Official bank letter/BCIS affidavit of support in the exchange rate of $14,500 U.S.
3. Educational History:
   a. 1 official high school diploma/transcript showing graduation, or;
   b. 1 official college transcript (non-English documents must be accompanied by translated copies).
4. International Student SEVIS Enrollment form completed.
5. Los Rios online application (or download paper application)
6. $50 non-refundable application fee payable to FLC in the form of a check, money order, or cashier’s check.
7. Certification of negative tuberculosis skin test:
8. Evidence of Health Insurance.

For more information, contact the Admissions & Records office at (916) 608-6500.

Schedule of Fees

At the time of publication of this catalog, the following fees are in effect (all fees amount subject to change):

General Enrollment Fees: All students must pay a general enrollment fee of $26 PER UNIT. The California Community College Board of Governors provides a waiver of fees for qualified students (see Financial Assistance section in this catalog).

Note: General Enrollment Fees are subject to change as they are set by the State Legislature. Students who have registered for classes prior to any increase may be billed for the additional amount. Fees are due and payable at time of registration.

Non-Resident Tuition: Students classified as non-residents (see “Determination of Residency”) are required to pay a $177 PER UNIT tuition fee, plus the PER UNIT general enrollment fee.

International Student Capital Outlay Fee: International students who are both a citizen and resident of a foreign country will be assessed a $193 PER UNIT tuition fee.

Instructional Material Fees: Instructional material fees for designated courses may be assessed in accordance with Title 5, Section 59400 and District Policy 2253.

Student Representation Fee: A mandatory representation fee of $1 per student per semester (excluding summer session) has been established by an election held on May 21-22, 1991. Under the provision of California Education Code, section 76060.5 and the California Administrative Code sections 54801-54805, the students established the representation fee by a two-thirds majority of students voting in the election.

Use of Student Representation Fee: The money collected from the student fee shall be expended to provide support for students or representatives who may be stating their positions and viewpoints before city, county, and district government, and before offices and agencies of the state and federal government.

Right to Request a Refund: The fee is mandatory; however students have the right to request a refund for religious, political, moral, or financial reasons. To request a refund the student must fill out a form available in the Admissions and Records Office.

Universal Transit Pass Fee/Student Access Card: Students approved a Universal Transit Pass (UTP) fee that allows students to use all public transit bus and light rail systems in Sacramento, Yolo, Folsom, El Dorado and Elk Grove at a greatly reduced rate. Your Student Access card is your transit pass and it is good seven days a week from August 1 through December 31 and from January 1 through May 31. This is an incredible bargain.

Here’s how it works:

- The UTP fee is charged when a student registers for classes. The fee is $5 per semester for less than six units; $10 per semester for 6 to
11.9 units; and $15 per semester for 12 units or more. The fee is not charged for the Summer Session.

- The fee is refundable if a student drops courses within the fee refund period. A fee of $5 will be withheld from the refund if a Student Access card has already been issued to the student.

- The fee is waived for students receiving BOG fee waivers; students enrolled in the Criminal Justice Training Consortium; students enrolled in Apprenticeship programs; and those UC Davis students taking classes on the UC Davis main campus.

- Students can get their Student Access card beginning August 1 for the Fall semester and January 3 for the Spring semester. To get the card, students should bring a photo ID and proof of payment for the semester (this can be printed from eServices or obtained from the college Business Office) or a copy of their BOG fee waiver and proof of enrollment. For your card to be valid, it must have the current semester sticker attached.

For the latest information on the Student Access Card, go to the District home page at www.losrios.edu.

**Parking Fees:** All students wishing to park a motorized vehicle on campus will be subject to parking fees. A semester parking permit (decal) may be purchased in Admissions and Records or a daily parking ticket may be purchased from machines located in various parking lots. The parking costs are:

**FALL/SPRING SEMESTER**
- Auto $30
- Auto (Student w/BOG Waiver) $20
- Motorcycle $15
- Daily parking permit $1

**SUMMER SESSION**
- Auto $15
- Motorcycle $8
- Daily parking permit $1

The daily parking ticket will be available for automobiles - not recommended for motorcycles.

Vehicles not having a valid parking decal or daily parking ticket properly displayed will be issued a parking citation (LRCCD R-2252). If a parking decal is lost or stolen, a new decal must be purchased at full price. If a vehicle is sold or damaged (i.e., windshield replaced) during the effective term of the decal, a replacement can be issued for $2.00 if the proof of sale or repair of vehicle and the old decal (decal number intact) are submitted to the Admissions and Records Office.

For additional parking/traffic information, please see the Safety and Security section.

**Fee Refunds**

It is the responsibility of the student to apply for a fee/tuition refund. To be eligible for processing, the student must:

- Drop his/her classes using TES (the telephone enrollment system), using eServices online at www.flc.losrios.edu, or in person at the Admissions and Records Office within the first ten days of instruction for full semester (18-week) courses and through the fifth day of instruction for short-term (greater than 1 day but less than 18 weeks) courses. Classes that meet only once each week should be dropped before the second class session.

- Submit a refund request form to the Admissions and Records Office no later than the last day of the semester or session currently being completed.

For all semester-length courses, enrollment, tuition, and international capital outlay fees are 100% refundable through the tenth day of instruction. Short-term courses are 100% refundable through the fifth day of instruction. Prorated refunds are not available under current legislative law. Application and installment payment plan fees are not refundable.

**Parking Fees** are 100% refundable only through the tenth day of instruction for semester and the fifth day of instruction for summer session. To be eligible for a refund, the parking decal must be attached to the refund request form and submitted to the Admissions and Records Office within the first ten days of instruction for 18-week courses and through the fifth day of instruction for short-term (greater than one day but less than 18 weeks) courses.

**Debts Owed to the College**

Should a student or former student fail to pay a debt owed to the institution, the institution may withhold permission to register, to use facilities for which a fee is authorized to be charged, to receive services, materials, food or merchandise or any combination of the above from any person owing a debt until the debt is paid (see Sections 42380 and 42381 of the Title 5, California Code of Regulations). If a student believes he/she does not owe all or part of an unpaid obligation, the student should contact the Admissions and Records Office.

**Federal Education Tax Credits**

(Hope Credit and Lifetime Learning Credit)

Students or parents of dependent students and independent students may be able to obtain federal tax credits for enrollment fees if enrolled in at least 6 units during any semester or summer session, and meet the other conditions prescribed by federal law. The District Office will automatically mail an IRS form 1098 to each student so the student can claim any credits on their federal tax return.

If the 1098 form should be sent to the parent instead, please contact the college Admissions and Records Office for the appropriate forms in which to make this change. If choosing this option, provide the parent's full name, social security number, and mailing address. This change must be made prior to December 31. The District Office will then send 1098 forms to the parent for all future years, unless directed otherwise by the student no later than December 31 of any given year. More information on the Hope Credit or Lifetime Learning Credit is available by obtaining a copy of IRS Publication 970 or the IRS website: www.irs.gov/
College and Academic Regulations

Unit of Work
College work is measured in terms of the semester “unit.” In recitation-lecture courses, one hour in the classroom and two hours of study preparation per week constitute a unit of work. In the laboratory, three hours in the classroom per week with no outside study constitute one unit of work. Students can find the number of units of credit with each course description.

Unit of Credit
College credit is measured in terms of the “unit.” One unit is earned by performing three hours of work per week for one semester. Three hours may be spent entirely in the classroom, or partially in the classroom and the remainder in outside study. In recitation-lecture courses, one hour in the classroom and two hours of study preparation per week constitutes one unit. In the laboratory, three hours per week with no outside study constitutes one unit.

Unit Limitation
Eighteen (18) units per semester is a maximum load. A petition to exceed the maximum load should be submitted in writing to the Admissions and Records Office prior to registration. Students planning to carry more than 18 units must confer with their counselor.

A student is: if enrolled in:
| Part-time | fewer than 12 units |
| Full-time | 12 or more units |

A student is a: upon completing:
| Freshman | fewer than 30 units |
| Sophomore | 30 or more units |
| Graduate | requirements for an Associate degree, or a higher degree by a recognized collegiate institution |

Note: During the summer session, a student carrying six (6) units is considered full-time.

Grades and Grade Point Averages
At the end of each semester or summer session, a report of academic performance is made for every course undertaken. The grading standards, with their grade point equivalents, are as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Grade Point Per Unit</th>
</tr>
</thead>
<tbody>
<tr>
<td>A – Excellent</td>
<td>4</td>
</tr>
<tr>
<td>B – Good</td>
<td>3</td>

<tr>
<td>C – Satisfactory</td>
<td>2</td>
</tr>
<tr>
<td>D – Passing, less than satisfactory</td>
<td>1</td>
</tr>
<tr>
<td>F – Failing</td>
<td>0 (grade points, no units earned)</td>
</tr>
</tbody>
</table>

CR – Credit
Not computed in GPA, but (C or better) affects progress probation and dismissal

NC – No Credit
Not computed in GPA, but (less than C) affects progress probation and dismissal

I – Incomplete
Not computed in GPA, but affects progress probation and dismissal

RD – Report Delayed
Not computed in GPA, but affects progress probation and dismissal

W – Withdrawal
Not computed in GPA, but affects progress probation and dismissal

Credit-No Credit Grading (CR/NC)
A student may elect one course per semester to be graded on a Credit or a No Credit basis. A request card must be filed with the Admissions and Records Office for this option prior to the deadlines published in the class schedules. The equivalent of an “A”, “B” or “C” received for the course will be recorded as “CR”, with units earned. The equivalent of “D” or “F” will be recorded as “NC”, with no units earned. Units attempted for Credit-No Credit grades are not computed in the grade point average, but are used for determining Progress Probation and Progress Dismissal (see Probation and Dismissal information).

A maximum of 15 credit units may be applied toward the Associate in Arts or Science degree.

Once elected, the Credit-No Credit grade may not be changed to a letter grade (“A”, “B”, “C”, “D”, “F”) assigned by the instructor.

Incomplete Grading (I)
An incomplete grade, “I”, may be assigned by the instructor when, in the judgment of that instructor, the student is unable to complete the course requirements before the end of the semester due to unforeseeable, emergency, and justifiable circumstances. To receive credit for the course, the incomplete work must be finished no later than one year from the end of the semester in which it was assigned. A final grade will be assigned when the incomplete work has been finished and evaluated, or when the time limit for completing the work has elapsed. A student receiving an incomplete may NOT re-enroll in the course. A student may petition for a time extension due to extenuating circumstances.

Withdrawal from Class or the College (W)
A student may withdraw from full-semester classes without a notation being placed on the permanent academic record if the withdrawal is submitted to the Admissions and Records Office prior to the end of the fourth week of classes. Withdrawals, between the beginning of the fifth week and the last 25% of semester courses, will be noted on the permanent academic record as “W”, providing that the withdrawal is submitted to the Admissions and Records Office and the instructor is notified.

A “W” is used for determining progress probation and progress dismissal. No withdrawals are permitted during the last 25% of a course. Under extenuating circumstances (verified cases of accident, illness, or other circumstances beyond the control of the student), a
student may petition for withdrawal during the last 25% of a semester course. After consultation with the instructor and with administrative approval, such withdrawal may be recorded as a “W”. Withdrawal deadlines for courses of less than a semester in length (6-week, 9-week, etc.) are shown in the class schedule.

Students may drop classes three different ways: online using eServices, TES (Telephone Enrollment Services), or in person (with submission of Add/Drop Request form).

Military Withdrawal: Military withdrawal occurs when a student who is a member of an active or reserve U.S. military service receives orders compelling withdrawal from courses. Upon verification of such orders, a withdrawal symbol may be assigned at any time during the semester. Contact the Admissions and Records Office for more information.

Leave of Absence: Students may petition for a leave of absence from the college in order to maintain catalog rights to a specified degree requirement option. A leave of absence may be granted for verified medical or military situations or religious obligation that prevent the student from attending classes in any college session in a calendar year. A leave of absence shall be limited to two successive calendar years.

Attendance

The college assumes that students will attend every session of a class for which they are registered. If, however, attendance is irregular, students may be dropped from a particular class. It is nevertheless the responsibility of the student, and not the instructor, to process a class drop by using TES (Telephone Enrollment Services), online using eServices at www.flc.losrios.edu or in person. Excessive absence is defined as exceeding ten percent (10%) of the total hours of class time. For attendance purposes, the college regards a laboratory session as the equivalent of one class meeting.

Students who are not present at the first class meeting may be dropped by the instructor as a “No Show.”

Students may appeal for reinstatement in a class from which they have been excluded because of excessive absences by contacting their instructor.

Veterans who drop below the number of units required by the Veterans Administration for any reason during a semester, including being dropped from a class for excessive absences, will lose part of their government assistance allowances.

Auditing Courses

Folsom Lake College does not permit auditing, which is defined as attending a course or courses without completing the registration process.

Academic Honors

Each semester, honors may be earned by students enrolled in 12 units or more, nine (9) of which must be graded on a letter grade basis exclusive of Credit (CR). Students will be placed on the Honors List if they earn a grade point average of at least 3.0. If they earn a grade point average of 3.5 or better they will be placed on the Highest Honors List.

Honors at Graduation

Students who maintain a high scholarship average are eligible for honors at graduation. Students who maintain a scholarship average of 3.5 or better are eligible for graduation with highest honors, and students who maintain a scholarship average of 3.0 or better are eligible for graduation with honors. The published lists of students are compiled from the data available at the time of publication and may be subject to subsequent revision.

Valedictorian

It is the intention of this college to honor those students with the highest scholastic standing, and from those will be selected an individual to deliver a speech known as the valedictory address to his/her fellow classmates on behalf of them. It shall be the policy of this college to select a valedictorian for each commencement exercise. To be eligible for valedictorian, the following criteria must be met:

The valedictorian will be the student with the highest grade point average by the end of the previous fall semester. Grade point average (GPA) will be computed by dividing the total number of grade points by the units attempted within Los Rios Community College District and transferable courses taken outside of Los Rios. The candidates must be in good standing.

Notification of the valedictorian(s) will be made by the college in early April. If a tie exists for valedictorian, there will be shared valedictorians. Valedictorians will be honored in alphabetical order.

The valedictory address will be delivered by the individual selected through a process governed by the Associated Student Government, the Matriculation/Student Success Committee, and upon approval of the College President or his/her designee.

Probation

There are two types of probation: academic and progress:

Academic Probation: A student who has attempted at least 12 units is placed on Academic Probation if the student has earned a grade point average below 2.0.

Progress Probation: A student who has enrolled in a minimum of 12 semester units is placed on Progress Probation when “W,” “I,” and “NC” grades are recorded in one half or more of all units in which a student has enrolled.

Unit Limitation: A student on either Academic or Progress Probation may be limited to 12 units plus a physical education activity course, or to a maximum load recommended by the student’s counselor.

Removal from Probation: A student on Academic Probation is removed from probation and achieves good standing when the student’s cumulative grade point average is 2.0 or higher.

A student on Progress Probation is removed from probation and placed in good standing when the “W,” “I” and “NC” units drop below one half.

Any changes or updates to Los Rios Board policy can be obtained at this website: www.losrios.edu/legal/GCpolreg.htm
Dismissal

**Academic Dismissal:** A student on Academic Dismissal is subject to dismissal if the student earns a cumulative grade point average of less than 2.0 in all units attempted in each of three consecutive semesters.

**Progress Dismissal:** A student on Progress Dismissal is subject to dismissal if one half or more of the units in which the student has been enrolled have recorded entries of “W”, “I” and “NC” in at least three consecutive semesters.

**Appeal Option:** A dismissed student may appeal to the Dean of Student Development and Enrollment Management for permission to enroll if the student feels that extenuating circumstances caused the dismissal. It is the student’s responsibility to detail those circumstances in writing on a petition for readmission after dismissal and meet with a counselor.

Any changes or updates to Los Rios Board policy can be obtained at this website: www.losrios.edu/legal/GCpolreg.htm

**Academic Renewal without Course Repetition**

Previous substandard work (“D” or “F”) earned at Folsom Lake College may be discounted at the student’s request if it meets certain criteria. Courses and grades that no longer reflect the student’s current educational objective and current level of academic success may upon petition be discounted in the computation of the grade point average. The following conditions must apply:

- No more than 30 units of substandard grades may be discounted.
- A minimum of 12 units must be earned with “C” grades or better at any Los Rios college.
- A minimum of three semesters must have elapsed between the time the substandard grades were earned and the 12 units of “C” or better grades were earned.
- Current educational objectives must be discussed with a counselor, whose recommendation must be included on the petition.
- Under no circumstances may coursework be discounted if it has been granted to fulfill degree requirements.
- All grades will be recorded on the student’s permanent record and transcripts. Specific grades that have been discounted from the grade point average will also be noted on the transcript.
- Once elected, Academic Renewal cannot be reversed.

**Course Repetition**

Generally, each course may be taken only once. There are five exceptions:

- A student may repeat, only once, a course that was taken in which a substandard grade was received. A student may not repeat a course in which he/she earned an Incomplete. Substandard grade is defined as “D”, “F”, or “NC.” The grade and credits earned in the second enrollment shall be used exclusively in determining the grade points earned for that particular course.
- The college finds that the student’s previous grade is, at least in part, the result of extenuating circumstances. Extenuating circumstances are verified cases of accidents, illness, or other circumstances beyond the student’s control. Grades awarded for courses repeated under this circumstance shall not be counted when calculating a student’s grade point average.
- The college recommends that a student repeat a course because there has been a significant lapse of time since the student previously took the course. Grades awarded for courses repeated under this circumstance shall not be counted when calculating a student’s grade point average.
- Courses designated as “repeatable” are those listed as such in the college catalog and are designed to enhance students’ skills or performances through supervised repetition.
- Students may repeat courses needed to meet a legally mandated training requirement as a condition of continued paid or volunteer employment.

**Transcripts**

Any coursework completed prior to Summer 2003 will be reflected on a Cosumnes River College official transcript. Coursework completed at FLC beginning Summer 2003 will be reflected on an FLC official transcript.

**Catalog Rights**

Catalog rights is basically a guarantee that a set of requirements may be followed and completed even though new requirements may be added before graduating.

Students who maintain continuous enrollment in at least one regular semester of a calendar year (Spring, Summer, or Fall) at Folsom Lake College or at any other college or university, for the purpose of meeting Associate Degree or Certificate requirements, may elect to meet the requirements in the FLC catalog in effect at the time of first enrollment or at the time of graduation from FLC or its centers.

Students who maintain continuous enrollment in at least one regular semester at Folsom Lake College or another California Community College or a California State University per calendar year, for the purpose of meeting transfer general education/breadth requirements, may elect to meet the requirements in the FLC catalog in effect at the time of first enrollment or at the time of transfer to a California State University.
Final Examinations
The college requires final examinations in all courses. The college publishes a time schedule for final examinations early in each semester so students may be notified in sufficient time regarding the examination schedule.

Change of Address/Name
Students must report a change of address immediately to the Admissions and Records Office (or submit the change online via eServices at www.losrios.edu). Folsom Lake College cannot be responsible for misdirected mail if the address change is not provided by the student.

Requests to have a student’s name changed are submitted directly to the Admissions & Records Office. In order for this type of request to be processed, documentation (such as marriage license, court documents, or naturalization papers) is required in order to verify a legal name change.

Students can submit birth date and social security number corrections to the Admissions & Records Office along with proper documentation (official birth certificates, social security verification, etc.). Contact the Admissions & Records Office for additional information.
In addition to regularly scheduled credit classes, students may receive college credit for participation in the following alternative credit and study options:

**Advanced Placement Tests**

Folsom Lake College grants credit towards its degrees for examinations successfully completed through the College Board Advanced Placement (AP) program. A student who meets the following requirements may receive credit for exams successfully passed:

- Be currently enrolled in a course other than the one in which the student is petitioning for Advance Credit.
- Be in good standing, which is defined as having completed at least 12 units of credit classes and having a 2.0 GPA.

These requirements may be waived by petition under special circumstances. A maximum of 15 units may be earned by examination. AP scores may be requested from Educational Testing Service (ETS) and must be sent to Folsom Lake College to receive credit. Exams passed with an acceptable score will receive three (3) semester units of credit, except where otherwise noted. The student should be aware that there is no guarantee that an individual transfer institution will accept these scores. Students should see their counselor for further information on particular transfer institutions’ policies. To request scores write: AP Exams, PO Box 6671, Princeton, NJ 08541-6671 or call (888) 225-5427.

Credit/units will be used when evaluating an A.A. or A.S. degree, but grades are not awarded. Credit *may not* be posted to the FLC transcript for courses that duplicate the credit already allowed for AP exams. **Students are encouraged to meet with a counselor for more information.**

Credit may vary from year to year as requirements and AP exams change. Scores of 2 or less are not granted units in any of the areas. The following English credit guidelines indicate the credit likely to be given and are subject to change.

For English, passing the Advanced Placement Language and Composition test with a score of 4 or higher will earn the student credit for English Writing 300. Passing the Literature and Composition test with a score of 4 or higher will earn the student credit for English Writing 301, with the proviso that if only the Literature and Composition is passed, credit will not be extended until the requirements for English Writing 300 have been met. If both the Lit/Comp and the Lang/Comp are passed with a 4 or higher, six units of credit will be awarded.

**College-Level Examination Program (CLEP) – General Examination**

After completing 12 units at Folsom Lake College or its centers, a student in good standing may submit scores on General Examinations, from the College Level Examination Program (CLEP) to the Admissions and Records Office for college credit evaluation. A maximum of 30 units of credit may be granted toward completion of the general education requirements with the exception of the English requirement. No credit is granted for CLEP Subject Examinations. Scores must be at least in the 50th percentile. Students should be aware that some two-year and four-year colleges have the right to accept, modify, or reject the CLEP units. Students should meet with a counselor for more information on the CLEP.

**Credit by Examination**

A student who meets the following requirements may take an examination to establish credit (these requirements may be waived by petition under special circumstances):

- Completed 12.0 units at Folsom Lake College with a minimum GPA of 2.0.
- Be currently enrolled in a course other than the one in which the student is petitioning for Credit by Examination.
- Be in good standing (not on academic or progress probation).
- AND qualified by experience or previous training.

A maximum of 15 units may be earned through Credit by Exam. Credit by examination is not applicable to all courses. Eligibility for Credit by Exam is **NOT** permissible under the following situations:

- Student has completed or enrolled in a more advanced course, which follows this course in sequence.
- An examination for the same course was previously taken and not successfully passed.
• Examination would duplicate coursework for which credit was granted previously.
• Student does not meet the prerequisite or corequisite for the course.

Any student wishing to qualify for Credit by Examination must initiate a request for such credit with the appropriate instructor. If a Credit by Examination is approved, the examining instructor will determine the scope and form of the test to be taken by the student.

Students who pass the examination will receive credit (CR notation) which the college identifies under the notation “Credit by Examination” on the transcript. Students will be charged the appropriate per unit fee for units granted through the credit by examination process. Fees are waived for students covered under formal articulation agreements.

Appropriate Credit by Examination fees must be paid when the petition for Credit by Examination is submitted. For California residents, this is equivalent to the general enrollment fee. Nonresident and international students must also pay the appropriate nonresident or international student tuition.

The college does not include this pass grade in computing the student’s grade point average.

Please note that some 4-year colleges and universities do NOT accept units granted through Credit by Examination. Students are encouraged to meet with a counselor for more information.

Credit for Military Service

Credit for military service is granted upon presentation of papers showing honorable discharge from and active duty of one year or more in the United States armed forces. A veteran may receive four (4) units of elective credit by submitting a copy of the DD214 separation papers and a petition. Under rare circumstances, veterans may also receive credit for satisfactory training completed in service school.

After enrolling at FLC, a veteran may apply for evaluation of military service experience for college credit. A copy of the veteran’s DD214 separation paper MUST be submitted at the Admissions and Records Office and a petition completed after the first semester of attendance. Credit granted for military service is based on A Guide to the Evaluation of Educational Experiences in the Armed Services, published by the American Council on Education. Credits will be posted on transcript after 12 units are completed at FLC.

Students in the six-month reserve training program are not eligible for military credit. This is in accordance with the recommendation of the American Council on Education.

Self-Paced Learning

Online Instruction

Folsom Lake College offers instruction via the Internet. Learning opportunities using this medium will come in two modes. In the first, all or most course instruction takes place online through the use of materials and activities posted on an Internet site. In the second mode, the instructor of a class that meets face-to-face in the traditional way may use the Internet to post learning materials, resources and assignments, as well as provide individual contact with students through email or other electronic means. Registration and rules governing these courses are the same as those of traditional in-class courses. For information about orientation dates and times, announcements, syllabus and assignments, see the website at www.flc.losrios.edu/~csonline.

Online Classes With Web Support: Taking an online course requires self-directed study, motivation and the ability to independently complete course assignments on schedule. Online courses are full-semester 18-week courses. Basic Internet skills and access to a computer are necessary to take an online course.

Online coursework can be completed at home or in the Library/Personal Learning Environment (PLE) during regular PLE hours. Students must attend the mandatory on-campus orientation session to get complete information about the course. All testing will be conducted on the campus. Students are expected to attend these on-campus tests at the days and times listed for the course. The days and times for testing and other course information can be obtained from the websites for each course. Full course descriptions can be found in the college catalog under the heading for that course discipline.

Online Computer Application and Office Technology Courses: The online program offered by the Computer Information Science and Business departments offers classes in computer application and office skills courses in an online format. This program is housed in the modern computer lab at the Rancho Cordova Center (RCC) and the Personal Learning Environment (PLE) at Folsom Lake College (FLC). Students can choose from a selection of computer application courses and office skills courses that can lead to a variety of Degrees or Certificates.

Students will use a combination of instructional software, text materials and instructor support to complete their coursework. They can work at their own pace either at home or in the computer lab. Students can enroll any time throughout the semester up until the end of the eleventh week. Students may finish their course as soon as they have completed the course requirements, but they must finish by the end of the semester. Anyone enrolled in a course can work in the labs during any of the hours that the labs are open. An online orientation for this program is available. For information about the orientation, announcements, syllabus and assignments, see the website at www.flc.losrios.edu/~bustec.

Televised Instruction

Folsom Lake College’s televised instruction provides a different way for students to take courses toward an Associate Degree, certificate or transfer. Taking the courses at home or at a convenient outreach center can save time, money and transportation, or childcare costs. Folsom Lake College offers two types of televised instruction:

Live Interactive Classes From Folsom Lake College: The instructor lectures live at Folsom Lake College (FLC) and interacts with distant students via two-way audio-video. Students participate in rooms at FLC, the El Dorado Center (EDC), the Rancho Cordova Center (RCC) and at home by viewing a cable channel in El Dorado County. Cable students can interact with the instructor during the lecture by phone. The center rooms are wired for direct contact with the instructor. Testing will be done at either FLC, EDC or RCC. Visit www.flc.losrios.edu/~feitfs.

Live Interactive Classes From Cosumnes River College: The instructor lectures live at Cosumnes River College and interacts with distant students via two-way audio-video. Students participate in rooms at FLC, the El Dorado Center, the Rancho Cordova Center and at home by viewing a cable channel in Sacramento County or El Dorado County. Cable students can interact with the instructor during the lecture by phone. The center rooms are wired for direct contact with the instructor. Testing will be done at either FLC, EDC or RCC. Visit www.crc.losrios.edu/~ritfs.
All distance education courses are held to the same academic rigor that applies to on-campus courses. Students must attend the first class meeting in-person or by watching the course on cable. The first class meeting is when students will receive the information about the course and get the initial course handouts and syllabus. Full course descriptions can be found in this schedule under the heading for that course discipline.

Directed Studies

Students who are enrolled in regular catalog courses at Folsom Lake College and are in good standing may pursue their studies and research beyond courses listed in the college catalog by enrolling in one of the following “Directed Studies” options: Independent Study or Special Study. Both options require regular meetings between student and instructor; additionally, the instructor may require examinations or other measures of evaluation, field trips, term papers, and other assignments.

Students may petition to enroll in one (1) to three (3) units in a single department per semester, with a maximum of six (6) units of directed studies allowed per semester. A maximum of twelve (12) units of directed studies is allowed toward graduation requirements. Students can normally expect to successfully accomplish only one such project per semester, as one (1) unit of credit represents approximately 54 hours of work.

(NOTE: Units taken in either Independent or Special Study may not be transferable; the student should consult a counselor regarding a specific college or university’s acceptance of these units.)

Independent Study: An opportunity for the student to extend classroom experience in a specific subject while working independently of a formal classroom situation. Independent Study is an extension of work offered in a specific course already in the college catalog; it carries the same credit and hour value as the course being extended. To be eligible for Independent Study, students must have completed the existing regular catalog course at Folsom Lake College. Only one Independent Study for each catalog course will be allowed.

Special Study: An opportunity to pursue a study of special interest that is not specifically covered in established catalog courses. Such study is confined to the scope of collegiate lower division and community college programs. While enrollment in Special Study may be on an individual basis, from time to time a Special Study may be established to satisfy the needs of a particular group, offered on a scheduled basis for enrollment through the regular registration process. To qualify for Special Study, the student should have completed college courses basic to the study, or have had actual field experience or special training in the field of study.

Application: To apply for Independent or Special Study a student first discusses the proposed study with the instructor who will supervise the study and with the appropriate instructional dean. The student then completes a petition and course description form (available in Records and Admissions) with the assistance of the supervising instructor, who will process the petition. Petitions should be filed prior to the end of the first nine-week classes (See Academic Calendar). If the petition receives final approval, the student is registered in the course and receives a grade as in any regularly scheduled course.

Study Abroad Programs

Study abroad can be an enlightening, maturing, and life-changing experience. Students are challenged to re-examine themselves, their attitudes and their studies as they learn to understand new and different cultures.

In cooperation with the American Institute for Foreign Study, the Los Rios Community College District offers unique study opportunities in cities such as London, England; Madrid, Spain; Paris, France; and Florence, Italy.

For more information on how to apply for Study Abroad programs, call the Study Abroad Office at (916) 691-7187 or visit the website at www.partnershipcenter.com.

Cooperative Work Experience and Internships

Cooperative Work Experience Education (CO-OP) is an academic program in which students apply what they have learned in the classroom to their job or internship site, and work toward earning college credits. There are two types of programs: vocational and general.

Vocational Work Experience provides students with opportunities to develop or add marketable skills related to their vocational study programs.

Eligible students must:

• Be working in a paid or non-paid job or internship. Students who do not have a job or internship and would like assistance should contact the Cooperative Work Experience Education Office. Students must have a cooperating employer by the end of the third week of the semester to remain in the program.

• Be enrolled in a minimum of 7 units during the semester (may include CO-OP units) or qualify for the “Returning Student” status.

• With employer’s assistance, establish new on-the-job skills that will be documented.

• Attend a one-hour weekly workforce development class or qualify for the “Returning Student” status. However, attendance is required for everyone for the first three orientation sessions.

• Register for 1, 2, 3, or 4 units. One unit of credit may be earned for each 75 hours of paid work experience or for 60 hours of non-pay experience. A total of 16 units may be earned in Vocational Work Experience.

• Students working in their college majors and taking, or have taken, a course in that area should enroll in that area’s work experience class (e.g. a teacher’s aid should enroll in Human Services 498 and a sales clerk should enroll in Business 498).
Interested students may earn college credit in the following majors:

- Accounting
- Administration of Justice
- Automotive Mechanics Technology
- Business
- Communications Media
- Computer Information Science
- Construction Management Technology
- Early Childhood Education
- Environmental Technology
- Fire Technology
- Horticulture
- Human Services
- Management
- Marketing
- Photography
- Theatre Arts

CO-OP has two different ways to qualify for the program:

New (1st Time) Students:
A. You must be enrolled in no fewer than 7 units including CO-OP.
B. You are working a paid or non-paid job or internship.
C. You must attend the class that meets each week. This class will cover workforce/career transition issues.
D. Your grade and units are earned based on your performance in the workplace (developing new skills) and classroom assignments.

Returning Students:
A. You have completed 7 units at a community college or four-year institution in California.
B. You are working a paid or non-paid job or internship.
C. No class attendance is required for this program except for the first three “orientation” sessions. However, you must establish new on-the-job skills with your employer and complete the necessary forms.
D. Your grade and units are earned based on your work performance and outside homework assignments that emphasize career transition.

General Work Experience: General work experience education assists students in learning about the world of work and is open to all students regardless of major or job. Like vocational work experience, it is designed for students wanting to apply skills learned in the classroom to their actual job.

College credit (1-3 units) will be earned for working in the students’ current job per semester. No more than six units may be earned in the program. One unit of credit may be earned for each 75 hours of paid work experience or for 60 hours of volunteer experience. Students must have a cooperative employer by the end of the third week of the semester to remain in the program.

Eligible students must meet all requirements listed for Vocational Work Experience Credit above and register for “General Work Experience” (Work Experience 198), rather than Cooperative Work Experience courses.

For more information, call (916) 568-3100, extension 15157.
Degree and Certificate Programs

Folsom Lake College offers certificate and degree career curricula to students planning to enter occupations directly upon completing their work at a community college. The college also offers two-year general education curricula for students who do not seek intensive training for specific jobs but rather desire to broaden their cultural backgrounds or become more effective citizens and/or parents. Many four-year institutions will give partial or full credit for courses in these areas completed with acceptable grades; however, these courses are not specifically designed for students planning to transfer to four-year institutions.

**Degree Programs:** Students majoring in a two-year curriculum and planning to graduate with the Associate in Arts or Science degree must comply with the graduation requirements listed in this catalog. Candidates for graduation must file a petition for graduation.

Check the Academic Calendar in this catalog and class schedules for the last date to file for graduation.

**Certificate Programs:** Folsom Lake College can help students get the training needed to qualify for a well-paying job with room for advancement. Career education vocational programs are offered in areas that employers need. Certificate programs have been developed to assist those already employed in business and industry or those who desire to upgrade their skills or acquire specialized training. Areas of vocational (occupational) education include technical and industrial trades, health occupations, business and finance, electronics and computer sciences, police and fire science, building and landscaping trades, and many others. FLC has up-to-date equipment and facilities and vocational instructors who are experts in their fields. Depending on the occupation selected, training may take from six months to two years. Students may further their education by pursuing an Associate degree or fulfilling university transfer requirements. Upon fulfillment of required courses, students can meet with a counselor to petition for certification.

Although some equivalent course work at other accredited institutions might apply toward a Certificate of Completion, a grade of “C” is required in each course leading to a certificate. A minimum of twelve (12) units must be completed at Folsom Lake College or its centers. Certificate programs which are scheduled for fewer than twelve (12) units may be completed by satisfying the certificate program requirements.

Commencement Exercises

All students expecting to graduate or transfer to a four-year college or university must complete a petition for graduation available in the Counseling Office by the date set forth in the academic calendar.

Students may graduate at the end of the fall semester, end of the spring semester, or end of the summer sessions. Because commencement ceremonies are held only once a year in May, students who will complete their degree requirements during the following summer may attend the May commencement ceremonies with special arrangements made through Admissions and Records Office. Those who complete their Associate in Arts or Associate in Science degree or transfer requirements in fall or spring are encouraged to attend the May ceremonies.

Folsom Lake College 2005-2006 Catalog
Degrees and Certificates

In January 2004, Folsom Lake College (FLC) received initial accreditation and became the fourth college in the Los Rios Community College District. At the same time, El Dorado Center and Rancho Cordova Center became centers of Folsom Lake College. As directed by the Academic Services Division, California Community Colleges, a one-time-only Memorandum of Understanding regarding the contents of the 2004-2005 Catalogs for Folsom Lake College and Cosumnes River College was signed by Folsom Lake and Cosumnes River College officials representing faculty and administration.

The initial catalog for Folsom Lake College included curriculum specifically approved for Folsom Lake College, in addition to curriculum from the 2003-2004 Cosumnes River College Catalog that had been taught at Folsom Lake prior to the separation of the institutions in January 2004. Requirements are identified for each vocational and general education program and, for most, a course sequence is suggested. The courses required in a program must all be completed to earn the degree or certificate, regardless of the order in which they are completed. Courses not offered at Folsom Lake College may be taken at other Los Rios Community College District colleges.

Description of Courses

Course Numbering System
Folsom Lake College has a standardized course numbering system described below. The numbers are designed to provide students with general information regarding the focus and intent of courses.

<table>
<thead>
<tr>
<th>Numbering Designation</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 – 99</td>
<td>Credit courses that are considered developmental or basic skills and are not acceptable for the Associate Degree or transfer credit.</td>
</tr>
<tr>
<td>100 – 299</td>
<td>Applicable to the Associate Degree but not transferable to a 4-year institution</td>
</tr>
<tr>
<td>300 – 499</td>
<td>Articulated for transfer with four-year institutions and are intended to meet major, general education or elective credit requirements.</td>
</tr>
</tbody>
</table>

Transfer Credit – Courses accepted for transfer by the University of California (UC) and/or California State University (CSU) are listed with the course description and are identified under “course transferable to . . .” Students who have questions regarding transferability of credit for specific courses to specific institutions should consult with a counselor.

Prerequisites, Corequisites, and Advisories
It is the intent of Folsom Lake College to guide students into courses in which they will have the greatest chance for academic success. Therefore, you will find courses that have prerequisites, corequisites or advisories in their description. Following are the definitions of these terms:

A. A “Prerequisite” is a course that a student is required to have successfully completed (with a “C” or better) in order to demonstrate current readiness for enrollment in a course or educational program.
B. A “Corequisite” is a course that a student is required to simultaneously take in order to enroll in another course.
C. An “Advisory or recommended preparation” means that the student is advised but not required to possess a pre/corequisite class or skill level to enroll in the course.

Some prerequisites include the phrase “or equivalent.” This phrase is used to encourage students who have gained the prerequisite skills through other experiences to discuss proper course placement with a counselor.

To demonstrate that you have met the prerequisite, be prepared at the first class meeting to provide either an unofficial transcript showing the appropriate course work or a copy of the appropriate certificate of completion or license.

Prerequisite Challenge Procedure For Students
If you feel that you can meet the requirements, or one of the conditions below exists, then you can challenge a prerequisite.

A Prerequisite Challenge Form can be obtained from the Admissions and Records Office. The form will explain procedures. Criteria for challenging a course are:

1. You have knowledge or ability to succeed in the course without the prerequisite.
2. The course, which provides the prerequisite, is not readily available.
3. You believe that the prerequisite is discriminatory or being applied in that manner.
4. You believe that the prerequisite was established in violation of regulations and/or the established District-approved policy and procedures.

Once you have completed the challenge procedure, a Prerequisite Challenge Committee will review your challenge. You will be informed of the committee’s determination within five instructional working days.
Transfer Information

Transfer to California State University, University of California, and Private Colleges

Students planning to transfer to a California university should plan a program to meet the admissions and graduation requirements of the specific institution that they plan to attend. Transfer admission eligibility is based on transferable college units and/or high school record(s) and test scores. Each institution has its own requirements for admission and for junior standing. To prepare for transfer, students must decide which school they will attend and consult a counselor for the specific requirements for that particular institution and to create a written educational plan.

California State University System – Eligible for CSU Admissions after High School: Students who were eligible for admission to a CSU when they graduated from high school, but decided to attend a community college, can transfer to some CSUs at any time as long as a 2.0 grade point average or better for all transferable coursework completed at the community college is maintained. High school eligibility is based on test scores, grade point averages, and completion of specific subjects’ area requirements.

Community College Transfer: Students who were not eligible for admission to a CSU when they graduated from high school may be eligible once they have completed a minimum of 60 transferable units with a 2.0 grade point average or better (2.4 for international or non-resident students) and the following additional requirements:

- Complete Area A, sections 1, 2, and 3 (“C” grade or better for each course)
- Area B, section 3 (“C” grade or better)
- A minimum of 30 semester units of general education with a 2.0 grade point average. This includes items A and B listed above.

GPA requirements are higher for more competitive campuses or majors. Students are highly encouraged to complete lower-division preparatory courses for their major as required by the CSU of their choice, in addition to general education-breadth requirements, and graduation requirements.

The CSU will accept a maximum of 70 transferable semester units completed in the community colleges. FLC students should meet with a counselor once a semester to plan appropriate course selection.

University of California System - Eligible for UC Admission after High School:

Students who were eligible for admission to the university when they graduated from high school (meaning they satisfied the Subject Scholarship and Examination Requirements) are eligible to transfer if they have a C (2.0) average in transferable coursework.

Community College Transfer: Students who met the Scholarship Requirement but not the Examination Requirement must complete a minimum of 12 semester units of transferable work and earn an overall “C” (2.0) average in all transferable college coursework completed.

Students who did not meet the Scholarship Requirement must:

a) Complete 60 semester units of transferable college credit with a grade point average of at least 2.4, and:

b) Complete the following course pattern, earning a grade of C or better in each course:

- two transferable college courses (3 semester units) in English composition; and
- one transferable college course (3 semester units) in mathematical concepts and quantitative reasoning; and
- four transferable college courses (3 semester units each) chosen from at least two of the following subject areas: the arts and humanities, the social and behavioral sciences, the physical and biological sciences.

(Students who satisfy the Intersegmental General Education Transfer Curriculum prior to transferring to UC will satisfy Option 1b above.)

Independent California College and Universities:

California’s fully accredited independent colleges and universities provide a host of options at undergraduate, graduate and professional levels for students planning to continue their education beyond community college.

Students who transfer to independent colleges or universities will be given academic credit for most, if not all, of their community college studies. Virtually all institutions give full credit for general education courses and usually for other courses designated for transfer by the community college.

Some colleges and universities stipulate a certain number of completed units before considering students eligible for transfer. Others do not and will accept students at any time. The requirements are outlined in the respective college catalogs, available upon request from the College’s Transition Center. Students are urged to contact their counselors for additional information.

A total of 39 units of lower division general education may be certified by Folsom Lake College. There are additional general education requirements that must be taken at the upper division level, to be completed at the University to which the student will transfer and/or from which the student will graduate.

It is important that the student seek the aid of a counselor when selecting courses, since many variables, like choice of major, affect appropriate course selection. The completion of this pattern will also satisfy the “major” requirements for an associate degree at Folsom Lake College.

Students completing 39 units, as specified in the general education pattern below, may request “certification” of completion at the time of transfer to any of the campuses of The California State University. No more than 30 semester units may be certified for Areas B, C & D combined. Courses that are listed in more than one area may only be used to satisfy the requirements in a single area. Some campuses/majors limit the use of “double-counting” of courses for fulfillment of General Education/Breadth and Major requirements. See a counselor for more information regarding limitations.

Intersegmental General Education Transfer Curriculum (IGETC) 2004-2005

Any student transferring to CSU or UC (who enrolled in college fall 1991 or later) may fulfill the lower division breadth and general education requirements for any campus of the University of California or the California State University by completing the IGETC or completing the specific lower division breadth and general education requirements of the campus to which the student intends to transfer. Completion of all of the requirements in the Intersegmental General Education Transfer Curriculum (IGETC) will permit a student to transfer from a California Community College to a campus in either the California State University or the University of California without the need, after transfer, to take additional lower division general education courses to satisfy campus general education requirements. The course requirements in ALL areas must be completed before IGETC can be certified. All courses must be completed with a grade of "C" or better (Grades of "C-" will not fulfill this requirement). NOTE: IGETC is NOT appropriate for certain majors and/or campuses. Consult with a Counselor BEFORE choosing IGETC to fulfill General Education/Breadth requirements to make sure that it is an appropriate choice.

The college has a variety of support services available to assist students with career decision-making, problem resolution, and goal achievement.

Assessment Services
FLC (916) 608-6573 ; EDC (530) 642-5649; RCC (916) 255-0717
FLC provides a variety of testing services to assist students in determining appropriate course placement. Free course placement assessments are available year-round for English, reading, mathematics and English-as-a-Second-Language, (ESL). Availability is on a first-come first-serve basis. Competency exams to meet reading and math graduation competency requirements are also available during regularly scheduled assessment sessions. Ability to Benefit (ATB) tests for financial aid eligibility can be arranged by appointment. A monthly testing schedule is available online at www.flc.losrios.edu or in the Student Services areas at either site. Students with special testing needs should call Assessment prior to the testing date to arrange for accommodations.

Associated Student Government
FLC (916) 608-6591 ; EDC (530) 642-5609
The Associated Student Government is the official student association on campus. This organization, recognized as the voice of the students, operates under the direction of officers who are elected at-large.

The purpose of the council is to provide leadership and support for the student body, encourage student participation in college governance matters, establish open communication among the students, faculty, staff, and administrators of the sites, and facilitate scholastic, cultural, social and recreational activities on campus and in the community. Representatives who serve on college committees are appointed by the elected ASG president and many also serve on district-wide committees.

Being a student government representative also means being recognized by prospective colleges and employers as having an edge over other applicants for leadership abilities, community awareness and support. All students enrolled in six (6) units or more with a cumulative G .P.A. of at least 2.0 are eligible to become student government representatives.

Clubs and Organizations: These activities offer diversified social and educational opportunities. Each club must have a faculty advisor and be approved by the Student Life Coordinator. Anyone interested in forming a club or student organization should contact the Student Life Coordinator.

Other services: ASG is willing to provide assistance and information to campus clubs and groups on event planning, publicity, and fund-raising. ASG also provides information to students who are interested in initiating changes to existing policies or creating new policies at the college, district, and governmental levels.

For more information, contact the campus directly at the numbers above or online at www.flc.losrios.edu/~stugov.

Cooperative Work Experience Education, (CO-OP) Services
(916) 568-3100, extension 15157
Work Experience is an academic program in which students apply what they have learned in the classroom to their job or internship site and work toward earning college credits. Students will develop new skills on-the-job or in a skilled professional level assignment on campus or in the community. One 50-minute weekly class is also attended which focuses on workforce and career transition. Internship and job assistance is available. Internships may be paid or non-paid, and will provide preparation for a career by providing professional skill development, employment contacts, confidence building and more.

College Bookstore
FLC/RCC (916) 608-6565 ; EDC (530) 642-5656; RCC (916) 255-0717
In addition to required and optional textbooks, the bookstores sell a variety of school and office supplies, student aid, computer software, clothing, snacks and souvenirs. The stores offer day and evening hours. For inquiries about specific merchandise, payment options and acceptance policies, hours, and directions, please call the bookstore. Students should bring a copy of their class schedule when purchasing textbooks and should have their student I.D. number available for purchases as well as returns.

Textbook Refund Policy: A receipt from the current semester must accompany all returns. Refund dates are listed on the refund slip attached to the receipt. Books purchased new MUST be free from writing, marks, bent corners, and completely intact. If not, the used purchase price will be refunded. Picture I.D. is required for all returns. Charge card purchases will be credited to the correct credit card.

Textbook Buyback Policy: Picture I.D. is required for all returns. Books may be purchased from students during most of the year at market value. During finals textbooks ordered by faculty for the upcoming semester may be sold at a higher value. Contact the bookstore for details and dates. The bookstore cannot guarantee the buyback of any book at any time.

CalWORKs
FLC (916) 608-6560 ; EDC (530) 642-5648; RCC (916) 255-0717
CalWORKs supports students who are currently receiving cash aid from the county. We have many services to offer qualified students:

- Counseling
- On-the Job Training
- Job Placement Referrals
- Transportation
- Case Management Referrals
- Progress reports
- Book Service
- Study Groups/Tutoring
- Child Care services on and off campus
- Support Groups
- Workshops
To be eligible, a student must be:

- eligible for the Extended Opportunity Programs and Services (EOP&S) program
- a recipient of AFDC/TANF/CalWORKs or receiving food stamps
- a single head of household
- a parent of at least one child age 14 or under (at the time of acceptance into the program)
- a California resident
- at least 18 years of age
- a full-time student (enrolled in 12 or more units) with a vocational or academic objective

Child Development Center
FLC (916) 608-6598

The Child Development Center serves the child care needs of students and parents who are continuing their education at Folsom Lake College, El Dorado Center, and Rancho Cordova Center. Priority is given to families who meet the eligibility and need guidelines established by the State Department of Education. Children must be 3-5 years of age and fully toilet-trained to attend.

The program provides a developmentally appropriate environment where children develop a positive self-esteem, grow and share, learn to get along with others, experience success, and develop self-control. The center provides educational opportunities for Early Childhood Education, Nursing, Child Development, and Psychology students to work with young children while pursuing their educational goals.

College Police
FLC (916) 608-6589; EDC (530) 642-5664

The police departments are P.O.S.T. certified agencies and provide both law enforcement and security services to the students. In addition to assisting and handling cases of emergencies, this office handles all parking enforcement and appeal processing, lost and found, vehicle jumpstarts and lockouts, and escorts. The FLC Campus Police Office is located in the portables. The EDC Campus Police Office is adjacent to the Fitness Center.

Computer Labs
FLC (916) 608-6540; EDC (530) 642-5689; RCC (916) 255-0717

The Computer Labs are open to all registered students. These facilities are available to meet your computer needs while on campus. Each lab has knowledgeable staff available for assistance. To sign up for computer access students need their current registration and photo ID. Hours of service vary at each site. Please call or check the posted schedules to confirm when each location is open.

CARE (Cooperative Agencies Resources for Education)
FLC (916) 608-6560; EDC (530) 642-5648; RCC (916) 255-0717

The CARE Program is a state-funded program providing academic, career, and personal counseling; campus and community referrals; child care and/or transportation financial assistance (financial aid process must be completed); meal program; supply voucher; peer advising; priority registration; transfer assistance; tutorial services; and support workshops to eligible students.

To be eligible, a student must be:

- eligible for the Extended Opportunity Programs and Services (EOP&S) program
- a recipient of AFDC/TANF/CalWORKs or receiving food stamps
- a single head of household
- a parent of at least one child age 14 or under (at the time of acceptance into the program)
- a California resident
- at least 18 years of age
- a full-time student (enrolled in 12 or more units) with a vocational or academic objective

Counseling
FLC (916) 608-6500; EDC (530) 642-5645; RCC (916) 255-0717

Counselors are available throughout the year on an appointment or walk-in basis. The professional counseling staff provides:

- Academic counseling to assist students in assessing, planning and implementing immediate and long-range educational and/or transfer goals.
- Career counseling to assist students in assessing and researching aptitudes, abilities, interests, and current and future employment trends.
- Personal counseling to assist students with personal, family or other social concerns, when that assistance is related to the student’s education.
- Crisis counseling to assist students with immediate intervention or appropriate referral to other resources on campus or in the community.
- Multicultural counseling ensuring that students are counseled with a respect for their origins and cultural values.
- Instruction in Human Career Development courses, College Success, Study Skills, Career Exploration.
- Consultation to the college governance process and liaison to the college community to make the environment as beneficial to the intellectual, emotional, and physical development of students as possible.

DSP&S - Disabled Student Programs & Services
FLC (916) 608-6611; EDC (530) 642-5630; (916) 691-7273 (TDD/Voice)

Disabled Student Programs & Services (DSP&S) provides equal educational opportunity for students with physical, psychological, or learning disabilities. Counseling, support services, and academic accommodations are provided to students who are eligible for the program. Students with disabilities are encouraged to lead active and independent lives by participating in all college programs.

Physical and Psychological Disabilities: Students with the following disabilities are eligible to receive support services and academic accommodations: attention deficit hyperactivity disorder (ADHD); attention deficit disorder (ADD); blind, deaf, hearing impaired, low-vision, mobility impaired, psychologically disabled, and other health problems that would require special assistance.

Learning Disabilities: Students of average or above-average learning aptitude may have a specific learning disability that significantly impacts their educational progress. The program provides support services and academic accommodations to students who have documentation of a specific learning disability from another school or professional. In addition, testing and assessment services are also available.

Academic Accommodations: Accommodations are individually determined for students with disabilities, according to the functional limitations of the disability. Accommodations may include:

- The use of equipment and materials such as a tape recorder, calculator, computer, taped text or spelling checker in the classroom and/or in meeting class assignments.
- The use of personnel such as readers, interpreters, note takers (while attending classes), scribes, and mobility assistants.
- Testing accommodations, which may include extension of time, quiet room, use of calculator, spelling checker, computer, alternative method of testing, or modification of the test response format.
• Individualized tutoring when a need is other than that provided by existing college tutorial services.

The student has a right to appeal any decision regarding academic accommodations. For additional information, please contact the DSP&S office for an appointment.

Employment Opportunities
Students may work on or off campus at any of the three sites through a variety of programs. On-campus employment is limited to a maximum of 20 hours per week (all program sources). Student help opportunities may be found through the EOP&S office. Students may also be employed as part of their financial aid package and should consult the Financial Aid Office. A job board located in food service areas provides resources to employment off-campus.

Students can also take advantage of the Los Rios Job Connection program; for more information go to the Los Rios home page at www.losrios.edu.

EOP&S - Extended Opportunity Programs and Services
FLC (916) 608-6560; EDC (530) 642-5648; RCC (916) 255-0717
EOP&S provides support to educationally and economically disadvantaged students in pursuit of their academic and career goals. At this end, we offer a number of services to students to encourage personal and professional growth, enrollment & retention, and transfer to four-year universities. The following comprehensive support services are provided to eligible students at either site:

• Application fee waivers (CSU, UC)
• Book service program
• Career exploration
• Case Management Referrals
• Connections to academic, career and personal counseling
• CARE program
• EOP&S and CARE orientation
• Visits to 4-year colleges and universities
• Priority registration each semester
• Transfer Information
• Tutoring
• Workshops

To be eligible, a student must:
• Be a California resident (have lived in the state one year and one day before school starts)
• Be enrolled in 12 units (some students with exceptional conditions may be accepted at a reduced load)
• Qualify to receive the Board of Governors Waiver (BOGW - method A or B)
• Not have completed more than 70 units or six consecutive semesters in the EOP&S program
• Submit an application to the EOP&S program
• Be educationally disadvantaged as determined by the EOP&S program.

Applications may be picked up at either site and appointments may be scheduled by visiting or calling EOP&S.

Financial Aid Services
FLC (916) 608-6646; EDC (530) 642-5651; RCC (916) 255-0717
Financial aid is available for students who need help in meeting their educational costs. Information and applications can be obtained from the Financial Aid Office. Financial assistance for students may include: grants, federal work-study (on-campus employment), various FLC Foundation scholarships as well as privately supported scholarships for outstanding students in particular fields, and low-interest loans.

In addition to the general financial aid programs, the Board of Governors Fee Waiver is available which will pay the community college enrollment fee for low-income state resident students. The financial aid staff is available by appointment or drop-in basis to assist students and their parents. For additional information, please refer to the “Financial Aid” section of this catalog.

Libraries
FLC (916) 608-6613; EDC (530) 642-5695
Central to inquiry and learning are the libraries. They support the college course offerings by providing access to information through their collection of books, periodicals, media and online resources. The libraries also provide reference, circulation, and interlibrary loan services, reserve materials, research computers, and group study rooms.

The online library catalog, Los Rios Online Information System (LOIS), identifies books, periodicals, and media available at FLC/EDC and the other Los Rios Community College District Libraries. In addition to the print and media collections, the libraries provide online access to a variety of databases that contain full-text magazines, journals, and newspapers, as well as literary criticism, biography, international affairs, and current events.

These electronic resources are available to FLC students, faculty and staff both on and off campus. Visit the FLC Library’s website at www.flc.losrios.edu/~library/student.html or the EDC Library’s website at www.flc.losrios.edu/~lrc for information on accessing these resources.

Librarians are available to provide individual, group, drop-in, and class instruction on using the various library services and resources, including assistance on selecting the appropriate research tools and creating effective search strategies. The library also offers credit courses (see the Library listing in this catalog). These courses are designed to make your academic research easier and more rewarding.

The Libraries at both Folsom Lake College and El Dorado Center are equipped with computers and fee-based photocopiers and printers. They are a great place to find reliable information or for a quiet location to study.

Publications
FLC (916) 608-6993
This college catalog and the class schedules are important resources for student success. These publications include valuable and current information on available services, course/program selection, and graduation and transfer requirements. Students should keep one or both publications as references throughout the year.

A tabloid-style publication (with class listings and other college information) is mailed twice a year (spring and fall) to approximately 150,000 homes in the region.

The Public Information Office produces an employee newsletter three times a year to inform faculty and staff of upcoming events, as well as provide a recap of recent campus activities.
Reading/Writing Center and English Center
FLC (916) 608-6517 ; EDC (530) 642-5686

The Reading/Writing Center (RWC) and English Center provide assistance in reading and writing to students in all subject areas. Services include help with research papers, essay revision, and study skills. Students should enroll in .5 or 1.0 units of English 70, a credit/no credit course. Students will work with an instructor on an individualized basis.

Transcripts - Outgoing to Other Colleges/Agencies
FLC (916) 608-6500 ; EDC (530) 642-5644; RCC (916) 255-0717

The Admissions and Records Office will send the first two official copies of a student’s Folsom Lake College transcript to any college or university without charge. Additional copies may be obtained for $2 each. Students should allow at least 5-7 working days for a transcript request to be processed. Unofficial transcripts can be viewed and printed by accessing Los Rios eServices. There is a $10 fee for a 24-hour rush request for an official transcript. Any coursework completed prior to Summer 2003 would be reflected on a Cosumnes River College transcript and would need to be obtained through CRC.

Transcripts - Incoming from Other Institutions
FLC (916) 608-6500 ; EDC (530) 642-5644; RCC (916) 255-0717

It is the applicant’s responsibility to have official high school records and official transcripts of all work attempted, completed or in progress at ALL other accredited colleges forwarded directly to the FLC Admissions and Records Office. The college must receive official transcripts or any “Work in Progress” immediately after completion of such work. These records also apply to any summer session or transcripts or any “Work in Progress” immediately after completion.

Transition Center/Services
FLC (916) 608-6500 ; EDC (530) 642-5644

There are four major areas of information offered through the Transition Center:

- Career Exploration
- Co-op Work Experience Education
- Employment
- Transfer

Our students are in continuous “transition” from one stage of life to another. Whatever transition our students make the Transition Center is a great one-stop resource to gather information and make future plans. It is located in the Student Services area at Folsom Lake College.

Career-related activities and resources are available to help meet individual career needs. Activities include:

- Resume assistance – on the computer, in a workshop, and/or in-person
- Job search – traditional, “hidden jobs”, and computerized job banks
- Interviewing – skills to be more competitive
- Transition Fair – employers are on campus to provide career information, employment, internships, and transfer information to students
- Computers/Internet – self assessment, and researching career-related topics
- Reference materials – books, videos, and handouts
- Workshops – We offer workshops and seminars to develop the skills you will need to communicate with employers. Check in Transition Services for current scheduled offerings.

Employment Opportunities are made available to students seeking on and off-campus employment. The Transition Center schedules employers on campus for information, recruitment, interviews, or to gather applications and resumes.

Transfer Services: Folsom Lake College is committed to transferring qualified students to the four-year university of their choice. The Transition Center offers university applications, catalogs and other resource materials. Information on transfer opportunities is also available at the El Dorado and Rancho Cordova Centers. Students may talk with counselors as well as representatives from various four-year colleges and universities about course work, housing, financial aid, and more.

The center also helps students to concurrently enroll at CSUS and UCD (with fees waived) and provides for admission through a Transfer Admissions Agreement (TAA) to UC Davis and the University of the Pacific. Online application services are available for all colleges. For more information, call 916-608-6500.

ASSIST is an online student information system that provides the most accurate and up-to-date information about student transfer in California. Please visit www.assist.org for more information.

Tutorial Services
FLC (916) 608-6604 ; EDC (530) 642-5623

The Tutorial Program offers students assistance with learning skills and college courses. The Tutorial Program offers individualized and small group tutoring in various subjects, dependent upon the availability of qualified peer tutors. Tutorial services are available by appointment and on a drop-in basis. Contact the college directly at the numbers above or online at www.flc.losrios.edu/~tutoring.

Veterans Assistance

Veteran’s assistance, offered through the Admissions and Records Office, is available to help process Veterans Administration (VA) Educational Benefit paperwork and to coordinate with other campus services. This service provides the student veteran and eligible children, spouse or surviving spouse of a veteran using the V.A. Educational Benefits or the GI Bill with a variety of services.

To receive an educational allowance, the Veterans Administration requires a student veteran or dependent to:

- Request “official” transcripts from other colleges attended
- Identify an educational objective, see a counselor and fill out a program planner, or educational plan
- Complete satisfactorily the courses for which benefits are received, and attend classes regularly.

For more information, veterans or dependents should contact the Admissions and Records Office for a referral to a program specialist.
The Financial Aid Office provides a wide range of financial assistance to students in the form of grants, part-time on-campus employment, scholarships, and loans. All awards are contingent upon financial need, cost of attendance and enrollment status (full-time or part-time).

The basic premise for all need-based financial aid programs is that the primary responsibility for financing a student’s post-secondary education rests with the student and his/her family. Student financial aid is intended to assist with those educational costs that remain after the student’s resources and an expected contribution from the family have been taken into account. To be considered for financial aid, a student must complete a Free Application for Federal Student Aid (FAFSA) each academic year, and preferably by March 2nd to be eligible for maximum aid. Forms are available at the Financial Aid Office or on the web at www.fafsa.ed.gov. For the academic year 2005-2006, Folsom Lake College will continue to use Cosumnes River College’s school code 007536. As an accredited college, FLC will be assigned a new school code effective July 1, 2005. Students will be notified when the new school code becomes available.

Folsom Lake College participates in the following programs:

**Board of Governors Fee Waiver (BOGFW)**

This program waives your enrollment fees for the academic year (summer session and fall/spring semester) and does not require repayment. Only one application per year is necessary, and you must reapply each fiscal year. There is no deadline to apply.

**Eligibility:**

Must be a California resident.

Complete a simple application form available in the Financial Aid Office.

Be prepared to provide proof of eligibility. There are three methods by which you may qualify:

- **Method A:** TANF/CalWORKs, SSI/SSP, or General Assistance recipients must bring documentation (aid verification summary, last voucher, or check) in order to qualify. Documents submitted will be accepted only if they are dated within the last 30 days.
- **Method B:** If you meet household (low) income standards.
- **Method C:** If you have been determined to have any “financial need” based on Federal calculation.

**2005-2006 BOGFW Income Standards**

**Federal and State Grants**

(Do not require repayment)

**Federal Pell Grant**

This program aids students who have not yet received a bachelor’s degree from any institution. The Pell Grant is intended to be the “foundation” of a student’s financial aid package with other sources of aid to supplement it. Eligibility will vary according to enrollment status and federally determined Expected Family Contribution (EFC).

A Student Aid Report (SAR) will be mailed directly to the student and a duplicate version will be transmitted electronically to the designated school. Students may contact the Financial Aid office once they have received their SAR.

**Eligibility:**

Complete/submit a FAFSA.

Complete verification documentation as required by federal guidelines.

**Federal Supplemental Educational Opportunity Grants (FSEOG)**

This program is limited to undergraduate students with exceptional financial need who, for lack of financial means, would be unable to enter or remain in college. Funding is limited; therefore, students are encouraged to apply early.

**State Cal Grants**

Cal Grant are administered and processed by the California Student Aid Commission. The FAFSA and a GPA Verification form must be completed by March 2nd prior to the award year. The completed GPA Verification form must be submitted to the California Student Aid Commission.

1. **Cal Grant A:** Helps low and middle-income students with tuition costs at 4-year colleges and universities. Grant recipients are selected on the basis of financial need and grade point average.

The California Student Aid Commission will hold tuition fee awards for those who qualify, until the student transfers to a four-year college. Students must maintain eligibility each year.

2. **Cal Grant B:** Aids high-potential students from low income and disadvantaged backgrounds. Applicants must be a new freshman in college, completed no more than 16 units or completed a full-time semester of college, or 4.5 months at a vocational/technical college by June 30 of the prior school year.

3. **Cal Grant C:** Provides assistance for low- and middle-income students formally enrolled in and pursuing a vocational training program at Folsom Lake College.
On-Campus Employment
(Money earned—does not require repayment)

Federal Work Study Program (FWS)

The Federal Work Study program allows eligible students to earn money for their educational expenses while in school. Students are encouraged to find jobs relating to their program of study on the college campus. Work study wages are based on federal minimum wage guidelines. Students may qualify by virtue of their need and satisfactory academic standing.

Loans
(Require repayment)

Federal Stafford Loan Program (Subsidized)

This loan is offered to middle and low-income borrowers who demonstrate financial need. Loan amounts are based on current federal guidelines.

Federal Stafford Loan Program (Unsubsidized)

This loan is offered to middle and high income borrowers. With the exception of demonstrating financial need, the unsubsidized Federal Stafford Loan has the same eligibility criteria as the subsidized Federal Stafford Loan. This means that family income will not affect loan eligibility or disqualify a student from receiving an unsubsidized loan. Loan limits and interest rates are also based on current federal guidelines.

To apply for a federally insured loan, institutional policy requires that a student must:

- Complete a Free Application for Federal Student Aid (FAFSA)
- Be enrolled in at least six units
- Receive an award letter for other forms of federal/state financial aid
- Attend a loan entrance counseling workshop to obtain loan applications.
- Satisfactorily complete a student loan pre-test
- Attend exit loan counseling every academic year or upon graduation or exiting the college.

Accepting any federal student loan is accepting a huge responsibility. Defaulting on any federal student loans will result in disqualification of all financial aid, adverse credit and severe legal action. By accepting a Federal Stafford Student Loan, the student accepts the responsibility to repay it.

Requirements for Federal/State Financial Aid

Ability to Benefit: Applies to students who are admitted to college but who do not have a high school diploma or the equivalent. A student must pass a standardized placement test, which measures the student’s ability to complete the course of study. To schedule a testing appointment, please contact the Assessment Office at (916) 608-6573.

Eligibility for financial assistance is determined by:

- Demonstrated financial need. Financial need exists when the cost of education exceeds all of the resources available to a student. This need must be determined each academic year for which a student applies.

- Owing a refund or repayment on Pell or FSEOG.
- Failure to meet the satisfactory academic progress standard adopted by FLC for financial aid recipients.
- Completion of an AA or AS Degree or 72 or more units, (whichever comes first), unless a special petition has been approved by the Financial Aid Office.
- Falsification of information that affects the determination of eligibility or aid.
- Failure to provide necessary verification/documentation of income and resources.

- Default on Stafford Loans.
- Being a U.S. citizen, a permanent resident, or status as a resident alien with the appropriate visa.
- Registering for Selective Service: Federal and state laws require that men between the ages of 18-25 must register with the U.S. Selective Service System to be eligible for school Financial Aid (50 U.S.C. App. 451, et seq.)
- Making satisfactory academic progress. Satisfactory academic progress is defined by the Federal Department of Education as 150 percent of normal length of time for a student to achieve an educational objective. Congress and the Federal Department of Education award funds to students who are making satisfactory progress toward their educational goal. Therefore, the Financial Aid Office is required to monitor academic progress and deny aid to any student who fails to meet satisfactory academic progress as measured by:

1. Grade Point Average (GPA)- minimum FLC GPA of a 2.0
2. Maintain Progress - Complete at least 75% of units enrolled:
   - Progress Percentage = Total Units With “F”, “NC”, “W”, “I”, and “RD” divided by the total units attempted. Non-completion percentage must be 25% or less.
3. Total Units (Maximum Time Frame) - Students may attempt up to 72 units toward the completion of degree or certificate program. Students who have attempted 72 or more units will be denied financial aid. Units taken at another college or taken without the assistance of financial aid are calculated into the total number of units attempted. Up to 30 units of remedial coursework may be deducted from the total units accumulated.
4. Completion of Degree or Certificate - Students who complete a degree or certificate are considered to have reached their maximum time frame and will be denied financial aid.

A student may be placed on financial aid probation for one semester. Aid will be denied to students who fail to make satisfactory academic progress during the probationary semester. Students with extenuating circumstances may file a Financial Aid Petition to reinstate financial aid.

Basis for Denial of Financial Aid: Financial Aid may be denied for the following reasons:

- Default on Stafford Loans.
- Owing a refund or repayment on Pell or FSEOG.
- Failure to meet the satisfactory academic progress standard adopted by FLC for financial aid recipients.
- Completion of an AA or AS Degree or 72 or more units, (whichever comes first), unless a special petition has been approved by the Financial Aid Office.
- Falsification of information that affects the determination of eligibility or aid.
- Failure to provide necessary verification/documentation of income and resources.
Scholarships
(Do not require repayment)

Scholarships awards are available for students who are interested in particular fields of study, who are members of under-represented groups, who live in certain areas of the country or who demonstrate financial need. The Financial Aid Office maintains a list of local, state and national scholarships. Enrollment verification is usually required. Scholarships from many donors are available for the student who is returning for a second year, as well as for the student who plans to transfer to a four-year institution. Number of awards depends on the number of applications and funds available.

El Dorado Center Patron’s Club Scholarships

These awards are donated by the El Dorado Center Patrons Club. Awards are based on the goals stated by the student, academic effort shown by adequate grades, financial need, community service and/or work experience. Awards may be renewed. A second application is required for the second year. Award amount is $250.00 per student per year.

Foundation Scholarships

These awards are provided by the Folsom Lake College Foundation and are granted to graduating seniors and currently enrolled students enrolled in at least six units at FLC/EDC/RCC and based on the goals stated by the student, academic effort shown by adequate grades (2.0 G.P.A.), community service or work experience, and financial need.

Students can apply for these scholarships online at:

Los Rios Community College District

Non-Discrimination Policy

The Los Rios Community College District, in compliance with all pertinent Titles and Sections of the Civil Rights Act of 1964, the Educational Amendments of 1972, the Rehabilitation Act of 1973, Americans with Disabilities Act, and all other applicable federal, state, and local laws, does not discriminate on the basis of race, color, marital status, religion, sexual preference, national origin, sex, age over forty, handicap, or Vietnam-era veteran status, physical or mental disability, nor shall any students be discriminated against for conversing in a language other than English, in any of its functions or activities, including employment, educational programs and services, admissions, and financial aid.

The District further complies with those federal and state laws and the regulations of the Board of Governors of the California Community Colleges which prohibit sexual harassment.

Such non-discrimination policies extend to all of the functions and activities of the Los Rios Community College District including employment and employment selection, educational programs, services, admissions, and financial aid.

Inquiries regarding this policy may be directed to the Equity Officer at (916) 608-6531; Gender Equity Coordinator (Title IX, Section 504 and ADA Vice President for Administrative Services at (916) 608-6555; or the Los Rios Community College District, Assistant Chancellor of Human Resources, 1919 Spanos Court, Sacramento, CA 95825, (916) 568-3116, or to the Director of the Office of Civil Rights, U.S. Department of Education, Washington, D.C.

Diversity/Equity Commitment

Folsom Lake College believes that the world of tomorrow will be shaped by what happens to the individual and the community today. Thus, we seek to enhance, through learning, the unique potential of every person entering our doors and to nourish the quality of life in our community. In particular, the college strives to create an institutional climate of full enfranchisement and participation for all students, faculty, and staff. This includes addressing the needs of the culturally diverse student population at the college, ensuring gender equity, and facilitating student and staff understanding of cultural perspectives of others, as well as their own.

Title IX (Sex Discrimination)

Folsom Lake College supports and complies with Title IX Education Amendments, which prohibit sex discrimination in admission to, or employment in, all its educational programs and activities. Inquiries concerning Title IX may be directed to the college Title IX Coordinator, Equity Officer at (916) 608-6531 or to the Director of the Office of Civil Rights, U.S. Department of Education, Washington D.C.

Disability

Folsom Lake College does not discriminate on the basis of disability in admission or access to, or treatment or employment in, its programs and activities. Section 504 of the Rehabilitation Act of 1973, as amended, and the regulations adopted thereunder and the Americans with Disabilities Act prohibit such discrimination.

Race, Color, National Origin, or Disability

Folsom Lake College complies with the requirement of Title VII of the Civil Rights Act of 1964 as amended by the Americans with Disabilities Act and the regulations adopted thereunder. No person shall, on the grounds of race, color, national origin, or disability, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program of Folsom Lake College. Referrals may be made to the Equity Officer.

Age, Marital Status, Religion

Folsom Lake College does not discriminate on the basis of age, marital status, religion, or sexual orientation. Referrals may be made to the Equity Officer.

Gender Harassment

Sex discrimination in the form of gender harassment consists primarily of repeated comments, jokes, and innuendoes directed at persons because of their gender or sexual orientation. This behavior typically is not aimed at eliciting sexual cooperation, but, like racial harassment, it contaminates the learning and work environment and has no place at Folsom Lake College.

Examples of gender harassment include the following:

- Disparaging women’s intellectual abilities and potential;
- Using sexist statements in classroom discussions;
- Disparaging the lifestyles or behaviors of gays or lesbians.

Política Contra La Discriminación

El Distrito Universitario Comunitario Los Rios, en cumplimiento con todos los Títulos y Secciones pertinentes de la Ley de Derechos Civiles de 1964, las Enmiendas Educativas de 1972, la Ley de Rehabilitación de 1973, la Ley de Americanos con Incapacidades y todas las demás leyes aplicables federales, estatales y locales, no discrimina con base en la raza, color, estado civil, religión, preferencia sexual, nacionalidad, sexo, edad de mayor de cuarenta años, estado de inhabilitado o veterano de la guerra de Vietnam, incapacidad física o mental; y ningún estudiante será discrimino por conversar en un idioma que no sea inglés, en ninguna de sus funciones o actividades, incluyendo el empleo

El Distrito cumple además con aquellas leyes federales y estatales y las normas de la Junta de Directores de los Colegios Comunitarios de California, las cuales prohíben el hostigamiento sexual.

Tales políticas antidiscriminatorias se extienden a todas las funciones y actividades del Distrito Universitario Comunitario Los Rios, incluyendo el empleo y la selección de empleos, programas educativos, servicios, admisiones y ayuda financiera.

Diversity/Equity Commitment

Folsom Lake College believes that the world of tomorrow will be shaped by what happens to the individual and the community today.
Sexual Harassment Policy

It is the desire of the Los Rios Community College District Board of Trustees to provide for all students and employees an educational environment and work place free from sexual harassment. Sexual harassment in any situation is unacceptable, and is in violation of state and federal laws and regulations. Where evidence of harassment is found, appropriate corrective action shall be taken.

Definition of sexual harassment

A. Sexual harassment means unwelcome sexual advances, requests for sexual favors, and other verbal, visual, or physical conduct of a sexual nature, made by someone from or in the work or educational setting, under any of the following conditions:

1. Submission to the conduct is explicitly or implicitly made a term or a condition of an individual’s employment, academic status, or progress.
2. Submission to, or rejection of, the conduct by the individual is used as the basis of employment or an academic decision affecting the individual.
3. The conduct has the purpose or effect of having a negative impact upon the individual’s work or academic performance, or of creating an intimidating, hostile, or offensive work or educational environment.
4. Submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through the educational institution.

B. For the purpose of further clarification, sexual harassment includes, but is not limited to:

1. Making unsolicited written, verbal, visual, or physical contact with sexual overtones. Some examples are: epithets, derogatory comments, or slurs of a sexual nature; impeding or blocking movements or any physical interference with normal work; derogatory posters or cartoons.
2. Continuing to express sexual interest after being informed that the interest is unwelcome. (Reciprocal attraction is not considered sexual harassment.)
3. Within the work environment, engaging in explicit or implicit coercive sexual behavior which controls, influences, or affects the career, salary, and/or work environment or any other term or condition of employment; within the educational environment, engaging in explicit or implicit coercive sexual behavior which controls, influences, or affects the educational opportunities, grades, and/or learning environment of the student.
4. Making reprisals, threats of reprisal, or implied threats of reprisal following a negative response to a sexual advance. For example, within the work environment, either suggesting or actually withholding support for an appointment, promotion, or change of assignment; suggesting a poor performance report will be prepared, or suggesting probation will be failed. Within the educational environment, either suggesting or actually withholding grades earned or deserved; suggesting a poor performance evaluation will be prepared; or suggesting a scholarship recommendation or college application will be denied.

5. Offering favors or educational or employment benefits, such as grades or promotions, favorable performance evaluations, favorable assignments, favorable duties, or shifts, recommendations, reclassification, etc., in exchange for sexual favors.

Complaint Procedure And Impact

Any individual who believes that he or she has been sexually harassed is encouraged to follow the complaint procedures as set forth in the District’s Discrimination Complaint Regulation R-2423. Throughout the procedures, the College President and the College/District Equity Officers will insure that confidentially will be maintained and that due process will be followed with respect to both parties. In the case of a student, it shall not affect grades, class selection, or other matters pertaining to his or her status as a student. In a situation where evidence is found that an allegation of sexual harassment is brought solely for the purpose of vexation, the appropriate disciplinary action will be taken. Sexual harassment policy, procedural steps, and forms are available from the campus Equity Officer, (916) 608-6531 or Vice President of Administration, (916) 608-6555.

Statement on Academic Freedom

Academic Freedom is essential for the fulfillment of the educational mission of the District and for the ability of faculty members to perform their professional duties. Faculty members have the principle right and responsibility to determine the methods of instruction, the planning and presentation of course materials, and the fair and equitable methods of assessment in their assignment in accordance with the approved curriculum and course outline and the educational mission of the District in accordance with state laws and regulations.

All faculty members should: (a) conduct a classroom environment that is conducive to student learning, growth, and development; in which students are free from discrimination, prejudice, and harassment; and in which students are free to express relevant ideas and opinions; and (b) clearly differentiate to students the expression of a faculty member’s personal opinions or convictions from the objective presentation of theory, fact or ideas.

Citizenship: In joining the academic community, students enjoy the right of freedom to learn and share the responsibility in exercising that freedom. Students are expected to conduct themselves in ways appropriate to the educational purposes of the college.

Faculty Performance Review: Students may be asked to complete a questionnaire in each class where the professor is undergoing performance review.

FLC Faculty Code of Ethics

1. Recognizing that, at times, students will give us gifts or offer us favors, we must be aware of potential implications. We should always demonstrate both the substance and the appearance of propriety by accepting only minimal gifts.

2. Acknowledging that student sensitivities should be respected, we must appreciate that remarks regarding gender, race, religious or ethnic group, physical handicap, learning disability, or sexual orientation are appropriate only in an educational context.
3. Since instructors are concerned with the welfare of students and since students will at times wish to share information of a personal nature, faculty may refer students to the college’s counseling center or appropriate community services for additional help and/or information.

4. Instructors should never engage in or condone sexual harassment. In the professional context, the term “sexual harassment” may be used to describe a wide range of behavior. However, the fundamental element is the unwelcome personal attention by an instructor who is in a position to determine a student’s grade or student employment or otherwise affect the student’s academic performance or professional future.

5. Academic interaction between students and instructors should always take place in an appropriate setting.

6. Recognizing that while amorous relationships are appropriate in other circumstances, we accept that such relationships are always inappropriate when they occur between any faculty member and a student currently enrolled in his or her class.

**Classified Staff Code of Ethics**

1. Recognizing that faculty and students will give us gifts or offer us favors, we must be aware of potential implications. We should always demonstrate both the substance and the appearance of propriety at all times.

2. Acknowledging that faculty and student sensitivities should be respected, we must appreciate that remarks regarding gender, race, religion, ethnicity, physical or learning disability, or sexual orientation are appropriate only in an educational context.

3. Since classified staff are concerned with the welfare of faculty and students and since either one will at times wish to share information of a personal nature, classified staff must, for additional help and/or information refer students to the college’s counseling center or office of Student Development; and, refer faculty to the Dean or Vice President of Instruction.

4. Classified staff should never engage in or condone sexual harassment. In the professional context, the term “sexual harassment” may be used to describe a wide range of behavior. However, the fundamental element is the unwelcome personal attention by a classified member to any person, staff, faculty, or student.

5. Classified staff interaction with students and faculty should always take place in an appropriate setting.
FLC envisions an education system in which specific rights, obligations, and expectations for students and education providers will be clearly expressed, so that all participants in the educational process, including families, can understand and respond to them. These rights, obligations, and expectations would define what we consider to be the essential elements of high-quality teaching and learning to which all students and education providers should have access. Folsom Lake College proposes that these rights, obligations, and expectations be defined as follows:

Every student has the right to:

- Be taught by a competent, fully qualified faculty member;
- Receive an education, including intervention when necessary, that is sufficient to allow successful transition into the next levels of education and into the workforce;
- Be provided access to high-quality learning materials and resources, including textbooks and technologies that foster and support the knowledge and skills s/he is expected to learn;
- Receive counseling and academic advising to assist in successful educational progress and planning;
- Be in a clean, modern, and safe environment that is conducive to learning;
- Be provided with sufficient information regarding educational, economic, social, and political options to be able to make informed choices for his or her future; and
- Receive information about financial support for postsecondary education attendance.

Every student would be expected to:

- Attend college regularly and participate in the educational opportunities that are provided;
- Commit to the level of effort needed to succeed; and
- Contribute to maintaining a safe, positive college environment.

The Los Rios Student Rights and Responsibilities document is based upon the following three fundamental concepts.

1. College students, citizens of the United States, and foreign guests are members of the academic community.
2. They have the same rights and freedoms that all citizens have as students, and must comply with federal and state laws and statutes.
3. Students must also comply with Los Rios Board policies and individual college rules and regulations.

Use and Release of Student Information (FERPA)

The Los Rios Board of Trustees, in order to meet the provisions of the Family Rights and Privacy Act of 1974 and the Education Code, has established policies giving students and parents of dependent students access to certain designated records. A summary of the rights and procedures for access are contained in the Students Rights and Responsibilities section of the Los Rios Community College District Policy manual. Complete copies of the Act, Education Code, and Board policies are available in the offices of Admissions and Records and Student Development & Enrollment Management. The primary rights afforded each student are the right to inspect and review his/her educational records, the right to seek to have the records amended, and the right to have some control over the disclosure of information from the records.

District Regulation 2265 provides for the release, without student consent, of Student Directory Information, i.e. student’s name, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and most recent previous public or private school attended. In addition, federal law provides that representatives of the U.S. Department of Defense shall be provided a student’s name, address, and telephone number for recruitment purposes. Students have the right to refuse the release of one or more such designated categories by submitting a written statement to the Admissions and Records Office.

Student Right-to-Know Program Completion

In compliance with the Student Right to Know and Campus Security Act of 1990, completion and transfer rates for students attending Folsom Lake College can be found on the California Community College State Chancellor’s Office Website at www.cccco.edu.

Student Academic Rights

The classroom (including laboratories, field trips, independent study, etc.) is the essential part of any college where freedom to learn should flourish. The instructor has the responsibility for the manner of instruction and the conduct of the classroom. The instructor should not act in any way that denies the rights of students as set forth below:

1. Students are free to take reasoned exception to the data or views offered in courses. It is the responsibility of the instructor to take every precaution to ensure that what is presented is factual. If the instructor’s presentation is in the opinion, belief, or debatable fact, it is the instructor’s responsibility to make this clear to the students. Students may be required to know thoroughly the particulars set forth by the instructor, but they are free to reserve personal judgment as to that which is presented in the classroom.

2. The student has the right to substantial presentations appropriate to the course. Unjustified failure of the instructor to meet or prepare for classes, which results in incompetent performance, is a legitimate ground for student complaints against the instructor.

3. The student has the right to a syllabus at the beginning of the course; prerequisites; requirements for grading; frequency and types of tests; and other information to assure student’s understanding of the nature and requirements of the course.

4. In preparing student publications, the editorial staff and faculty advisors shall be free from censorship and advance copy approval except as provided by published district
40

Folsom Lake College 2005-2006 Catalog

policy, statutes, or campus regulation. These publications should do the following:

a) Adhere to canons of responsible journalism, such as avoidance of libel, indecency, undocumented allegations, attacks on personal integrity, and the techniques of harassment and innuendo.

b) State on the editorial page that the opinions expressed are not necessarily those of the college or the student body.

5. Students shall have the right to take stands on issues, the right to examine and discuss questions of interest to them, and the right to support causes by orderly means which are in harmony with the regular functioning of the institution.

6. Students shall have the right to hear speakers on any subject and on-campus recognized student organizations shall have the right to present speakers on any subject. In addition, students shall have the right of free assembly on each campus subject to regulations that assure the regular functioning of the institution. The policies and regulations shall include reasonable provisions for the time, place, and manner of conducting these activities, but shall not prohibit the right of students to exercise free expression including, but not limited to, the use of bulletin boards, the distribution of printed materials or petitions, and the wearing of buttons, badges, and other insignia. Expression which is obscene, libelous, or slanderous according to current legal standards, or which so incites students as to create a clear and present danger of the commission of unlawful acts on college premises, or the violation of lawful District or college regulations, or the substantial disruption of the orderly operation of the college, shall be prohibited.

7. Students shall have the right to form an organization around any particular interest; this right will include the freedom to organize and to join student organizations subject to published campus and District regulations.

8. Students shall have the right to be informed on all campus matters that can be shown to be directly relevant to them by having a voice in decision making that affects their academic future with the exception of staff appointment, termination, and tenure. In case of conflict in determining what campus matters are relevant to students, the determination will be made by a campus-designated student, faculty, and administrative committee. In addition, student representatives shall be members of all faculty and administrative committees related to students’ concerns; such student representatives shall have a vote as committee members.

9. Students shall have the right to have their academic records treated in a confidential and responsible manner with due regard to the personal nature of the information these records contain. Students’ records will be released only on the written consent of the students or as provided by law.

10. Students shall have the right to file a grievance as outlined in the procedures of the District Student Grievance Policy, in the event of an alleged breach of their rights. The designated Grievance Officer will hear grievances of students who believe their academic rights have been denied or violated.

Academic Integrity and Responsibility—Plagiarism Policy

All students enrolled at Folsom Lake College are expected to act honestly, conscientiously, and most importantly, with honor and integrity in all academic endeavors. Students are accountable for all that they say and write. Since trust is the foundation of an intellectual community, and since the student’s work is the basis for instructors to evaluate student performance in courses, students should not misrepresent their work nor give or receive unauthorized assistance.

Should any impropriety occur related to academic dishonesty the faculty member has the right to choose whether or not to pursue suspected cases of plagiarism. Regulation 2441 of the Los Rios Community College District, in compliance with the Education Code allows for the suspension of a student who has committed an act of academic dishonesty. Dishonesty can include cheating, plagiarism or furnishing false information to the college, forgery, and alteration or misuse of college documents, records or identification. A complete description of the Academic Integrity and Responsibility-Plagiarism Policy is posted on the college website for review. For further information on students’ rights, please refer to the Dean or Vice President for Student Development and Enrollment Management.

Student Responsibilities

Admission to college assumes the expectation that the student will be a responsible member of the college community; will obey the law; comply with the published rules and regulations of the college; respect the rights, privileges, and property of the other members of the college community; and not interfere with legitimate college affairs. Students enrolled in a class are responsible for meeting standards of performance and conduct established by the Los Rios Community College District and the instructor. Students are responsible for registering and “adding” and “dropping” classes in a timely fashion, to insure that others will have an opportunity to take classes. Students are responsible for completing and submitting all class assignments, examinations, tests, projects, reports, etc., by scheduled due dates, or face penalties. If any problem arises regarding course work or attendance, the student will be held responsible for initiating communication and contact with the instructor. In addition, students will be held responsible for behavior and conduct adverse to the preservation of order as established by the college and the instructor. Students are responsible for meeting their degree requirements as provided in the college catalog.

Students also have the responsibility to use information technology resources effectively. Each user has the responsibility to:

- Use the resources appropriately and efficiently;
- Respect the freedom and privacy of others;
- Protect the stability and security of the resources; and
- Understand and fully abide by established college policies and applicable public laws.

In the case of student conduct which involves an alleged or proven violation of criminal law, the disciplinary authority of the college will not be used to duplicate the function of criminal authority. Disciplinary action may be taken if the conduct also involves a violation of District or campus policy.
Student Conduct Code
A student enrolling in one of the Los Rios colleges may rightfully expect that students, faculty, and administrators will maintain an environment in which there is freedom to learn.

Student conduct must comply with federal and state laws, college rules and regulations, and District policies and regulations. Students who violate such rules and regulations are subject to disciplinary action.

- Willful disobedience, disruptive behavior, profanity or vulgarity, or the abuse of the college.
- Persistent serious misconduct.
- Violation of college rules and regulations including those concerning student organizations, the use of college facilities, or the time, place, and manner of public expression or distribution of materials.
- Dishonestly, such as cheating, plagiarism, or knowingly furnishing false information to the college.
- Unauthorized entry to or use of the facilities.
- Forgery, alteration, or misuse of college documents, records, or identification.
- Obstruction or disruption of teaching, or other authorized college activities.
- Theft of or damage to property, or the possession of stolen property belonging to the college, a member of the college community, or a campus visitor.
- Misconduct which results in injury or death to a student or college personnel, or which results in injury to any real or personal property owned by the District.
- Soliciting or assisting another to do any act which would subject a student to discipline.
- Assault or battery, sexual assault, abuse, or any threat of force or violence directed toward any member of the college community.
- Use, possession, distribution or being under the influence of alcoholic beverages, narcotics, or dangerous drugs.
- Knowing possession or use of explosives, dangerous chemicals, or deadly weapons on college property.
- Knowingly access and without permission, alter, damage, copy, delete, destroy or otherwise use any data, computer program, computer system, or computer network.
- Smoking in any posted no-smoking area.

Discipline Process
An instructor may remove a student from the class and the next meeting for violation of the Code of Conduct.

Procedure
1. The Disciplinary Authority is notified verbally and in writing within three (3) instructional days of an infraction committed by a student.
2. The student is informed by the Disciplinary Authority of the alleged infraction and of the time and place of the investigative meeting with the Disciplinary Authority.
3. The Disciplinary Authority shall interview the student for the purpose of discussing the alleged misconduct and disciplinary action, if any, which should be taken.
4. The Disciplinary Authority may initiate disciplinary action by notifying the Chief Student Services Officer and serving such notice on the student charged.

Action
Students are subject to the following disciplinary actions:
1. Probation via verbal or written reprimand.
2. Suspension from classes/activities for a specified time.
3. Expulsion from the District.

Appeal
1. The notice of disciplinary action shall contain a statement affording the student the right to appeal by submitting a letter of appeal not later than seven (7) days after service of notice.
2. If no appeal is filed in the prescribed time, the disciplinary action shall be referred to the College President for approval, rejection, or modification.
3. If an appeal is filed within the prescribed time, a Disciplinary Appeals Committee shall conduct a hearing.
4. The Disciplinary Appeals Committee shall prepare a written decision that includes findings of facts, conclusion regarding whether the infraction occurred, and a recommendation for disciplinary action within ten (10) days of conclusion of hearing.
5. The decision of the Disciplinary Appeals Committee is transmitted to the President for approval, rejection, or modification. The decision of the President is final.

Expulsion
If the President recommends expulsion, the decision is referred to the District Chancellor for approval, rejection, or modification. The Board of Trustees must approve recommendation for expulsion. The decision of the Board of Trustees is final.

Student Grievance Policy
It is the intent of the Los Rios Board of Trustees to provide prompt and equitable means for resolving student grievances.

A student may file a grievance or grieve an action or decision of the District or one of its colleges when the student’s status and/or rights have been adversely affected.

Grievances relating to grades are subject to Education Code Section 76224(a), which reads:

“When grades are given for any course of instruction taught in a community college district, the grade given to each student shall be the grade determined by the instructor of the course and the determination of the student’s grade by the instructor, in the absence of mistake, fraud, bad faith, or incompetency, shall be final.”
Alcohol and Drug Policy

The abuse of illicit drugs and alcohol disrupts classes, compromises our physical and mental health, subjects us to criminal penalties, and impairs our ability to benefit from the learning experience. We therefore ask you to actively support the creation of a drug- and alcohol-free learning environment by knowing and making others aware of college policies and the substantial health and legal consequences of abuse. If you or someone you know is having problems with alcohol or drugs, contact one of the agencies listed under “Confidential Assistance.”

District Policy

Los Rios Community College District policy 2443 states that the District “is committed to maintaining a drug- and alcohol-free workplace in accordance with the requirements of the U.S. Drug-Free Workplace Act of 1988, and a drug- and alcohol-free college environment for students and employees in accordance with the requirements of the Drug-Free Schools and Community Act Amendment of 1989.”

Legal Sanctions

The LRCCD Standards of Student Conduct prohibit the use, sale, or possession on campus of, or presence on campus under the influence of, any controlled substance. Controlled substances include cocaine, marijuana, LSD, heroin, methadone, mescaline, peyote, and methaqualone, among others.

If you abuse drugs or alcohol on campus, or appear on campus or at a college-sponsored function under the influence of drugs or alcohol, you can be suspended, expelled, and/or criminally prosecuted. The penalties for the more common offenses are:

- Possession or use of alcohol: year in jail and/or fine
- Possession of marijuana: criminal citation and fine
- Possession of cocaine: imprisonment in a state prison
- Sales of any illegal drug: imprisonment in a state prison
- Possession or use of alcohol by a minor: one year in jail and/or fine
- If you are a student employee, you may be terminated
- You are required to report any convictions within five days of the occurrence
- You will be ineligible for financial aid

Health Consequences

Use or misuse of controlled substances can lead to overdose, sudden death, liver disease, psychological disorders, brain damage; long-term alcohol abuse can cause ulcers, gastritis, pancreatitis, liver disease, cancer, loss of coordination, heart disease, stroke, emotional distress, sexual dysfunction, and other health problems.

Occasional misuse may cause:

- Impaired learning due to drowsiness, memory loss, and indifference to academic achievement.
- Impaired judgment leading to accidents, unwanted pregnancy, sexually transmitted diseases, violent behavior, and financial problems
- Any drug used intravenously can spread AIDS or hepatitis.

- Using the Internet to gain unauthorized access to any computer.
- Engaging in personal attacks: writing bullying, intimidating, threatening or harassing entries.
- Making threats (directed towards others or yourself) without expecting the recipients of those threats, the college, and the police to consider them real.
- Transmitting information that contains obscene, indecent, lewd or lascivious material or other material that explicitly or implicitly refers to sexual conduct. This includes displaying such material where other individuals could potentially view it.
- Inappropriate mass mailing, which includes multiple mailing to newsgroups, mailing lists, or individuals, e.g. “spamming”, “flooding”, or “bombing”.

Attempts by students to obtain, manipulate, delete or change the contents of another user’s files, passwords, etc., are regarded as infractions of the January 1980 California Computer Crime Penal Code (Senate Bill No. 66). Attempts to “break” the operating system constitute a felony under this law.
Campus Traffic Regulations

The college has posted both maximum speed limits and designated parking areas. It is the responsibility of all students, staff, and visitors to observe and honor these traffic regulations. All violators will be cited.

The issuance of a semester parking permit or daily parking ticket does not guarantee parking availability. The responsibility of finding a legal parking space rests with the motor vehicle operator. Lack of parking spaces on campus is not considered a valid reason for violation of Los Rios parking regulations and California Vehicle Code provisions. Vehicles displaying a valid parking permit may only park in spaces designated for student parking. A valid parking permit or valid daily parking ticket is required from 7:00 a.m. to 11:00 p.m. Monday through Thursday, and 7:00 a.m. to 5:00 p.m. on Friday whenever classes are in session. Parking regulations will be enforced 24 hours a day, seven days per week (LRCCD-2252).

Safety Awareness and Crime Prevention

Safety at Folsom Lake College is everybody’s business. Students, staff, and faculty are partners with the college in creating an atmosphere that is safe and encourages learning.

Folsom Lake College is a diverse community within a community. During the school year, we have more than 8,500 students, 63 full-time faculty, over 190 part-time faculty and a support staff of 60 working together. At the same time, the college is very much a part of the greater Sacramento metropolitan area and El Dorado County.

The college is a community center for lifelong learning through education, cultural, and recreational programs. Many community members visit and use the services the college offers seven days a week. The college strives to be accessible to the community and welcomes the use of its facilities.

No community, of course, can be totally risk-free in today’s society. Folsom Lake College and its centers strongly believes it has a major role in providing a safe learning environment, but, also, is realistic enough to recognize that students, staff and faculty must come together in a strong partnership and use common sense precautions to reduce the opportunity for criminal/anti-social activities. Theft, assaults, and other crimes happen at Folsom Lake College just as at many other college campuses.

To reduce the possibility that any student may be exposed to potential hazards, Folsom Lake College has taken many steps, described herein, to reduce whatever risks there may be. All of us can further reduce risks by thinking about personal safety and taking common sense precautions.

Safety programs at Folsom Lake College are under the direction of the Vice President of Administration. The college takes a proactive approach to campus safety that is best viewed as education, prevention, and ability to respond to questionable events.

Safety Education

The key to crime prevention is an awareness gained through education. At Folsom Lake College, the College Police department, staff, faculty, and students work together and take responsibility for their own safety and are ready to help others in time of need. This is a very potent force.

The vast majority of incidents on college campuses can be avoided if the college population recognizes they are potential victims and take basic precautions, such as using the “buddy system” when walking at night, locking car doors, and not leaving valuables unattended. The College Police department is available to meet with groups or individuals to discuss anti-crime tactics or any anti-social activities.

Folsom Lake College encourages reporting of all crimes, even minor crimes, and any suspicious activity. The College Police department would rather have a hundred unfounded calls of suspicious activities than miss one call when a crime is occurring. We need to know about crimes that occur. If we are not informed of a crime, we cannot advise and help students, faculty, and staff.

Crimes occurring on campus should be reported immediately to a College Police officer. When appropriate, College Police will contact the local law enforcement agency for assistance and/or to conduct an investigation. A College Police report will be made; a copy of the report will be made available to the reporting individual provided he/she is the victim of the crime. Officers may be contacted by telephone or by coming to the Police office located at Folsom Lake College in FLP 2 or at El Dorado Center in the Maintenance Building, room 4.

Prevention

The college actively supports crime prevention through a number of programs. These include:

- **Emergency automobile assistance.** While not mechanics, College Police officers are equipped and trained to start cars with dead batteries or unlock non-electric car doors. Proper identification is required for the performance of these services.

- **Firearms.** Firearms are not permitted on campus except for professional law enforcement officers. Persons with firearms on campus will be subject to disciplinary action. (LRCCD Regulation 2441)

- **Alcohol.** Consumption of or being under the influence of alcohol while on campus is strictly prohibited. Violators are subject to suspension, expulsion, and/or criminal prosecution. (LRCCD Policy 2443)

- **Emergency Telephones.** Outdoor emergency telephones have been installed at strategic locations throughout the Folsom Lake College main campus. These phones, when accessed, will automatically connect the caller to the College Police department.

- **Illegal Drugs.** Folsom Lake College is committed to being a drug-free campus. Violators will be subject to disciplinary procedures. The use, sale, or possession on campus of, or presence on campus under the influence of, any controlled substance is strictly prohibited. Violators are subject to suspension, expulsion, and/or criminal prosecution. (LRCCD Policy 2441 and 2443)
• **Children on Campus.** It is not appropriate for children to attend classes with their parents. All children on campus must be under the direct supervision of a parent, guardian, or other authorized adult. Unattended or disruptive children will be reported to the proper authorities.

• **Parking.** Remember that Folsom Lake College and El Dorado Center follow the same parking regulations as the City of Folsom and the Counties of Sacramento and El Dorado. Vehicles not having a valid parking decal or daily ticket properly displayed will be issued a parking citation. There is a $275 fine for parking in designated disabled spaces (including hatch marks next to disabled spaces) without a state-issued disabled decal or plate.

Students attending Rancho Cordova Center are reminded that parking is not allowed in spaces designated for other tenants in the business complex between 8:00 a.m. and 5:00 p.m. This is enforced through common courtesy and security patrol.

• **Sexual Harassment.** Sexual harassment in any situation is unacceptable and is in violation of state and federal laws and regulations. Corrective action will be taken where evidence of sexual harassment is found. (LRCCD Policy 2424).

College Police officers are also available to address classes about prevention of crime.

### Reporting Sexual Assault

1.0 **Procedure**

1.1 It is the objective of the college, in accord with EC67385, that students, faculty, and staff who are victims of sexual assault committed at or upon the grounds of or upon off-campus grounds or facilities maintained by the college shall receive information and referral to treatment. This information shall be provided with sensitivity and in consideration of the personal needs of the victim.

2.0 **Notification**

2.1 Any student, faculty, or staff member who is a victim of sexual assault at a college facility as defined above should notify the College Police Department. With the consent of the victim, the College Police Department will notify the Dean of Student Development and Enrollment Management.

3.0 **Legal reporting**

3.1 Pursuant to legal requirements the College Police Department will notify the appropriate local law enforcement agency of the reported sexual assault.

3.2 In accord with the Campus Crime Awareness and Security Act of 1990, the college, on an annual basis, shall notify students and employees of statistics concerning specific types of crime, including sexual assault. This notice shall be made through appropriate publications/mailings.

3.3 In case of violent crimes considered to be a threat to other students and employees, the college shall make timely reports, respecting the confidentiality of the victim, to the college community in a manner that will aid in the prevention of similar occurrences.

4.0 **Campus services and resources**

4.1 Upon notification of a sexual assault, the College Police Department will make available to the victim a description of campus resources and services available to the victim as well as appropriate off-campus services. This listing of resources and services shall be updated each September 1 or more frequently as required.

4.2 The listing of resources and services shall be available through the College Police Department and the Counseling Department.

4.3 A victim of sexual assault shall be provided with information about the existence of at least the following options: criminal prosecutions, civil prosecutions, the disciplinary process through the college, the availability of mediation, academic assistance alternatives, and mental health counseling.

5.0 **Case management**

5.1 A victim of sexual assault shall be kept informed by the College President/designee of the status of and disposition of any District/College disciplinary proceedings in connection with the sexual assault.

5.2 The Counseling Department shall assist, upon request, the victim of sexual assault in dealing with academic difficulties that may arise because of the victimization and its impact.

6.0 **Confidentiality and requests for information**

6.1 The identity of a victim of sexual assault shall remain confidential unless otherwise prescribed by law. Requests for information regarding the sexual assault from the press, concerned students, and parents will be handled by the College Public Information Office in accord with these regulations, the Family Educational Rights and Privacy Act, applicable California Education and Administrative Code sections, and Los Rios Community College District Policy.

7.0 **Dissemination of Procedure**

7.1 These procedures shall be published in all student, faculty, and staff handbooks and shall be given to any student or employee who is the victim of sexual assault.

---

*Students who are required to comply with PC 290 must contact the College Police immediately. (916) 608-6588, Portable Building 2.*

This information is updated annually and is available to all students, employees, and applicants. Additional information is available from College Police personnel. Any serious crime involving potential bodily harm will be reported promptly to staff and students.

In 1998, the federal government passed “The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act”, formerly “The Student Right to Know Act” of 1990. Folsom Lake College must annually distribute statistics on the reported occurrences of the following offenses:

- Murder
- Sex Offenses - forcible (rape, sodomy, rape with a foreign object and forcible fondling (sexual battery))
- Sex Offenses - non-forcible (incest and statutory rape)
- Robbery
- Aggravated Assault
- Burglary
- Motor Vehicle Theft
- Manslaughter
- Arson
- Statistics involving the aforementioned offenses or others involving bodily injury where there is evidence of victim selection based upon actual or perceived race, gender, religion, sexual orientation, ethnicity or disability (hate crimes).
- Arrests or persons referred for campus disciplinary action for liquor law violations, drug abuse violations and weapons possession.

These offenses must be reported according to their occurrence in the following location categories:

- Campus-campus property
- Non-campus building or property-officially recognized by Los Rios Community College District
- Public Property, reasonably contiguous to the campus

These statistics reflect the number of crime reports occurring in the above listed areas from both College Police and other Los Rios Community College District/ Folsom Lake College Campus Security Authorities (other than College Police) for the offense categories under The Clery Act of 1998. Although every effort has been made to avoid duplication between College Police and other official reports, individual incidents may be reported more than once within the same calendar year. Furthermore, some incidents reported to and by other College Officials may not actually meet the criteria and guidelines set forth by The Clery Act for mandated reporting purposes.

Criminal activity if any, at off-campus locations are required to be monitored and recorded through local police agencies. This is required under 20 USC 1092(f) The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act.

In cases of criminal activities at off-campus locations, the local agency will create a police report and case number for each incident, pursuant to their own procedures for recording criminal incident reports and using FBI Uniform Crime Reporting standards. LRPD/CRC-FLC shall request these statistics under Clery Act offense categories, for each location that meets the criteria for off-campus property.

All statistics are available in the college catalog and College Police Office.

### Accounting (ACCT)

#### ACCT 101
**Fundamentals of College Accounting**

- **Units**: 3
- **Formerly**: ACCT 60
- **Prerequisite**: None
- **Hours**: 54 hours LEC

This accounting course focuses on basic accounting principles which emphasizes a practical application approach to the use of accounts, journals, ledgers, and financial statements. This course is recommended for students who intend to seek employment in the business office of a sole proprietorship organized for service or sales activity.

#### ACCT 103
**Intermediate Accounting**

- **Units**: 3
- **Formerly**: ACCT 91A
- **Prerequisite**: ACCT 301. Grade of “C” or better required to meet prerequisite.
- **Hours**: 54 hours LEC

This course provides a continuing study of the measurement and reporting of operations and the financial condition of profit-directed business entities. Special emphasis will be given to the valuation of assets using the Financial Accounting Standards Board (FASB) as authority. Completion of ACCT 103 and 104 is required to complete the “advanced accounting” requirement for accounting classifications in state service. This course is not intended for transfer to a four-year college.

#### ACCT 104
**Intermediate Accounting**

- **Units**: 3
- **Formerly**: ACCT 91B
- **Prerequisite**: ACCT 103. Grade of “C” or better required to meet prerequisite.
- **Hours**: 54 hours LEC

This course is a continuing study of the measurement and reporting of the results of operations and the financial position of profit-directed business entities. An emphasis is placed on accounting for stockholder’s equity, long-term liabilities, retained earnings, and dividends. This course and ACCT 103 constitute the “advanced accounting” requirement for some professional-level accounting classifications in California state service. This course is not intended for transfer to a four-year college.
ACCT 107  
Auditing  
3 Units  
Formerly: ACCT 93  
Prerequisite: None  
Advisory: ACCT 301.  
Hours: 54 hours LEC  
The procedures and practices used in the verification of financial statement balances and accounting transactions will be the focus of the course. The types of audits and audit occupations as well as the legal liabilities of the auditor will be discussed. This course is acceptable as elective units toward civil service professional accounting education requirements.

ACCT 111  
Cost Accounting  
3 Units  
Formerly: ACCT 92  
Prerequisite: None  
Advisory: ACCT 311.  
Hours: 54 hours LEC  
This course is an introduction to cost accounting methods, including job order, process and standard cost system. Special attention will be given to managerial uses of cost accounting. This course is not intended for transfer to a four-year college.

ACCT 121  
Payroll Accounting  
3 Units  
Formerly: ACCT 70  
Prerequisite: None  
Advisory: ACCT 101.  
Hours: 54 hours LEC  
This is a study of payroll and personnel records, procedures and regulations. The course will include a study of the various California and Federal laws pertaining to the computation of earnings and withholdings. Payroll tax payment requirements and preparation of the employer’s California and Federal payroll tax reports will be included. A comprehensive simulation project will be completed as part of the course. The project will include one quarterly payroll reporting cycle.

ACCT 125  
Federal and State Taxation  
4 Units  
Formerly: ACCT 77  
Prerequisite: None  
Hours: 72 hours LEC  
This course is a study of basic Federal and State Income Tax regulations with an emphasis on the skills necessary for the preparation of individual income tax returns. Included are filing requirements, determination of taxable income, allowable deductions, tax computation, tax credits, other taxes, payment methods, and audit procedures. The course is acceptable as elective for civil service professional accounting operations and recommended for accounting majors.

Anthropology (ANTH)

ANTH300
Physical Anthropology 3 Units
Formerly: ANTH 1
Prerequisite: None
Course Transferable to UC/CSU
(CAN ANTH 2)
Hours: 54 hours LEC
This introductory course analyzes the human place in nature. The class focuses on how humans evolved and the unique role of culture in our evolution and how genetics and reproduction shape our lives. The course also covers the classification and distribution of living and extinct human populations, how we determine the geological age of our ancestors, and our relationship to non-human primates such as apes and monkeys.

ANTH301
Physical Anthropology Laboratory 1 Unit
Formerly: ANTH 11
Prerequisite: None
Advisory: Concurrent or previous enrollment in ANTH 300 or other natural science course.
Course Transferable to UC/CSU
Hours: 54 hours LAB
This is an introductory laboratory course dealing with human evolution, human, ape and monkey bone identification (osteology). Identification and measurement of skeletons, determining age and sex from bones, examination of human fossils, forensics, monkey and ape behavior as well as human development will be covered.

ANTH310
Cultural Anthropology 3 Units
Formerly: ANTH 2
Prerequisite: None
Course Transferable to UC/CSU
(CAN ANTH 4)
Hours: 54 hours LEC
This course is an introduction to the varieties of customs and forms of social life of human beings, in both western and non-western peoples, with the aim of understanding the structure and functioning of societies. Also analyzed are multicultural customs and their usefulness in the societies in which they occur and how culture is flexible and adaptive in a variety of settings.

ANTH319
Introduction to Ethnographic Film 3 Units
Prerequisite: None
Course Transferable to UC/CSU
Hours: 54 hours LEC
This course provides an introduction to the use of film by anthropologists as a research and educational tool. Students will view and evaluate a series of films depicting different cultures from around the world. Analysis will focus on examining various attributes of ethnographic film and their treatment by a number of anthropological filmmakers.
ANTH 320  
Introduction to Archaeology and World Prehistory  3 Units  
**Prerequisite:** None  
Course Transferable to UC/CSU  
Hours: 54 hours LEC  
This course introduces students to the discipline of archaeology and provides a broad survey of world prehistory. Students will explore the fundamental principles, theoretical approaches and methods utilized by archaeologists to reconstruct prehistory, and will explore a sample of the major developments of human prehistory from the Upper Paleolithic period forward. Examples of the archaeological record will be drawn from all major geographic areas of the world.

ANTH 330  
Magic, Witchcraft and Religion  3 Units  
Formerly: ANTH 12  
**Prerequisite:** None  
Course Transferable to UC/CSU  
Hours: 54 hours LEC  
This is a cross-cultural study of the forms and functions of supernatural beliefs and associated rituals in various societies of Africa, Asia, aboriginal Australia, Oceania, South America, native North America and elsewhere. The emphasis of the course is on understanding beliefs and rituals within their social contexts, and on broad comparisons to derive insight into the general functions of beliefs and rituals in human life. A field trip may be included in the course activities.

ANTH 390  
Anthropology Field Study  .5-4 Units  
Formerly: ANTH 2  
**Prerequisite:** None  
Course Transferable to CSU  
Hours: 12 hours LEC; 18 hours LAB  
This course provides an opportunity for first hand observation of a variety of historic and prehistoric sites in the Sierra foothills environment, as well as an examination of museum collections and presentation techniques of cultural materials. Depending on availability, it includes visits to active excavations in the area. This class is ideal for future teachers and those interested in the interpretation field.

ANTH 392  
Principles of Heritage Interpretation  3 Units  
**Prerequisite:** None  
Course Transferable to CSU  
Hours: 54 hours LEC  
This interdisciplinary course covers the basics of interpreting historical, cultural, and natural resources to the general public. Interpretation is a communication process that forges emotional and intellectual connections between the interests of the audience and the inherent meanings of the resource. Topics will include: developing audience awareness; understanding resource identification; developing a program using a thematic approach; writing measurable performance objectives; and learning program delivery techniques. Completion of this course will qualify students to apply for professional certification through the National Association for Interpretation as a Certified Interpretive Guide (CIG). This course is recommended for students interested in history, biology, anthropology, recreation, education, and communication. Not open to students who have received credit for biology 392 or history 392.

Student may wish to challenge the prerequisite by presenting to the instructor a portfolio of their work.

ART 305
Figure Drawing and Composition 3 Units
Formerly: ART 12B
Prerequisite: ART 304. Grade of “C” or better required to meet prerequisite. Course Transferable to UC/CSU (ART 304 & 305 together = CAN ART 24) Hours: 36 hours LEC ; 54 hours LAB
This course utilizes the skills acquired in ART 304 to pursue more complex work in figure drawing. There will be lecture, class work, and discussion of proportion, anatomy, and the relationship of the figure to its environment spatially and compositionally. This course may be taken two times for credit.

ART 307
Rendering 3 Units
Formerly: ART 13
Prerequisite: ART 300. Grade of “C” or better required to meet prerequisite. Course Transferable to UC/CSU Hours: 36 hours LEC ; 54 hours LAB
This course covers problems in linear and tonal drawing techniques resulting in the accurate representation of objects and their environments. This class may be taken two times for credit.

ART 312
Portrait Drawing 3 Units
Formerly: ART 36
Prerequisite: None
Course Transferable to UC/CSU Hours: 36 hours LEC ; 54 hours LAB
This course is an introduction to and exploration of the human face as a subject in art. Focus will be placed on the development of skills needed to portray specific individuals rather than a generalized image. This is primarily a practice course including elements of the history and traditions of portraiture as well as anatomy. The course may be taken two times for credit.

ART 316
Cartooning 3 Units
Formerly: ART 22
Prerequisite: ART 300. Grade of “C” or better required to meet prerequisite. Course Transferable to UC/CSU Hours: 36 hours LEC ; 54 hours LAB
This course is an introduction to cartoon drawing, styles, and content development as used for comic strips, commercial art, graphic design, periodicals, political cartoons, and animation. This course may be taken two times for credit.

ART 320
Design: Fundamentals 3 Units
Formerly: ART 14
Prerequisite: None
Course Transferable to UC/CSU Hours: 36 hours LEC ; 54 hours LAB
This course is comprised of lectures and projects concentrating on the elements of design (line, shape, color, texture, form, space) and the principles of organization (such as unity, variety, contrast, balance, emphasis, etc.) as applicable to both the fine and applied arts.

ART 323
Design: Color Theory 3 Units
Formerly: ART 15B
Prerequisite: None
Course Transferable to UC/CSU Hours: 36 hours LEC ; 54 hours LAB
The course will cover a series of studio problems in the use and understanding of color and its applications in fine and applied arts such as graphic, interior, and product design. The basics of color theory, interaction, and psychology will be addressed in lecture and projects. It also includes image and composition as related to the use of color both functionally and creatively.

ART 327
Painting 3 Units
Formerly: ART 17A
Prerequisite: ART 300. Grade of “C” or better required to meet prerequisite. Course Transferable to UC/CSU Hours: 36 hours LEC ; 54 hours LAB
This is an introduction to the tools, materials, and techniques of painting. Coursework includes exercises in light and color theory, description of form, color and its applications in fine and applied arts. (such as unity, variety, contrast, balance, emphasis, etc.) as applicable to both the fine and applied arts.

ART 328
Painting 3 Units
Formerly: ART 17B
Prerequisite: ART 327. Grade of “C” or better required to meet prerequisite. Course Transferable to UC/CSU Hours: 36 hours LEC ; 54 hours LAB
This is an intermediate studio course for the student who wishes to develop greater technical skills and problem-solving ability in a more independent framework. The student will initiate and execute progressively complex problems and assignments. This course may be taken two times for credit.
ART 336  
Watercolor Painting 3 Units  
Formerly: ART 20A  
Prerequisite: ART 300. Grade of “C” or better required to meet prerequisite.  
Course Transferable to UC/CSU  
Hours: 36 hours LEC; 54 hours LAB  
This is an introduction to transparent watercolor painting. The class covers media, methods of brush painting, representational and non-representational composition, color relationships, and creative resolutions to watercolor problems. This course may be taken two times for credit.

ART 337  
Intermediate Watercolor Painting 3 Units  
Formerly: ART 20B  
Prerequisite: ART 336. Grade of “C” or better required to meet prerequisite.  
Course Transferable to UC/CSU  
Hours: 36 hours LEC; 54 hours LAB  
This class builds on skills developed in ART 336. It includes an in-depth study of contemporary methods and concepts in transparent watercolor. Emphasis is given to different approaches in watercolor, composition, technical problems and solutions, and individual style development. This course may be taken two times for credit. Students may wish to challenge the prerequisite on the basis of equivalent experience.

ART 361  
Printmaking: Survey 3 Units  
Formerly: ART 39A  
Prerequisite: None  
Course Transferable to UC/CSU  
Hours: 36 hours LEC; 54 hours LAB  
This is a printmaking survey course which may include relief (wood and linoleum), intaglio (etching and drypoint), stencil (silkscreening) and monoprint processes. This course may be taken two times for credit. This course has an additional lab fee.

ART 370  
Three Dimensional Design 3 Units  
Formerly: ART 16  
Prerequisite: None  
Course Transferable to UC/CSU (CAN ART 16)  
Hours: 36 hours LEC; 54 hours LAB  
This is a studio course covering the analysis of historical and contemporary designs and the resolution of technical and conceptual problems (using a variety of media such as: wood, fabric, glass, etc.) by the creation of 3-dimensional forms. Form, color, space, composition, and other formal values are integrated throughout the semester.

ART 371  
Sculpture 3 Units  
Formerly: ART 21A  
Prerequisite: None  
Course Transferable to UC/CSU (CAN ART 12)  
Hours: 36 hours LEC; 54 hours LAB  
This is a basic practice class in the expressive use of form and color in space. The student will use a variety of media, including plaster, wood, glass, clay, or stone. Creative effort, development of individual expression, new ideas, and knowledge of technical processes will be stressed. Content will be developed by using both historical and contemporary approaches. This course may be taken two times for credit.

ART 372  
Sculpture 3 Units  
Formerly: ART 21B  
Prerequisite: ART 372. Grade of “C” or better required to meet prerequisite.  
Course Transferable to UC/CSU  
Hours: 36 hours LEC; 54 hours LAB  
This course further develops concepts and techniques acquired in ART 372 in the expressive use of form and color in space. The student will concentrate on given aspects of spatial relationships and the concept of a series, related grouping, or progression of sculpture. This course may be taken two times for credit. Students may wish to challenge the prerequisite on the basis of equivalent experience.

ART 402  
Beginning Clay Sculpture 3 Units  
Formerly: ART 34A  
Prerequisite: None  
Course Transferable to UC/CSU  
Hours: 36 hours LEC; 54 hours LAB  
This course is an introductory class in ceramic sculpture techniques and methods. The class includes glazing and firing processes used in clay sculpture. Lectures and group discussions will be conducted in connection with the course. This class may be taken two times for credit.

ART 404  
Intermediate Clay Sculpture 3 Units  
Formerly: ART 34B  
Prerequisite: ART 402. Grade of “C” or better required to meet prerequisite.  
Course Transferable to UC/CSU  
Hours: 36 hours LEC; 54 hours LAB  
This course is an intermediate class in ceramic sculpture techniques and methods. The class will include glazing, surface treatment and various firing processes used in clay sculpture. Focus will be placed on in-depth examination of contemporary ceramic sculpture. This class may be taken two times for credit.

ART 430  
Art and Children 3 Units  
Formerly: ART 26  
Prerequisite: None  
Course Transferable to CSU  
Hours: 45 hours LEC; 27 hours LAB  
This is an exploratory course in children’s art, dealing with the three aspects of art: seeing and feeling visual relationships, producing works of art, and knowing and understanding art objects. At each age and grade level, art will be selected as it relates to the child’s growth and development. Suggested for recreational leadership, preschool or elementary teachers, and care givers.

ART 494  
Topics in Art .5-4 Units  
Formerly: ART 42  
Prerequisite: None  
Advisory: ART 300 and 320.  
Course Transferable to UC/CSU; UC-See Counselor  
Hours: Variable  
Designed to give students an opportunity to study topics not included in current course offerings. May be taken four times for credit, providing there is no duplication of topics.
ART 495
Independent Studies in Art
1-3 Units
Formerly: ART 49I
Prerequisite: None
Course Transferable to CSU
Hours: Variable
See Catalog under Alternative Credit/Study Options

ART 499
Experimental Offering in Art
.5-4 Units
Formerly: ART 49
Prerequisite: None
Course Transferable to UC/CSU; UC-See Counselor
Hours: Variable
See Catalog under Alternative Credit/Study Options

Art History (ARTH)

ARTH 300
Introduction to Art
3 Units
Formerly: ART 10
Prerequisite: None
Course Transferable to UC/CSU
Hours: 54 hours LEC
This is an overview of the visual arts including: drawing, sculpture, artifacts, architecture, painting, and printmaking. We will examine the materials, methods, design principles, and rationale of creating. This course is recommended as a basis for the understanding of art.

ARTH 309
Art Survey: Renaissance to 19th Century
3 Units
Formerly: ART 4
Prerequisite: None
Course Transferable to UC/CSU
(CAN ART 4) (ARTH 303 & ARTH 309 = CAN ART SEQ A)
Hours: 54 hours LEC
This course covers the architecture, graphic art, artifacts, painting and sculpture of world cultures from Renaissance period through the 19th Century.

ARTH 311
Art Survey: Modern Art
3 Units
Formerly: ART 5
Prerequisite: None
Course Transferable to UC/CSU
Hours: 54 hours LEC
This course presents the study and evaluation of diverse art forms of world cultures from late 19th Century through the 21st Century.

ARTH 312
Women in Art
3 Units
Formerly: ART 35
Prerequisite: None
Course Transferable to UC/CSU
Hours: 54 hours LEC
This is a survey course of women’s art from the Middle Ages to the present; including the art of both European and non-European cultures. This course is presented through slide lecture and discussion which will include historical and cultural context, limitations imposed by society, and the differences and similarities of other artists in each period.

ARTH 326
Traditional Native American Art
3 Units
Formerly: ART 47
Prerequisite: None
Course Transferable to UC/CSU
Hours: 54 hours LEC
Traditional Native American cultures exemplified their religious philosophy and reverence for nature in the utilitarian and art objects they created with clay, stone, fiber and wood. This class introduces the history, culture, mythology and art of the Southwest, Nevada and California Native Americans.

ARTH 332
Asian Art
3 Units
Formerly: ART 9
Prerequisite: None
Course Transferable to UC/CSU
Hours: 54 hours LEC
This course is an introduction to and comparative survey of the major forms and trends in the arts, architecture and artifacts of Asia from the Neolithic to the contemporary. The role of secular and religious ideas and ideals are examined, the similarities and differences among the cultures are assessed and the contributions to world culture are appraised to create understanding, appreciation and tolerance.

ARTH 499
Experimental Offering in Art History
.5-4 Units
Prerequisite: None
Course Transferable to UC/CSU; UC - See Counselor
Hours: Variable
See Catalog under Alternative Credit/Study Options
The Automotive Mechanics Technology courses emphasize developing skills required for efficient maintenance of the automobile. Folsom Lake College offers a few basic courses in the Automotive Technology area. Because FLC is not a certified NATEF college the courses we teach in Automotive Mechanics Technology may not be accepted by the programs at American River College or Cosumnes River College.

Career Options
Auto Technician; Field Service/Sales Representative.

Highlights
Qualified Instructors. Class sizes with an excellent teacher/student ratio.

Automotive Mechanics Tech (AMT)

AMT 300
Automotive Fundamentals and Shop Procedures  4 Units
Formerly: AMT 57
Prerequisite: None
Course Transferable to CSU
Hours: 72 hours LEC
A basic study of the mechanical operations of the automobile directed toward the principles and operation of the automotive engine, engine support systems, the drive train, steering, suspension and brakes. Hand tools, shop equipment and shop procedures will be demonstrated to familiarize the students with the automotive industry.

AMT 308
Late Model Car Care and Maintenance  3 Units
Formerly: AMT 58
Prerequisite: None
Course Transferable to CSU
Hours: 54 hours LEC
This course is designed for the service technician and late model car owner wishing to perform or schedule car maintenance. This course will provide both men and women with basic automotive repair procedures and a fundamental understanding of how various automotive components and systems work. Use of the owner’s manual, repair orders and other resources will be emphasized along with the development of a preventative maintenance schedule.

AMT 320
Automotive Ignition Systems  3 Units
Formerly AMT 63
Prerequisite: None
Advisory: AMT 300 and 302.
Course Transferable to CSU
Hours: 36 hours LEC ; 54 hours LAB
A thorough examination of the automotive ignition system, including its function, primary circuit, secondary circuit, diagnosis of electrical troubles, and assembly and repair of equipment including distributorless ignition systems.

AMT 495
Independent Studies in Automotive Mechanics Technology  1-3 Units
Formerly: AMT 49I
Prerequisite: None
Course Transferable to CSU
Hours: Variable
See Catalog under Alternative Credit/Study Options

AMT 498
Work Experience in Automotive Mechanics Technology  1-4 Units
Formerly: AMT 98
Prerequisite: None
Course Transferable to CSU
Hours: Variable
See Catalog under Alternative Credit/Study Options

DEGREE  A. S. — Biology: Biological Sciences

Folsom Lake College’s Biology program offers courses which satisfy general education requirements in Life Sciences, are prerequisites for a degree in the Environmental Sciences or the health professions. In addition, the program helps prepare students for transfer opportunities to four-year programs in biological sciences, nursing, physical therapy, and programs leading to careers in teaching, medicine, dentistry, veterinary medicine, etc. Students planning to continue for a four-year degree should consult the lower division requirements of the transfer program of the university to which they plan to attend.

**TOTAL UNITS REQUIRED: 31-57**

**NOTE:** This degree is designed for students intending to transfer to a nursing program at a four-year college or university. It does not prepare the student for immediate employment as a nurse. Students earning a nursing degree will need to complete several lower division nursing classes when transferring.

Associate of Science Degree (A.S.) may be obtained by completion of the Required Program, plus General Education requirements, plus sufficient electives to meet a 60 unit total.

**TOTAL UNITS REQUIRED: 31-57**

(Depending on option selected)
Biology (BIOL)

BIOL 300
The Foundations of Biology
3 Units
Formerly: BIOL 12
Prerequisite: None
Course Transferable to UC/CSU; UC-See Counselor
Hours: 54 hours LEC
This course is a survey of major topics in the biological sciences for the non-science major with an emphasis on human biology. Units covered include the origin of life, cell structure and chemistry, metabolism, Mendelian and molecular genetics, genetic engineering, evolution, anatomy and physiology of humans, animal behavior and ecology.

BIOL 307
Biology of Organisms 4 Units
Formerly: BIOL 13
Prerequisite: None
Course Transferable to UC/CSU; UC-See Counselor
Hours: 54 hours LEC ; 54 hours LAB
This is a general biology course focusing on a survey of the plant and animal kingdoms. The course covers the general principles of biology including: methods of science, cell organization, genetics, evolution, ecology, biodiversity, and anatomy. These principles are explored in more depth through the examination of additional topics which may include: disease and epidemiology, physiological ecology, animal behavior, biotechnology, population growth and regulation, ecosystem ecology, and conservation biology. Evolution and biodiversity are continuing themes running throughout the course and are included in each major topic. The course is designed for non-science majors and is especially useful for liberal studies, elementary education, environmental studies, recreation, and similar majors.

BIOL 310
General Biology 4 Units
Formerly: BIOL 16
Prerequisite: None
Course Transferable to UC/CSU; UC-See Counselor
Hours: 54 hours LEC ; 54 hours LAB
This course is a survey of biological science with an emphasis on human biology. It is intended for the non-science major as well as environmental technology majors. Units covered include cell biology, metabolism, Mendelian and molecular genetics, evolution, anatomy and physiology, animal behavior, and ecology. The laboratory activities are designed to further investigate and illuminate each topic area.

BIOL 323
Ethnobotany 4 Units
Prerequisite: None
Course Transferable to UC/CSU
Hours: 54 hours LEC; 54 hours LAB
This introductory course focuses on the concepts, questions, and methods of ethnobotany, the scientific study of the interactions between plants and humans. Students will use the scientific method to investigate the ecological and biological traits of plants, how these traits have shaped multicultural human use, and how plants have been affected by humans. Topics include plant structure and reproduction, the role of biodiversity in natural and cultivated systems, plant evolution under domestication, sustainable use of resources, ethnobotanical research techniques and ethical issues, and comparison of plant use by various cultures for food, medicine, shelter, basketry, and dyes. Laboratory topics include plant identification, experimental investigation of medicinal and food value of selected plants, traditional preparation of selected plants, preparation of herbarium specimens, and analysis of plant fibers and dyes. Field trips are required.

BIOL 332
Introduction to Ornithology 2 Units
Prerequisite: None
Course Transferable to CSU
Hours: 18 hours LEC; 54 hours LAB
This course covers the structure, physiology, ecology, behavior, reproduction, and classification of birds. Field trips are required during class time to study bird identification, behavior and ecology.

BIOL 350
Environmental Biology 3 Units
Formerly: BIOL 14
Prerequisite: None
Course Transferable to UC/CSU
Hours: 54 hours LEC
This course provides an overview of ecosystems and natural resources. Major topics covered include ecological principles, ecosystem functioning, conservation biology, resource use and management, pollution and other human-caused environmental impacts. This course provides the background needed to understand major global and regional issues such as acid rain, global warming, hazardous waste disposal, deforestation and endangered species recovery. BIOL 350 is especially useful for Environmental Technology, Environmental Sciences, Ecology, Recreation, Education and Political Science majors. Field trips, attendance at public meetings and/or a semester project may be required. Not open to students who have received credit for ENVT 304.
Nature is often the best classroom! Come experience classrooms without walls with Folsom Lake College’s Natural History Field Study courses. These courses consist of short classroom sessions followed by extended trips to some of the most unique and beautiful environments in California and Nevada. From walking underneath the majestic redwoods in Humboldt County to watching whales breach in Monterey Bay to snowshoeing in Yosemite National Park, you will gain a greater understanding of the world around you and will build memories for the rest of your life. Learn outside yourself and discover the natural wonders that are available in California and Nevada.

BIOL 380
Natural History Field Study of Coastal Ecosystems 1-4 Units
Formerly: BIOL 24C
Prerequisite: None
Course Transferable to CSU
Hours: 12 hours LEC ; 18 hours LAB
Course Trips:
Gulf of the Farallones National Marine Sanctuary 1 unit
Ano Nuevo State Marine Reserve 1 unit
Coastal Tidepools: Ecology and Natural History 1 unit

BIOL 382
Natural History Field Study of Desert Ecosystems 1-4 Units
Formerly: BIOL 24D
Prerequisite: None
Course Transferable to CSU
Hours: 12 hours LEC ; 18 hours LAB
Course Trips:
Natural History of Desert Lakes: Mono Lake 1 unit
Natural History of Desert Lakes: Pyramid Lake 1 unit
Natural History of Desert Lakes: Eagle Lake, Honey Lake, and the Sierra Valley 1 unit

BIOL 384
Natural History Field Study of Forest Ecosystems 1-4 Units
Formerly: BIOL 24F
Prerequisite: None
Course Transferable to CSU
Hours: 12 hours LEC ; 18 hours LAB
Course Trips:
Yosemite High Country and Eastern Sierra Nevada 1 unit
Ecology of the Sierra Nevada: Carson and Ebbett’s Pass Region 1 unit

BIOL 386
Natural History Field Study of Marine Ecosystems 1-4 Units
Formerly: BIOL 24M
Prerequisite: None
Course Transferable to CSU
Hours: 12 hours LEC ; 18 hours LAB
Course Trips:
Humboldt Bay National Wildlife Refuge 1 unit

BIOL 388
Natural History Field Study of River Ecosystems 1-4 Units
Formerly: BIOL 24R
Prerequisite: None
Course Transferable to CSU
Hours: 12 hours LEC ; 18 hours LAB
Course Trips:
Springtime in the Sacramento River Valley Complex 1 unit

BIOL 389
Natural History Field Study of Wetland Ecosystems 1-4 Units
Formerly: BIOL 24W
Prerequisite: None
Course Transferable to CSU
Hours: 12 hours LEC ; 18 hours LAB
Course Trips:
Elkhorn Slough Natural Marine Reserve 1 unit
Northern Sacramento Valley Wetlands 1 unit
The Heart of the Delta 1 unit

BIOL 390
Natural History Field Study 1-4 Units
Formerly: BIOL 24
Prerequisite: None
Course Transferable to CSU
Hours: 6 hours LEC ; 9 hours LAB
Course Trips:
The Winter Wildlife of the Sacramento-San Joaquin Delta 0.5 unit
The California Gray Whale: Ecology & Natural History 0.5 unit
Whaler-Whales: Marine Mammals of California 1 unit

BIOL 380-390
Natural History Field Study
This course will study the ecology and natural history covered in the field. Animals, plants and geology will be studied and their interrelationships investigated. The course(s) will be offered in the appropriate area (mountains, desert or seashore and ocean). Assignments, field notes and appropriate exams/quizzes will be an integral part of the course. Students will be responsible for providing their own lodging or camping equipment and meals. Campsites will be available. This course is ideal for future teachers, parents, resource management majors and those interested in the biological sciences.
BIOL 392
Principles of Heritage Interpretation 3 Units
Prerequisite: None
Course Transferable to CSU
Hours: 54 hours LEC
This interdisciplinary course covers the basics of interpreting historical, cultural, and natural resources to the general public. Interpretation is a communication process that forges emotional and intellectual connections between the interests of the audience and the inherent meanings of the resource. Topics will include: developing audience awareness; understanding resource identification; developing a program using a thematic approach; writing measurable performance objectives; and learning program delivery techniques. Completion of this course will qualify students to apply for professional certification through the National Association for Interpretation as a Certified Interpretive Guide (CIG). This course is recommended for students interested in history, biology, anthropology, recreation, education, and communication. Not open to students who have received credit for Anthropology 392 or History 392.

BIOL 400
Principles of Biology 5 Units
Formerly: BIOL 1A
Prerequisite: CHEM 400 (General Chemistry) with a grade of “C” or better; CHEM 400 may be taken concurrently.
Course Transferable to UC/CSU
(CAN BIOL 2) (BIOL 400+410+420 = CAN BIOL SEQ A)
Hours: 54 hours LEC ; 108 hours LAB
This course introduces universal biological principles, including biological molecules, enzymes, cell structure and function, biochemistry, Mendelian and molecular genetics, ecology and evolution. BIOL 400 is recommended for science majors and students in pre-professional programs.

BIOL 410
Principles of Botany 5 Units

e-Business: Introduction and Environment
1.5 Units
Formerly: BUS 24A
Prerequisite: None
Advisory: BUS 300; CISC 305.
Course Transferable to CSU
(27 hours LEC)
Information is now exchanged very rapidly and customers have an instantaneous way to compare offerings from sellers on a worldwide basis. The purpose of this course is to describe the e-business environment, describe the options available to business utilizing e-business, and identify the critical components needed to develop a plan and strategy to implement for a business. The course will focus on e-business for small and medium sized businesses. Not open to students who have received credit for CISW 380.1.

BUS 360.2
e-Business: Tools and Techniques
1.5 Units
Formerly: BUS 24B
Prerequisite: None
Advisory: BUS 300; CISC 305; BUS 360.1 or CISW 380.1.
Course Transferable to CSU
(27 hours LEC)
The explosive growth of the Internet has changed the fundamental ways in which business is conducted. Information is now exchanged instantly and customers have an instantaneous way to compare offerings from sellers on a worldwide basis. The purpose of this course is to explore the tools, techniques, and technology needed to implement a company’s e-business strategy. Specific content will include payment systems, privacy and security issues, hardware and software solutions, and business issues directly related to e-commerce. The course will focus on e-business infrastructure for small and medium sized businesses. Not open to students who have received credit for CISW 380.2.

BUS 490
Individualized Projects in Business
1-4 Units
Formerly: BUS 47
Prerequisite: None
Advisory: At least two semesters of successful work leading to an Associate Degree or Certificate in Accounting, Business, Computer Information Science, Finance, Management, Marketing, Office Administration or other related field.
Course Transferable to CSU
Hours: Variable
This course is designed to help the student focus skills previously learned in an area of business. The student, with the help of the instructor, will describe a problem, plan a process to arrive at a solution, work with the instructor to secure those resources necessary to complete the project, submit progress reports on a regular basis, and present a finished product. This class may be required for some degrees or certificates.

**Business Technology (BUSTEC)**

**BUSTEC 101**  
**Computer Keyboarding: 10-Key**  
1 Unit  
Formerly BUS 53  
Prerequisite: None  
Hours: 18 Lec  
This course introduces the numeric keypad and develops the ability to key information into a computer with speed and accuracy.

**BUSTEC 110**  
**Administrative Procedures**  
3 Units  
Formerly BUS 52  
Advisory: BUSTEC 302 or equivalent, BUSTEC 303, BUS 300 and BUS 100  
Hours: 54 hours LEC  
This course develops skills associated with the business professional, including specialized procedures in electronic workplaces. Students learn critical thinking, problem solving, teamwork, supervision skills, administrative procedures, and information-processing technologies.

**BUSTEC 120**  
**Skills For Today's Office**  
1 Unit  
Formerly: BUS 82  
Prerequisite: None  
Advisory: BUSTEC 302 or Keyboarding speed verification at 25 wpm or better, and CISA 300 or 305, and CISA 310 or 315.  
Hours: 18 LEC; 18 hours LAB  
This is a course designed to build upon previous word processing and spreadsheet training in the computer science/business area and to complete the training necessary to perform effectively and become a skilled employee in a computerized office.

**BUSTEC 302**  
**Computer Keyboarding**  
2 Units  
Formerly BUS 41  
Prerequisite: None  
Advisory: ENGRD 16 or ESLR 320.  
Course Transferable to CSU  
Hours: 36 hours LEC  
This intensive introductory computer-keyboard course emphasizes operating alphabetic, numeric, and symbol keys by touch. It includes computer keyboarding techniques, speed-and-accuracy development, proofreading proficiency, communication skills, essential computer keyboarding information, and use of basic features of a current office-level word processing program. Workplace etiquette and common organizational duties are introduced and reinforced throughout the course.

**BUSTEC 303**  
**Computer-Keyboard Formatting**  
2 Units  
Formerly: BUS 42  
Prerequisite: BUSTEC 302. Grade of “C” or better required to meet prerequisite.  
Course Transferable to CSU  
Hours: 36 hours LEC  
This intensive computer-keyboard formatting course emphasizes application of the following formatting concepts: horizontal and vertical centering, business-letter styles, memorandums, tables, and reports. The course includes developing proofreading proficiency, reinforcing communication skills, developing speed and accuracy, and using the features of a current office-level word processing program. Workplace etiquette and common organizational duties are introduced and reinforced throughout the course. Students who feel that they have skills equivalent to the prerequisite are encouraged to apply for credit by examination for BUSTEC 302.

**BUSTEC 304**  
**Computer Keyboard Speed-and-Accuracy Building**  
2 Units  
Formerly: BUS 43  
Prerequisite: BUSTEC 302. Grade of “C” or better required to meet prerequisite.  
Course Transferable to CSU  
Hours: 36 hours LEC  
This course builds upon previous computer-keyboard skills and stresses speed-and-accuracy techniques. It includes skills assessment and individually prescribed improvement plans. The student will be reading and interpreting written and oral instructions. Students who feel that they have skills equivalent to the prerequisite are encouraged to apply for credit by examination for BUSTEC 302. This course may be taken two times for credit.

**BUSTEC 499**  
**Experimental Offering in Business Technologies**

The Chemistry Program at Folsom Lake College consists of:

- A series of chemistry courses designed to meet transfer requirements for physical and biological science majors
- A series of courses intended for students majoring in fields other than chemistry, biology, or physical science
- A course designed specifically for students who require preparation or review of the more basic chemical concepts

All chemistry courses at FLC include a practical component where students conduct hands-on chemical experimentation in a modern, well-equipped laboratory.

**Career Options**
- Chemist; Pharmacist; Chemical Engineer; Physician; Dentist; Veterinarian; Allied Health Professional; Biologist; Physicist; Geologist; Geochemist; Oceanographer

Some career options may require more than two years of college study. Classes beyond the associate degree may be required to fulfill some career options or for preparation for transfer to a university program.

**Highlights**
- An outstanding chemistry faculty striving to maintain an aggressive and well-respected chemistry program
- Ample contact with the instructor and the relaxed atmosphere that only a limited class size can offer

---

**CHEM 305**
Introduction to Chemistry
5 Units
Formerly: CHEM 2A, CHEM 307
Prerequisite: MATH 100 with a grade of “C” or better; Math 102 or equivalent.
Grade “C” or better required to meet prerequisite
Advisory: None
Hours: 72 hours lecture, 54 hours laboratory

This course covers principles of chemistry and scientific method, including a brief introduction of organic chemistry. It is primarily designed for general education majors in allied health, home economics, physical education, physical therapy(*), psychology(*), natural resources(*). *May require CHEM 400.

---

**CHEM 306**
Introduction to Chemistry
5 Units
Formerly: CHEM 2B, CHEM 308
Prerequisite: CHEM 305 (formerly CHEM 307) with a grade of “C” or better
Hours: 72 hours lecture, 54 hours laboratory

CHEM 306 is a continuation of CHEM 305. This course covers the organic functional groups and reactions involved in the mechanisms of the chemistry of life processes (biochemistry) particularly as applied to the health sciences.

---

**CHEM 321**
Environmental Chemistry
3 Units
Formerly: CHEM 7
Prerequisite: None
Course Transferable to UC/CSU
Hours: 54 hours LEC

This course explores the interrelationship of human beings and the surrounding environment with regard to the chemical substances that are encountered in everyday life. The role of chemistry in both creating environmental problems as well as providing solutions to environmental problems will be examined. Students will learn how chemicals released to the environment can have adverse effects on ecosystems and human health. Chemical and physical methods of controlling and remediating air, water, and soil pollutants will be covered. The role of environmental regulations in preventing and mitigating environmental degradation will also be covered. By the completion of this course, students will have acquired skills and techniques that can be utilized to examine environmental problems and their proposed solutions.
CHEM 322  
Environmental Chemistry Laboratory  
1 Unit  
Formerly: CHEM 7L  
Prerequisite: None  
Corequisite: CHEM 321 (may be taken previously). Grade of “C” or better required to meet corequisite.  
Course Transferable to UC/CSU  
Hours: 54 hours LAB  
This course provides “hands-on” opportunities for students to collect and analyze data about chemicals found in the environment. Students will learn how to collect and analyze soil, water and air samples for environmental quality parameters and the presence of pollutants. Analysis of samples will involve the use of readily available field test equipment. Field trips for sample collection will take place during laboratory periods or at arranged times. There may also be field trips to environmental analytical laboratories.

CHEM 400  
General Chemistry  
5 Units  
Formerly: CHEM 1A  
Prerequisite: MATH 120 and CHEM 300 (or one year of high school chemistry). Grade of “C” or better required to meet prerequisite.  
Course Transferable to UC/CSU; UC-See Counselor  
(CAN CHEM 2) (CHEM 400 + 401 = CAN CHEM SEQ A)  
Hours: 54 hours LEC ; 108 hours LAB  
This is a general college chemistry course intended for students majoring in the scientific disciplines including chemistry, biology, physics, geology and engineering. This course emphasizes the fundamental principles of chemistry. Topics include chemical measurement, physical and chemical processes, nomenclature, atomic structure, quantum theory, stoichiometry, molecular structure, bonding theory, physical properties of gases, thermochemistry, modern materials, and properties of solutions.

CHEM 401  
General Chemistry  
5 Units  
Formerly: CHEM 1B  
Prerequisite: CHEM 400. Grade of “C” or better required to meet prerequisite.  
Course Transferable to UC/CSU; UC-See Counselor  
(CAN CHEM 4) (CHEM 400 + 401 = CAN CHEM SEQ A)  
Hours: 54 hours LEC ; 108 hours LAB  
This course is a continuation of the two-semester series in general college chemistry. Topics presented in the course include kinetics, equilibrium, acid/base chemistry, thermodynamics, electrochemistry, radiochemistry, coordination chemistry, and an introduction to organic chemistry. Laboratory exercises include qualitative and quantitative analysis techniques.

CHEM 410  
Quantitative Analysis  
5 Units  
Formerly: CHEM 5  
Prerequisite: CHEM 401. Grade of “C” or better required to meet prerequisite.  
Course Transferable to UC/CSU  
(CAN CHEM 12)  
Hours: 54 hours LEC ; 108 hours LAB  
This course focuses on the principles and techniques involved in fundamental gravimetric and volumetric analyses and separation techniques including methods of data analysis, precipitation, acid/base neutralization, complex formation, oxidation-reduction, spectroscopy and chromatography. Also included is an introduction to modern instrumental analytical procedures with emphasis on optical, electrochemical and chromatographic techniques. Emphasis throughout the course will be on sampling, calibration and method validation procedures.

CHEM 420  
Organic Chemistry  
5 Units  
Prerequisite: CHEM 401 with grade of “C” or better  
Course Transferable to CSU; UC pending  
Hours: 54 hours LEC; 108 hours LAB  
This is a lecture/laboratory course designed to introduce students to the basics of organic chemistry. This course is designed for science majors, pre-med, pre-dental, and pre-pharmacy majors. Lecture topics will include a review of acid/base chemistry, pushing electrons, organic nomenclature, alkane chemistry, alkene chemistry, alkyl halides, alcohols, ethers, physical properties of alkanes and cycloalkanes, SN1, SN2, E1, E2 mechanisms. Laboratory work will include physical properties of organic molecules, analytical chemistry of organic molecules using modern instrumentation (GC, GC/MS, NMR, FTIR, polarimetry, and HPLC). Separation and purification of organic compounds will also be covered in the lab section, including distillation, recrystallization, preparative chromatography and thin-layer chromatography.

CHEM 421  
Organic Chemistry  
5 Units  
Prerequisite: CHEM 420 with a grade of “C” or better  
Course Transferable to CSU; UC pending  
Hours: 54 hours LEC; 108 hours LAB  
This course is lecture-laboratory course that is a continuation of Chemistry 420. This course concludes an introduction to organic chemistry. This course is designed for science majors, pre-med, pre-dental, and pre-pharmacy majors. Lecture topics include the chemistry of ethers, epoxides, conjugated dienes, aromatic compounds, carbonyl compounds, enolate condensation, amines, phenols, polymerization reactions, and selected biologically important compounds. The course also includes continued application of spectroscopic methods (IR, NMR, UV-vis and MS) applied to organic chemistry. Laboratory emphasis is on the preparation, isolation, quantitation, purification, identification and mechanism elucidation using both traditional and instrumental techniques. Students will continue to expand their ability to operate and utilize a variety of modern chemical instrumentation - gas chromatography, high performance liquid chromatography, fourier transform - infrared spectroscopy, and gas chromatography-mass spectroscopy.

Communication Studies
(formerly Communication)

DEGREE
A.A. — Communication, Organizational Communication

CERTIFICATE
Applied Communication Skills

The Communication Studies Department at Folsom Lake College is committed to excellent teaching that provides an innovative and stimulating environment for student learning in theoretical and pragmatic applications of communication education. With the primary mission of encouraging completion of an Associate in Arts degree and promoting transfer opportunities, the Department provides superior educational opportunities to a diverse student population and supports a cooperative environment that reflects and honors the diverse backgrounds, perspectives, abilities and interests of all. The Department supports both faculty and students in the pursuit of continuing education to better their personal, academic and professional lives, to help them meet the communication challenges of an increasingly complex world, and to adapt to the changing communication demands of the future.

Many of the courses required for this degree can also be used to fulfill transfer general education requirements for the CSU system.

In the Communication program, our courses are multidisciplinary in nature. Communication studies offer students an opportunity to explore coursework in oral communication, critical thinking, social sciences, multicultural studies, and living skills.

Students will find this background helpful and applicable to their everyday pursuits. Students intending to transfer to a university will have a solid base of courses that will interface with further, focused study in a major. For those wishing to pursue a university degree in the field of communication, degrees can be earned with emphasis in the following areas:

- Mass Media Studies
- Broadcast Electronic Communication Arts
- Organizational Communication
- Intercultural Communication
- Visual Communication
- Rhetoric
- Group Communication
- Interpersonal Communication
DEGREE
A.A. — Communication, Organizational Communication

The role of effective communication in the workplace today has grown in importance, and workplace communication competencies are increasingly demanded by all economic sectors including small businesses, large organizations, international corporations, and government agencies. The number one skill identified by employers is the ability to communicate clearly in both oral and written form. The number two necessary skill identified by employers is the ability to work effectively as a member of a team. A competitive workplace requires employees to exercise competencies in professional presentations, written communication, group problem solving, intercultural interactions, conflict management, interview skills, and analytical reasoning. This transferable degree gives students a foundation that can be used in any career path, increasing an individual’s preparation for employment, and transferability to a university.

COMMUNICATION STUDIES (COMM)

COMM301
Introduction to Public Speaking ................................. 3 Units
Formerly: COMM 1
Prerequisite: ENGWR 51 or the equivalent. Grade of “C” or better
required to meet prerequisite.
Course Transferable to UC/CSU
(CAN SPCH 4)
Hours: 54 hours LEC
This course explores the theory and technique of effective public
speaking. Students will learn ways to research, organize and present
clear messages to audiences. Students will also examine and develop
good listening habits by critiquing informative and persuasive
presentations given in class.

COMM311
Argumentation and Debate ............................................. 3 Units
Formerly: COMM 3
Prerequisite: ENGWR 300 or the equivalent. Grade of “C” or better
required to meet prerequisite.
Course Transferable to UC/CSU
(CAN SPCH 6)
Hours: 54 hours LEC
This course introduces students to argumentation, critical evaluation
of evidence, and reasoning in the context of debate. Intended as a
practical course, the fundamentals of proposition analysis, case
building and dissent are discussed and applied.

COMM315
Persuasion ................................................................. 3 Units
Formerly: COMM 18
Prerequisite: ENGWR 300 or the equivalent. Grade of “C” or better
required to meet prerequisite.
Course Transferable to UC/CSU
Hours: 54 hours LEC
This course presents fundamental theories and techniques of
persuasion as they occur in various communication contexts.
Students develop critical thinking skills by examining message
production, analyzing messages and exploring the social impact of
persuasion.

COMM321
Interpersonal Communication ..................................... 3 Units
Formerly: COMM 10
Prerequisite: ENGWR 51 or the equivalent. Grade of “C” or better
required to meet prerequisite.
Course Transferable to UC/CSU
Hours: 54 hours LEC
Explore communication skills associated with satisfying rela-
tionships. Using simulations and structured exercises, students exper-
iment with various approaches to successful communication in
person-to-person situations. This course strives to increase an
individual’s personal communication effectiveness through
heightened awareness and greater skill as both a sender and receiver
of shared messages.
COMM325
Intercultural Communication 3 Units
Formerly: COMM 14
Prerequisite: ENGWR 51 or the equivalent. Grade of “C” or better required to meet prerequisite.
Course Transferable to UC/CSU; UC - See Counselor
Hours: 54 hours LEC
This course introduces students to the challenges and promises of intercultural communications in the United States. Variations and commonalities in communication patterns across cultures are examined as well as processes and outcomes among persons of different group-based experiential backgrounds. Practical application of factors which influence communication among individuals of different cultures is emphasized.

COMM331
Group Discussion 3 Units
Formerly: COMM 15
Prerequisite: ENGWR 51 or the equivalent. Grade of “C” or better required to meet prerequisite.
Course Transferable to UC/CSU; UC-See Counselor
(CAN SPCH 10)
Hours: 54 hours LEC
Increase your understanding of how communication in small groups is uniquely different from other communication. Enhance your effectiveness in small groups by learning about roles, functions, leadership, and norms. Problem-solving and decision-making skills are emphasized through simulations and discussion.

COMM341
Organizational Communication 3 Units
Formerly: COMM 13
Prerequisite: ENGWR 101 or the equivalent. Grade of “C” or better required to meet prerequisite.
Course Transferable to CSU
Hours: 54 hours LEC
This course is designed to allow students to examine both theoretical and pragmatic essentials of effective organizational messages from preparation and presentation to effective observation and analysis. Students will explore the dynamics of organizational communications in various situations including focus groups, quality control groups, ad hoc committees, conflict negotiation teams and problem solving/decision making groups. The roles of internal and external messages on the communication process and organizational effectiveness will be examined and analyzed.

COMM361
The Communication Experience 3 Units
Formerly: COMM 9
Prerequisite: ENGWR 51 or the equivalent. Grade of “C” or better required to meet prerequisite.
Course Transferable to UC/CSU; UC-See Counselor
Hours: 54 hours LEC
This course introduces students to basic skills and the fundamental concepts necessary for effective communication in a variety of settings. Special emphasis is placed on practical experiences within groups, facilitation of interpersonal relationships, and methods of conflict resolution.

COMM363
Introduction to Communication Theory 3 Units
Formerly: COMM 8
Prerequisite: None
Course Transferable to UC/CSU
Hours: 54 hours LEC
This course will introduce the student to the symbolic process of human communication through the study of basic communication models, fundamental theory, and relevant research findings. Emphasis will be placed on achieving an understanding of the communication process, and the process through which researchers in the field add to their existing body of knowledge.

COMM371
Voice and Diction 3 Units
Formerly: COMM 7
Prerequisite: None
Course Transferable to UC/CSU
(CAN DRAM 6)
Hours: 54 hours LEC
This course focuses on individual speech improvement through the study and practice of voice control and manipulation, proper breathing, and diction. Emphasis is placed on achieving correct pronunciation, enunciation, and voice production. Students will build on basic theories and practice of the interpretation of various oral selections chosen by the instructor and by the student. This course is intended for public speaking students, and drama and media majors.

COMM373
Forensics Laboratory 2 Units
Formerly: COMM 4
Prerequisite: None
Course Transferable to CSU
Hours: 108 hours LAB
A laboratory class for students who wish to participate in intercollegiate forensics competition. Areas of interest include debate, persuasion, oral interpretation, expository speech, impromptu speaking and readers’ theatre. May be taken four times for credit.

COMM494
Topics in Communication Studies .5-4 Units
Formerly: COMM 12
Prerequisite: None
Course Transferable to CSU
Hours: Variable
A survey of contemporary communication topics that allows students to choose a particular option from several. Possible options may include, but are not limited to: extemporaneous speaking, intercultural communication in the workplace, communication in the classroom, conflict, principles of visual communication, readers’ theatre, parliamentary procedure and decision making techniques. Students may receive one unit of credit in each topic area. Consult class schedule for specific topics offered. See Catalog under Alternative Credit/Study Options

Folsom Lake College has limited offerings in Communications Media. The courses are designed to provide a small range of courses for the student wanting hands-on experience in Television Production and Editing while providing other students the opportunity to take a course of study in the Survey of Mass Media and an Introduction to Film History. Students taking these courses should have a working knowledge of keyboarding.

Communications Media (CMED)

CMED 300
Mass Media and Society 3 Units
Formerly: CMED 5
Prerequisite: None
Course Transferable to UC/CSU; UC - See Counselor (CAN JOUR 4)
Hours: 54 hours LEC
Survey of the mass media: history, philosophy, structure and trends, as well as theories which help to explain effects and the importance as a social institution. Exploration of economics, technology, law, ethics, and social issues, including cultural and ethnic diversity. Not open to students who have received credit for JOUR 310.

CMED 305
Film History 3 Units
Formerly: CMED 14, History of the Film
Prerequisite: None
Course Transferable to UC/CSU; UC - See Counselor
Hours: 54 hours LEC
An introduction to the art of motion pictures, using both lectures and films. Students will briefly study the history of motion pictures and will view, evaluate, and critique films which are landmarks in the art of movie making. Not open to students who have received credit for PHOTO 425.

CMED 332
Advanced Television Production 2 Units
Formerly: CMED 74
Prerequisite: CMED 331. Grade of “C” or better required to meet prerequisite.
Course Transferable to CSU
Hours: 108 hours LAB
Students planning the total operational process for actual television programs (on air or closed-circuit), participate in and take responsibility for various aspects of the finished program, such as audio, switching, lighting, sets, graphics and film. May be taken two times for credit.

CMED 360
Introduction to Desktop Video 3 Units
Formerly: CMED 80
Prerequisite: None
Course Transferable to CSU
Hours: 36 hours LEC; 54 hours LAB
This is an introductory course for students interested in multimedia, 3-D computer animation, and emerging broadcast technologies commonly known as desktop video. Students will gain hands-on experience with picture and video manipulation, 3-D compositing, paint and draw applications for broadcast, multimedia and the internet. This course may be taken two times for credit.

CMED 362
Non-Linear Audio and Video Editing 3 Units
Formerly: CMED 82
Prerequisite: None
Advisory: CISC 300
Hours: 36 hours LEC; 54 hours LAB
This course will trace the development of the computer audio/video applications including multimedia, nonlinear editing, computer graphics, computer animation and digital video. The last decade has ushered in a phenomenal convergence of capabilities among traditional audio/video production technology and personal computers. Major uses will be explored and future trends examined. In addition, students will receive hands-on production education and experience.

CMED 377
Corporate Video 3 Units
Formerly: CMED 85
Prerequisite: None
Course Transferable to CSU
Hours: 36 hours LEC; 54 hours LAB
Students will learn how to produce an effective corporate documentary, marketing or training presentation. The roles and relationships of the many players in the telecommunications industry are explored. Students gain experience in organizing, planning, allocating and directing resources. Instruction includes targeting an audience to get a desired response, designing the message, writing the script, shooting, editing and distribution. Students learn about managing complex interrelationships, managing technology in an environment which mix and match vendors, standards, applications and unique customer requirements.

This Folsom Lake College program includes study in computer information science and management information systems. It is designed for the student interested in entry-level employment or transfer to a four-year university. The MIS option offers a unique “ladder” approach to acquiring the certificate or degree. Graduates of the degree program in Computer Information Science should expect to find entry-level employment as systems analysts in government, business and industry, and/or acquire skills for applications in management or administration. This new degree option was designed with industry leaders in the greater Sacramento area to address local employer needs.

Career Options
Computer Operator; Applications Software Specialist; Systems Analyst; Programmer; Data Entry Specialist; Computer Systems Specialist; Computer Technician; Network Administrator; Network Systems Engineer—Windows; Internet Technician

Highlights
Hands-on experience in a state-of-the-art computer center
Opportunities to work on specialized projects relating to computer information science, business and computer programming
Study in a field that has great employment opportunities and encompasses many careers.

CERTIFICATE
Computer Information Science ~ Database Analyst - SQL

This certificate is designed for beginning students as well as technical professionals who aspire to design, create, or administer relational databases and create client applications. Successful students will be prepared to apply for entry-level positions in industry such as business analyst. The Database Analyst Certificate is the first in a series of three certificate programs designed for the entry-level student and business user.

CISP 354 (CIS 54) Intro to Relational Database Admin .......... 3
TOTAL UNITS REQUIRED ...................................................... 20

CERTIFICATE
Computer Information Science ~ Web Publishing

This certificate is designed to give students the benefits of hands-on training in Web Page Design and Publication, Internet usage, and proficiency with web-related media applications. Upon completion of this certificate, students may complete a second certificate in Advanced Web Publishing, towards the fulfillment of a Web Publishing degree.

REQUIRED PROGRAM ............................................................... Units
BUS 310 (8) Business Communication (3) or
ENGWR 300 (ENGL 1A) College Composition (3) .............. 3
CISC 320 (CIS 14A) Operating Systems (Windows) (1) or

Suggested Electives:
CISC 310 (CIS 3) Intro to Computer Information Science (3)
CISW 425 (CIS 25) Scripting for the Internet (JavaScript) (4)
ARTM 326 (22) Digital Painting (3)

CERTIFICATE
Computer Information Science ~ Web Programming

This certificate prepares students to design, develop, support and maintain corporate level Web pages and full Web sites at the level of the Intranet or Internet. Additionally, this certificate will prepare students to design and develop database management applications to support Web-based commercial objectives.

REQUIRED PROGRAM ............................................................... Units
BUS 310 (8) Business Communication (3) or
ENGWR 300 (ENGL 1A) College Composition (3) .............. 3
CISP 300 (CIS 41) Algorithm Design/Problem Solving ......... 3

CISP 409 (CIS 39) Intro to Object Oriented Program (Java) ... 4
Plus five to seven (5-7) units selected from the following: .5-7
CISA 405 (CIS 26) Scripting for Applications (3)
CISW 425 (CIS 25) Scripting for the Internet (JavaScript) (4)
CISA 321 (CIS 13B) Intermediate Database Management (1)
CISP 370 (CIS 38) Programming in Visual Basic (4)
TOTAL UNITS REQUIRED ...................................................... 32-34

Suggested Electives:
CISC 310 (CIS 3) Intro to Computer Information Science (3)
CISC 305 (CIS 21A) Introduction to the Internet (1)
CISC 306 (CIS 21B) Introduction to Web Page Creation (1)
CISC 320 (CIS 14A) Operating Systems (Windows) (1)
CISW 380.1 (CIS 24A) e-Business: Intro and Environment (1.5)
CERTIFICATE
Management Information Systems ~ Application Data Entry

This certificate is designed for persons who need to know how to perform computer-related data entry. Students who continue their education by pursuing another Office Administration or Management Information Systems certificate may do so without repeating any courses completed for this certificate.

REQUIRED PROGRAM ......................................................... Units
CISC 300 (CIS 1) Computer Familiarization (1) or CISC 310 (CIS 3) Intro. to Computer Information Science (3) 1-3
CISA 300 (CIS 11A) Beginning Word Processing ...................... 1

CISA 320 (CIS 13A) Database Management ......................... 1
TOTAL UNITS REQUIRED .................................................. 16-18

CERTIFICATE
Management Information Systems ~ Application Analyst

This certificate is designed for the person who needs training beyond the ability to use computerized business application programs that support the office application environment. This course of study would be appropriate for the user who is responsible for general PC use in the office.

REQUIRED PROGRAM ......................................................... Units
Management Information Systems - Application Technician Certificate ............. 21-23
CISC 321 (CIS 14B) Intermediate Operating Systems ............. 1
CISC 350 (CIS 16A) Intro to Data Commun .......................... 1
CISA 330 (CIS 17A) Desktop Publishing ............................. 2
CISA 331 (CIS 17B) Intermediate Desktop Publishing ............ 2
TOTAL UNITS REQUIRED .................................................. 27-29

CERTIFICATE
Management Information Systems ~ e-Business Infrastructure

This program is designed for those wishing to prepare for entry-level positions on the infrastructure side of the emerging e-business industry. The program also provides a general background for those exploring e-business options in existing careers. The courses are designed to provide students with the knowledge and ability needed to profitably respond to this emerging and evolving industry. The certificate prepares students for positions that participate in the construction and implementation of e-business environments that involve Internet and Intranet processes and communications. Completers of this certificate will possess knowledge of the technical infrastructure that underlies the facilitation of business transactions (such as business-to-business, business-to-consumer, and consumer-to-consumer) over the Internet.

REQUIRED PROGRAM ......................................................... Units
E-Business Cluster:
Choose three (3) units from the following: .............................. 3
CISW 380 (24) e-Business: Intro & Environ: Tech & Infrastructure (3)

TOTAL UNITS REQUIRED .................................................. 15
CISA 160  
**Project Management Techniques and Software**  
3 Units  
Formerly: CIS 75  
Prerequisite: None  
Advisory: CISC 300 or 310.  
Hours: 54 hours LEC  
This is an introductory course covering the responsibilities of a project manager. It includes the knowledge needed to manage project resources. The course will also introduce the student to the use of project management software to track project resources, tasks and milestones. Not open to students who have received credit for MGMT 142.

CISA 299  
**Experimental Offering in Computer Information Science - Applications**  
.5-4 Units  
Formerly: CIS 99  
Prerequisite: None  
Hours: Variable  
See Catalog under Alternative Credit/Study Options

CISA 300  
**Beginning Word Processing**  
1 Unit  
Formerly: CIS 11A  
Prerequisite: BUSTEC 302 or keyboarding speed verification at 25 wpm or better. Grade of “C” or better required to meet prerequisite.  
Advisory: CISC 300 or 310.  
Course Transferable to CSU  
Hours: 18 hours LEC ; 18 hours LAB  
This is a course designed to introduce students to the use of word processing programs. The course includes basic word processing operations: formatting, editing, saving, retrieving, printing text and creating and editing simple tables. It also includes business document formatting. Students may receive two unit credit for each topic offered. Consult the class schedule for specific topics. This course may be taken four times for credit.

CISA 301  
**Intermediate Word Processing**  
1 Unit  
Formerly: CIS 11B  
Prerequisite: CISA 300. Grade of “C” or better required to meet prerequisite.  
Hours: 18 hours LEC ; 18 hours LAB  
This is a course designed to build upon previous training in the use of word processing. The course covers intermediate to advanced word processing features, such as styles, macros, outlines, documents notations, forms, charts, and mail merge. Also covered are integrating word processing with other applications and creating documents for use on the Internet, i.e. web pages and email attachments in word processing. Advanced business document formatting will also be included. Students may receive one unit credit for each topic offered. Consult the class schedule for specific topics. This course may be taken four times for credit.

CISA 302  
**Advanced Word Processing**  
1 Unit  
Formerly: CIS 11C  
Prerequisite: CISA 301. Grade of “C” or better required to meet prerequisite.  
Course Transferable to CSU  
Hours: 18 hours LEC  
This is a course designed to build upon previous training in the use of word processing. The course includes a brief review of word processing features, then covers advanced features such as advanced desktop publishing features, advanced styles, advanced tables, outlines, table of contents, and indexes. Students may receive one unit credit for each topic offered. Consult the class schedule for specific topics. This course may be taken four times for credit.

CISA 308  
**Exploring Word Processing and Presentation Software**  
1 Unit  
Prerequisite: None  
Course Transferable to CSU  
Hours: 18 hours LEC ; 18 hours LAB  
This course introduces the student to the most widely used word processing and presentation software, Microsoft Word and Powerpoint. This course covers basic features and skills of creating documents, editing documents, formatting documents, as well as inserting tables and graphics. The course will cover the basic features and skills necessary to produce PowerPoint presentations in the form of slide shows and handouts. The course introduces the student to adding transitions, timings, graphics, and sounds, as well as producing handouts and lecture notes.

CISA 309  
**Word Processing - Update**  
.5-1 Unit  
Formerly: CIS 11U  
Prerequisite: CISA 301. Grade of “C” or better required to meet prerequisite.  
Course Transferable to CSU  
Hours: 9 hours LEC  
New versions of computer software are released on a regular basis. The purpose of this course is to help students develop advanced skills and describe the changes and improvements in the software. This course assumes that students have knowledge of existing software and are looking to update their skills and develop new capabilities. Credit will be awarded on the basis of one-half unit for each nine hours of lecture. This course may be taken four times for credit on new versions of software.

CISA 310  
**Introduction to Electronic Spreadsheet**  
1 Unit  
Formerly: CIS 12A  
Prerequisite: None  
Course Transferable to CSU  
Hours: 18 hours LEC ; 18 hours LAB  
This is a course designed to introduce the student to the use of spreadsheet programs. The course will include designing a spreadsheet, developing formulas for automatic calculations, using special functions, developing what-if models and producing reports. Students will be using mathematical concepts and skills. Students may receive one unit credit for each topic offered. Consult the class schedule for specific topics.

CISA 311  
**Intermediate Electronic Spreadsheet**  
1 Unit  
Formerly: CIS 12B  
Prerequisite: CISA 310. Grade of “C” or better required to meet prerequisite.  
Course Transferable to CSU  
Hours: 18 hours LEC ; 18 hours LAB  
This course introduces the student, through hands-on operations, to the intermediate features of spreadsheet programs on the microcomputer. The course will cover keyboard macros, lookup tables and logical expressions as well as advanced file operations and spreadsheet convenience commands. Students will follow spreadsheet templates and design their own sheets. Students may receive one unit credit for each topic offered. Consult the class schedule for specific topics.
CISA 319
Electronic Spreadsheet-Update
.5-1 Units
Formerly: CIS 12U
Prerequisite: CISA 311. Grade of “C” or better required to meet prerequisite.
Course Transferable to CSU
Hours: 9 hours LEC
New versions of computer software are released on a regular basis. The purpose of this course is to help students develop advanced skills and describe the changes and improvements in the software. This course assumes that students have knowledge of existing software and are looking to update their skills and develop new capabilities. Credit will be awarded on the basis of one-half unit for each nine hours of lecture. This course may be taken four times for credit on new versions of software.

CISA 320
Introduction to Database Management
1 Unit
Formerly: CIS 13A
Prerequisite: None
Advisory: CISC 300 or 310.
Course Transferable to CSU
Hours: 18 hours LEC
This course is designed to introduce the student to the use of database management programs on the computer. The course will include designing a database; accessing, searching and updating files; and designing and producing printed reports. Students will be reading and interpreting written and oral instructions of a technical nature. Students may receive one unit credit for each topic offered. Consult the class schedule for specific topics. Note: This course will have an additional lab component when taken at Folsom Lake, Rancho Cordova or El Dorado Center.

CISA 321
Intermediate Database Management
1 Unit
Formerly: CIS 13B
Prerequisite: CISA 320. Grade of “C” or better required to meet prerequisite.
Course Transferable to CSU
Hours: 18 hours LEC
This course will extend the capabilities of students who have started to use a microcomputer database. Topics and laboratory will include complex relational databases, form design, intermediate report design, advanced queries, OLE objects, macros and an introduction to visual programming. Students may receive one unit credit for each topic offered. Consult the class schedule for specific topics. This course may be taken four times for credit. Note: This course will have an additional lab component when taken at Folsom Lake, Rancho Cordova or El Dorado Center.

CISA 329
Database Management-Update
.5-1 Unit
Formerly: CIS 13U
Prerequisite: CISA 321. Grade of “C” or better required to meet prerequisite.
Course Transferable to CSU
Hours: 9 hours LEC

CISA 330
Desktop Publishing
2 Units
Formerly: CIS 17A
Prerequisite: None
Advisory: CISC 300 or 310; and CISA 300.
Course Transferable to CSU
Hours: 27 hours LEC ; 27 hours LAB
This course will cover the introductory elements of desktop publishing. The course is taught in three modules with a project attached to each module. The course covers hardware and software, elements of design, computer graphics, text composition, page layout, and integration of text and graphics. Projects may include, but are not limited to: business cards, stationery, logos, covers, flyers, brochures, newsletters. Students may receive two units credit for each topic offered. Not open to students who have received credit for JOUR 335.

CISA 331
Intermediate Desktop Publishing
2 Units
Formerly: CIS 17B
Prerequisite: CISA 330 or JOUR 335.
Grade of “C” or better required to meet prerequisite.
Course Transferable to CSU
Hours: 27 hours LEC ; 27 hours LAB
This course will cover the intermediate elements of desktop publishing. The course is taught in three modules with a project attached to each module. The course covers intermediate hardware and software, elements of intermediate design, graphics and text composition, multi-page layout, design for publishing presentations, project management and single- and multi-page documents. Projects may include, but are not limited to, reports, slicks, slides, overheads, posters, transparencies, billboards, brochures, newsletters. Students may receive two units credit for each topic offered. Not open to students who have received credit for JOUR 336.

CISA 340
Presentation Graphics 2 Units
Formerly: CIS 15A and CIS15B
Prerequisite: None
Advisory: CISC 300 or 310.
Course Transferable to CSU

Hours: 27 hours LEC ; 27 hours LAB
This course is an introduction to the use of a computer to generate graphics used in business. Topics include hardware (screens, printers, input devices), software, (paint, chart, Photoshop), and types of graphics (photographs, graphics, charts, and designs). Students will learn how to edit and format presentations and present those ideas to an audience. The class includes lecture and hands-on experience. The course may be taken four times for credit on different software programs.

CISA 349
Presentation Graphics - Update .5-1 Unit
Formerly: CIS 15U
Prerequisite: CISA 341. Grade of “C” or better required to meet prerequisite.
Course Transferable to CSU

Hours: 9 hours LEC

CISA 405
Scripting for Applications 3 Units
Formerly: CIS 26
Prerequisite: None
Course Transferable to CSU

Hours: 54 hours LEC
This course is an introduction to the application scripting. Topics include OS environment, office suites, scripting languages, user interface, creating macros, using application objects, properties and methods, customizing applications, linking application data, buttons, boxes, graphics, data handling, error handling, control, and form handling. This course will enable students to understand object oriented programming concepts like forms, methods, projects and modules. Students will design useful application macros and scripts. Students may receive three units of credit for each topic offered. Consult the class schedule for specific topics. This course may be taken four times for credit.

CISA 499
Experimental Offering in Computer Information Science - Applications .5-4 Units

Computer Information Science - Core (CISC)

CISC 300
Computer Familiarization 1 Unit
Formerly: CIS 1
Prerequisite: None
Advisory: BUSTEC 302.
Course Transferable to CSU

Hours: 18 hours LEC
This is an introductory course to provide general knowledge on how computers work, computer terminology and the impact of computers on society and the work environment. Beginning level hands-on instruction using an operating system, wordprocessing software, spreadsheet software, and the Internet will be emphasized. Students will be reading and interpreting written and oral instructions of a technical nature.

CISC 303
Computer Skills for Educators 3 Units
Formerly: CIS 4
Prerequisite: None
Advisory: BUSTEC 302.
Course Transferable to CSU

Hours: 54 hours LEC
This course is designed for educators of young children. The course will provide a comprehensive overview of the use of computer technology in the classroom in order to enhance the educational advancement of the child and facilitate ease of instruction and administration for the teacher. The course will provide hands-on experience in the use of computer applications, educational software, and problem-solving skills. Not open to students who have received credit for ECE 302.

CISC 305
Introduction to the Internet 1 Unit
Formerly: CIS 21A
Prerequisite: None
Advisory: CISC 300 or 310.
Course Transferable to CSU

Hours: 18 hours LEC
Students will learn how the Internet works, how to connect, and how to use the basic services. Topics will include the World Wide Web, E-mail, chat, news groups and mailing lists, Telnet, and file transfer protocol (FTP). Students will also be introduced to HyperText markup Language (HTML). Note: This course will have an additional lab component when taken at Folsom Lake, Rancho Cordova or El Dorado Center.

CISC 306
Introduction to Web Page Creation 1 Unit
Formerly: CIS 21B
Prerequisite: CISC 305. Grade of “C” or better required to meet prerequisite.
Course Transferable to CSU

Hours: 54 hours LEC
The student will be able to produce a Web page, including design, layout, construction, and presentation. HTML will be used to format a Web page. This course may be taken four times for credit on different software programs. Note: This course will have an additional lab component when taken at Folsom Lake, Rancho Cordova or El Dorado Center.
CISC 308
Exploring Computer Environments and the Internet 1 Unit
Prerequisite: None
Course Transferable to CSU
Hours: 18 hours LEC; 18 hours LAB
This course acquaints the student with the fundamentals of microcomputer hardware, software and computer networking.

CISC 310
Introduction to Computer Information Science 3 Units
Formerly: CIS 3
Prerequisite: None
Advisory: BUSTEC 302.
Course Transferable to UC/CSU; UC-See Counselor
Hours: 54 hours LEC
This course is an introduction to the computer field covering the function and concepts of hardware, computer programming, application and operating software, data communications, the Internet, databases, employment opportunities, and the social impact of the computer.
Students will be reading and interpreting written and oral instruction of a technical nature.

CISC 320
Operating Systems 1 Unit
Formerly: CIS 14A
Prerequisite: None
Advisory: CISC 300 or 310.
Course Transferable to CSU
Hours: 18 hours LEC
This course introduces the student to the concepts of an operating system (for example, Windows, AS 406, or UNIX). Students may receive one unit credit for each topic offered. Consult the class schedule for specific topics. Note: This course will have an additional lab component when taken at Folsom Lake, Rancho Cordova or El Dorado Center.

CISC 321
Intermediate Operating Systems 1 Unit
Formerly: CIS 14B
Prerequisite: CISC 320. Grade of “C” or better required to meet prerequisite.
Computer programming experience highly recommended.
Course Transferable to CSU
Hours: 18 hours LEC
This course is intended to advance the student’s knowledge of operating systems, (for example, DOS, Windows or UNIX). The class covers the study of advanced commands, effective utility use, advanced batch files/script files, program logic, disk organization, making user-friendly systems, anticipating and preventing system problems. The class may be taken more than once for credit, if the course covers a different operating system than that for which the student had previously received credit. Note: This course will have an additional lab component when taken at Folsom Lake, Rancho Cordova or El Dorado Center.

CISC 322
Advanced Operating Systems 1 Unit
Formerly: CIS 14C
Prerequisite: CISC 321. Grade of “C” or better required to meet prerequisite.
Course Transferable to CSU
Hours: 18 hours LEC; 18 hours LAB
This course is an extension of concepts learned in Intermediate Operating Systems. It covers issues including: system maintenance, system optimization, system protection, adding system utilities, scripting, defining user parameters, troubleshooting, device and file sharing. Students may receive one unit of credit for each topic offered. Consult the class schedule for specific topics. This course may be taken four times for credit.

CISC 329
Operating Systems - Update .5-1 Unit
Formerly: CIS 14U
Prerequisite: CISC 321. Grade of “C” or better required to meet prerequisite.
Course Transferable to CSU
Hours: 9 hours LEC
New versions of computer software are released on a regular basis. The purpose of this course is to help students develop advanced skills and describe the changes and improvements in the software. This course assumes that students have knowledge of existing software and are looking to update their skills and develop new capabilities. Credit will be awarded on the basis of one-half unit for each nine hours of lecture. This course may be taken four times for credit on new versions of software.

CISC 350
Introduction to Data Communications 1 Unit
Formerly: CIS 16A
Prerequisite: None
Advisory: CISC 321 (Windows).
Course Transferable to CSU
Hours: 18 hours LEC; 18 hours LAB
This course is an introductory hands-on course in networking and network hardware and software. It will include Internet, e-mail, modems, communications protocol, local area networks, wide area networks, network architecture, and protocols. CISC 351 or 356 and this course are preparation for the Network+ Certification Exam.
CISC 360  
Microcomputer Support and Maintenance  
Formerly: CIS 29  
Prerequisite: CISC 310, 320, 350; CISA 300, 310, and 320. Grade of “C” or better required to meet prerequisite.  
Course Transferable to CSU  
Hours: 36 hours LEC ; 108 hours LAB  
This course is an introduction to technical support and maintenance of microcomputers. It includes lecture and hands-on application of help desk concepts and responsibilities, hardware and software troubleshooting in a networked environment, system documentation, and technical communication skills.

Computer Information Science - Networking (CISN)

CISN 140  
CISCO Networking Academy (CCNA)™: Data Communication and Networking Fundamentals  
3 Units  
Formerly: CIS 72A  
Prerequisite: None  
Advisory: CISC 320, and CISC 300 or CISC 302.  
Hours: 54 hours LEC ; 18 hours LAB  
This course is designed to introduce students to data communication and networking fundamentals. The course surveys data communication hardware and software components and basic networking concepts. Topics covered include data communication, the OSI Model, IP addressing, routing concepts, LAN media, and network management and analyses. This is the first course in preparation for the CISCO CCNA certification examination.

CISN 141  
CISCO Networking Academy (CCNA)™: Networking Theory and Routing Technologies  
3 Units  
Formerly: CIS 72B  
Prerequisite: CISN 140. Grade of “C” or better required to meet prerequisite.  
Hours: 54 hours LEC ; 18 hours LAB  
This course provides an introduction to networking theory and routing technologies, including the OSI Model, beginning router configuration, and routed and routing protocols. This is the second course in preparation for the CISCO CCNA certification examination.

CISN 142  
CISCO Networking Academy (CCNA)™: Advanced Routing and Switching  
3 Units  
Formerly: CIS 72C  
Prerequisite: CISN 141. Grade of “C” or better required to meet prerequisite.  
Hours: 54 hours LEC ; 18 hours LAB  
This course provides advanced routing and switching technologies. Topics include advanced router configurations, network management, advanced network design, LAN switching, and VLANs. This is the third course in preparation for the CISCO CCNA certification examination.

CISN 143  
CISCO Networking Academy (CCNA)™: Wide Area Network and Project-Based Learning  
3 Units  
Formerly: CIS 72D  
Prerequisite: CISN 142. Grade of “C” or better required to meet prerequisite.  
Hours: 54 hours LEC ; 18 hours LAB  
This course develops knowledge and skills to design and configure an advanced, wide area network (WAN) projects using the CISCO IOS command set. This is the fourth course in preparation for the CISCO CCNA certification examination.

Computer Information Science - Programming (CISP)

CISP 300  
Algorithm Design/Problem Solving  
3 Units  
Formerly: CIS 41  
Prerequisite: None  
Corequisite: CIS 310 (may be taken previously). Grade of “C” or better required to meet corequisite.  
Course Transferable to UC/CSU  
Hours: 54 hours LEC  
This course is designed to assist the Computer Science major with the understanding of typical computer problems. Topics covered include assessing and analyzing computer problems in a top down, divide and conquer approach that leads to a programming solution. Students will create programming plans and detailed design documents from which source code versions of programs can be created.
CISP 310
Assembly Language Programming for Microcomputers 4 Units
Formerly: CIS 35A
Prerequisite: CISC 310. Grade of “C” or better required to meet prerequisite.
Course Transferable to UC/CSU (CAN CSCI 10)
Hours: 72 hours LEC
This course teaches Assembly language programming using the Pentium family of microprocessors. The course will cover architecture, instruction set, addressing modes, interrupts and peripheral control. Program structure and operating system support features that are available to the Assembly language programmer will be studied. Structured programming and efficient design will be emphasized.

CISP 350
Database Programming 3 Units
Formerly: CIS 37
Prerequisite: CISA 320 and three units in any programming language. Grade of “C” or better required to meet prerequisite.
Course Transferable to UC/CSU
Hours: 54 hours LEC
This is an introductory course in programming database. The topics include analysis and design, modular programming, screen displays and menus, and multiple databases. Students may receive three units credit for each topic offered. Consult the class schedule for specific topics. This course may be taken four times for credit.

CISP 351
Introduction to Relational Database Design and SQL 3 Units
Formerly: CIS 52A
Prerequisite: None
Course Transferable to CSU
Hours: 54 hours LEC
This course is designed to introduce relational database technology, normalization, entity relationships, logical model design, and ISO-ANSI standard Structured Query Language (SQL). Topics covered include: database, design, basic properties of a relational database such as relations, tables, primary keys, foreign keys and principles of normalization, simple SQL select statements, sorting and grouping data, joining tables, subqueries and views. The database design section focuses on logical model design and entity relationship (ER) modeling. Students will leave the course with a good working knowledge of database technology.

CISP 352
Intermediate SQL 3 Units
Formerly: CIS 52B
Prerequisite: None
Advisory: Completion of CISP 351 or equivalent.
Course Transferable to CSU
Hours: 54 hours LEC
This course builds upon the Introduction to Relational Databases and SQL course with more in-depth SQL constructs common to most commercial database products and extensions to the SQL language. Topics include: complex joins including inner and outer joins, correlated subqueries, complex table definition, table and column constraints, Union, Intersection, Minus, triggers, procedures and packages.

CISP 353
Application Development in a Client Server Environment 3 Units
Formerly: CIS 53
Prerequisite: None
Course Transferable to CSU
Hours: 54 hours LEC
This course is designed for the intermediate level SQL programmer to design, create and deploy GUI applications that access relational database management systems. Topics include: GUI design fundamentals, data control and access methods (remote and local), creating datasets, implementing joins, transaction processing, multi-user data access, record locking, and deploying and installing applications on client workstations.

CISP 354
Introduction to Relational Database Administration 3 Units
Formerly: CIS 54
Prerequisite: None
Advisory: Completion of CISP 352 or equivalent.
Course Transferable to CSU
Hours: 54 hours LEC
This course is designed to introduce students to administering a relational database management system. Topics include: managing users, privileges, resources, and tablespaces; creating an operational database, managing database files; how to start up and shut down an instance or database, the data dictionary, transaction processing, and backup and recovery issues. Completion will provide students with sufficient knowledge for an entry level Database Administration position in industry.

CISP 355
Object Oriented Programming with C++ 3 Units
Formerly: CIS 32B
Prerequisite: CISP 354. Grade of ”C” or better required to meet prerequisite.
Course Transferable to UC/CSU
Hours: 54 hours LEC
This course is designed to further enhance the students’ abilities to design and develop object-oriented programs. Included is an emphasis in GUI development. Detailed information into class design and implementation, function templates, dynamic pointers and intermediate level arrays is provided.

CISP 356
Introduction to Structured Programming 4 Units
Formerly: CIS 32A
Prerequisite: CISP 300. Grade of ”C” or better required to meet prerequisite.
Course Transferable to UC/CSU
Hours: 72 hours LEC
This course is an introduction to structured programming. The topics covered include: top-down design, input/output considerations, control structures and flow control, variables, constants, the use of libraries, simple to intermediate data structures, functions, and arguments. An introduction into objects will be included.

CISP 370
Beginning Visual BASIC 4 Units
Formerly: CIS 38
Prerequisite: CISP 300. Grade of ”C” or better required to meet prerequisite.
Course Transferable to UC/CSU
Hours: 72 hours LEC
This course is an introduction to the Visual BASIC programming language. Students will design, build, and test interactive stand-alone Windows applications with features such as buttons, text input boxes, drop-down lists, menus, dialog boxes, and multiple windows.

CISP 400
Object Oriented Programming with C++ 4 Units
Formerly: CIS 32A
Prerequisite: CISP 360. Grade of “C” or better required to meet prerequisite.
Course Transferable to UC/CSU
Hours: 72 hours LEC
This course is an intermediate C++ course designed to further enhance the students’ abilities to design and develop object-oriented programs. Included is an emphasis in GUI development. Detailed information into class design and implementation, function templates, dynamic pointers and intermediate level arrays is provided.
CISP 405
Object Oriented Programming using C# on Visual Studio .NET
4 Units
Prerequisite: CISP 400. Grade of “C” or better required to meet prerequisite.
Course Transferable to UC/CSU
Hours: 72 hours LEC
This course is an introduction to C# object oriented programming language on Visual Studio .NET environment. Topics will include Visual Studio .NET IDE, Constructors, Methods, Arrays, Inheritance, Polymorphism, Exception Handling, GUI, and Multithreading. This course is designed for students to understand the web base as well as system development capabilities of C#.

CISP 409
Object Oriented Programming
4 Units
Formerly: CIS 39
Prerequisite: The student must have satisfactorily completed a course in introduction to programming, required to meet prerequisite in the fundamental language of the object oriented programming language (examples: CISP 370, Beginning Visual BASIC for Visual BASIC, CISP 365-Pascal for Delphi, CISP 400-Object Oriented Programming with C++).
Grade of “C” or better required to meet prerequisite.
Course Transferable to UC/CSU
Hours: 72 hours LEC
This course is an introduction to object oriented programming. It may use a number of different programming languages (including but not limited to: Visual BASIC, Delphi, C++) and may be taken more than once for credit for different programming languages. The student must have successfully completed an introductory class (such as CISP 365, 370, 400) in the fundamental language of that being offered. The student will learn how to look at data and its relationships to the functions that operate on data. Topics will include but not be limited to: forms, components, properties, classes, objects, static and dynamic relationships, data bases, data sets, queries, hierarchies, inheritance, coding, dialog boxes, associations, testing and debugging.

CISP 430
Data Structures
4 Units
Formerly: CISP 44
Prerequisite: CISP 44. Grade of “C” or better required to meet prerequisite.
Course Transferable to UC/CSU
Hours: 72 hours LEC
This course is an introduction to data structures course being offered. For example: CISP 409 or 400 with a grade of “C” or better. Programming methodology are covered. Data structures include stacks, queues, trees, lists, etc. Searching and sorting techniques are discussed. Student may receive four units of credit for each topic offered. Consult the class schedule for specific topics. This course may be taken four times for credit.

CISP 440
Discrete Structures for Computer Science
3 Units
Formerly: CIS 44
Prerequisite: MATH 370. Grade of “C” or better required to meet prerequisite.
Course Transferable to UC/CSU
Hours: 54 hours LEC
This course is an introduction to the essential discrete structures used in Computer Science, with emphasis on their applications. Topics to be covered include: elementary formal logic and set theory, elementary combinatorics, recursive programming and algorithm analysis, digital logic and switching, combinatorial circuits, and computer arithmetic.

CISP 499
Experimental Offering in Computer Information Science - Programming

Computer Information Science - Web (CISW)

CISW 300
Web Publishing
3 Units
Formerly: CISP 39
Prerequisite: None
Advisory: CISC 305; familiarity with the Internet and its basic services.
Course Transferable to CSU
Hours: 54 hours LEC
This course prepares apprentice web designers and publishers to identify the information dissemination needs of a client, design an appropriate World Wide Web solutions, and implement it.

CISW 305
Web Site Development using Dreamweaver
3 Units
Formerly: CISP 40
Prerequisite: None
Course Transferable to CSU
Hours: 54 hours LEC
Students will use Dreamweaver, a visual web-authoring tool, to design, develop and implement web sites. The topics covered include: creating web pages that contain text, images, links, tables, frames, forms, Cascading Style Sheets and image maps, enhancing web pages with Flash text, Flash buttons and the built-in scripting language, developing effective web structures using web site management tools, and utilizing design standards for site consistency. Students will work individually and as a member of a team to plan, implement, test and evaluate web sites.
CISW 350
Imaging for the Web  1 Unit
Formerly: CIS 21G
Prerequisite: None
Advisory: CISC 306.
Course Transferable to CSU
Hours: 18 hours LEC ; 18 hours LAB
This course takes a look at designing graphics for the web. Using industry standard graphic software, students will create original graphics as well as manipulate found imagery. Through lecture, demonstration and hands-on methods as well as class/instructor critiques, students will understand the process for designing graphics for use on the World Wide Web. Topics include developing graphic elements for a web site using a visual theme, creating buttons and intuitive navigational elements, making background textures and images, understanding web file formats, scanning, and simple animations that enhances a web site. This course may be take four times for credit.

CISW 380
e-Business: Introduction and Environment; Technology and Infrastructure  3 Units
Formerly: CIS 24
Prerequisite: None
Advisory: BUS 300; CISC 305.
Course Transferable to CSU
Hours: 54 hours LEC
Information is now exchanged very rapidly and customers have an instantaneous way to compare offerings from sellers on a worldwide basis. The purpose of this course is to describe the e-business environment, describe the options available to business utilizing e-business, and identify the critical components needed to develop a plan and strategy to implement for a business. The course will focus on e-business for small and medium sized businesses. Not open to students who have received credit for BUS 360.

CISW 380.1
e-Business: Introduction and Environment  1.5 Units
Formerly: CIS 24A
Prerequisite: None
Advisory: BUS 300; CISC 305.

Formerly: CIS 24B
Prerequisite: None
Advisory: BUS 300; CISC 305; CISW 380.1 or BUS 360.1.
Course Transferable to CSU
Hours: 27 hours LEC
The explosive growth of the Internet has changed the fundamental ways in which business is conducted. Information is now exchanged instantly and customers have an instantaneous way to compare offerings from sellers on a worldwide basis. The purpose of this course is to explore the tools, techniques, and technology needed to implement a company’s e-business strategy. Specific content will include payment systems, privacy and security issues, hardware and software solutions, and business issues directly related to e-commerce. The course will focus on e-business infrastructure for small and medium sized businesses. Not open to students who have received credit for BUS 360.2.

CISW 425
Scripting for the Internet  4 Units
Formerly: CIS 25
Prerequisite: None
Advisory: CISW 300 and CISC 310.
Course Transferable to CSU
Hours: 72 hours LEC
This course introduces the student to Internet web page programs designed with various scripting tools. This course emphasizes the creation of web pages incorporating complex processes using a traditional structured, topdown design and implementation approach. Students will learn to design and write scripts to automate processes, maintain databases, handle image maps, maintain security, implement statistical data collection, do problem analysis, do general housekeeping, build templates, and do other multimedia tasks. Students may receive four units of credit for each topic offered. Consult the class schedule for specific topics. This course may be taken four times for credit.

This Folsom Lake College program is designed for the student who is interested in law enforcement, private security or home safety. It provides basic firearms training in the use of the handgun and shotgun. Safety, ethics, and criminal liability are also covered.

---

### Career Options
- Work in Correctional Institutions; work in Law Enforcement Agencies; Private Security Guard; Home Safety

### Highlights
- Course(s) 832 P.C. POST-approved
- Instruction in safe use and care of firearms as well as moral aspects on and off duty
- Shooting exercises conducted on an approved range
- Authorization to carry handguns in law enforcement or security agency granted only to qualifying students
- Upon successful completion of the each course a certificate will be awarded; one for the Arrest, Search and Seizure Class and one for the Firearms class.

### Criminal Justice (CJ)

#### CJ 1000
**Arrest, Search and Seizure**
- 2 Units
- Formerly: CJC 121A
- Prerequisite: None
- Hours: 40 hours LEC
- Ethics and orientation to police service; discretionary decision-making; arrest, search and seizure laws and cases; methods of arrest. Complies with the requirements of section 832 of the Penal Code. Certified by POST - (Peace Officers Standards and Training).

#### CJ 1001
**Firearms**
- 1 Unit
- Formerly: CJC 121B
- Prerequisite: CJ 1000. Grade of “C” or better required to meet prerequisite.
- Hours: 12 hours LEC ; 12 hours LAB
- Legal, moral and safety aspects of firearms use; range firing and qualification. Complies with the requirements of section 832 of the Penal Code. Certified by POST (Peace Officers Standards and Training). Students may wish to challenge the prerequisite on the basis of equivalent experience.

The Folsom Lake College program offers a hands-on approach to learning skills in working with young children from birth through the age of 12. Certificates and degrees have been designed to prepare students for employment at the various levels within privately funded child care centers and publicly funded child development programs.

The program meets the course requirements for teachers and directors of private child care programs licensed by the California State Department of Social Services (Title 22). In addition, the program meets the coursework requirements for the Child Development Permit issued by the California Commission on Teacher Credentialing.

Early Childhood Career Options
- Preschool Teacher; Infant Care Teacher; School Age Teacher; Preschool Director; Infant Care Director; Site Supervisor of Preschool/School Age Programs; Family Child Care Provider; Public School Aide; Pediatric Nurse; Camp Counselor; Recreational Leader; Nanny; Elementary School Teaching Assistant; Parent Educator; Home Visitor

Elementary Teaching
For the person interested in teaching in a self-contained elementary school classroom, Folsom Lake College has courses leading toward a Liberal Studies major at California State University, Sacramento. Before selecting classes, please check with your counselor to receive the most up-to-date information.

Some career options may require more than two years of college study.

Secondary Teaching
In order for a student to prepare for a secondary teaching credential, the student should complete the lower division requirements for the teaching major while completing the transfer general education requirements needed for transfer. A counselor can assist the student in selecting the appropriate courses.

Note: Students planning to enroll in Work Experience or practicum classes [ECE 320 (3), ECE 321 (4), ECE 350 (10), and ECE 498 (48)] must show evidence of TB clearance before working with children.

Highlights
- Two AA Degrees and nine Certificates
- On- and off-campus course offerings
### A.A. DEGREES

The Teacher and Master Teacher Certificates, as well as the AA Degrees in Early Childhood Education and the Site Supervisor, are aligned with the Child Development Permits issued by California's Commission of Teacher Credentialing (January 1997). California law requires that teachers in state-funded child care and development programs possess a Child Development Permit.

ECE 300  
Introduction to Early Childhood Education  3 Units  
Formerly: ECE 1  
Prerequisite: None  
Course Transferable to CSU  
Hours: 54 hours LEC  
This course will introduce students to the field of early childhood education, including an overview of the history of the field, current curriculum approaches, and programs serving children from infancy through the school-age years. It reviews the current status of education of young children, with a focus on integrated education. Students will learn and apply skills in observing young children, documenting the work of young children, and interpreting these documents in order to plan subsequent curriculum. Opportunities to observe in a variety of early childhood education settings will be included. This class will prepare students with background and skills they need before entry into the student teaching laboratory classes.

ECE 302  
Computer Skills for Educators  3 Units  
Formerly: ECE 29  
Prerequisite: None  
Advisory: BUSTEC 302  
Course Transferable to CSU  
Hours: 54 hours LEC  
This course is designed for educators of young children. The course will provide a comprehensive overview of the use of computer technology in the classroom in order to enhance the education advancement of the child and facilitate ease of instruction and administration for the teacher. The course will provide hands-on experience in the use of computer applications, educational software, and problem-solving skills. Not open to students who have received credit for CISC 303.

ECE 304  
Family to Family: Introduction to Family Child Care  1 Unit  
Formerly: ECE 19  
Prerequisite: None  
Course Transferable to CSU  
Hours: 18 hours LEC  
This course is an orientation to Family Child Care including local regulations, health and safety, curriculum, behavior management, and business requirements of in-home child care services.

ECE 320  
Principles and Practices in Early Childhood Education  4 Units  
Formerly: ECE 3  
Prerequisite: FCS 312 or PSYC 372 and ECE 300. Grade of “C” or better required to meet prerequisite.  
Course Transferable to CSU  
Hours: 54 hours LEC  
This laboratory class provides experience working with children in an early childhood setting under the supervision of a mentor teacher. Students will be assigned to the campus child development centers or centers with approved mentor teachers for the supervised laboratory experience. Lecture and laboratory components provide opportunities to plan, provision, and supervise the overall learning setting. Course work is aimed at mastering classroom leadership in the areas of child observation, documentation of children’s work, child assessment, guidance of behavior, group management, collaborative teaching and effective oversight of long-term study projects. Before beginning lab assignments, students must show proof of TB clearance.

ECE 330  
Infant Development  3 Units  
Prerequisite: None  
Course Transferable to CSU  
Hours: 54 hours LEC  
This course covers infant development from conception through three years of age. Students will apply current research to the preparation for conception, birth, and raising children in the first three years of life. Students will learn strategies for caring for infants at each developmental stage. This course is for parents or professionals working with infants in health fields, education, or social services.
ECE 331  
Education and Care of Infants in Group Settings  3 Units  
Prerequisite: ECE 330.  
Course Transferable to CSU  
Hours: 54 hours LEC  
This course applies current research in infant development to the teaching and care of infants in group settings. Early childhood education principles and practices are emphasized in the application of care and education of infants from birth to three years of age. Students will learn strategies for designing, implementing, and evaluating group care programs for infants and toddlers.

ECE 334  
Laboratory with Infants and Toddlers  1 Unit  
Prerequisite: None  
Corequisite: ECE 331; may be taken previously. Grade of “C” or better required to meet corequisite.  
Course Transferable to CSU  
Hours: 54 hours LAB  
This class provides experience working with infants and toddlers in a group care program. It is designed as a practicum/laboratory for those who have completed or are enrolled in ECE 331. This course requires participation in a designated, supervised infant-toddler care setting for three hours per week with infants and/or toddlers. A current, yearly TB test is required prior to starting lab hours.

ECE 350  
Introduction to Elementary Teaching with Field Experience  3 Units  
Formerly: ECE 10  
Prerequisite: None  
Advisory: FCS 312 or PSYC 372.  
Course Transferable to CSU  
Hours: 36 hours LEC ; 54 hours LAB  
This course is a career exploration course with an early field experience for those students considering the field of K-8 teaching. It includes a supervised field placement and four hours weekly in a local elementary school in addition to weekly class meetings on campus. It will also fulfill one of the early field experiences for the CSUS blended liberal studies major. Course content includes the profession and culture of teaching, observation skills, communication skills, diversity and social issues among others. Students’ field experiences will integrate and apply the course content. Students will also complete a service learning project at participating schools.

ECE 356  
Programs for the School-Age Child  3 Units  
Formerly: ECE 9  
Prerequisite: FCS 312 or PSYC 372.  
Grade of “C” or better required to meet prerequisite.  
Course Transferable to CSU  
Hours: 54 hours LEC  
This program will present the fundamentals of planning, implementing and evaluating programs for before- and after-school care of school-age children (K-6). Course emphasis is on developmental levels, age-appropriate activities and day-to-day program operation. Field trip may be utilized to enhance classroom instruction.

ECE 364  
Fundamentals of Movement and Rhythm in Early Childhood Education  2 Units  
Formerly: ECE 24  
Prerequisite: None  
Course Transferable to CSU  
Hours: 18 hours LEC ; 54 hours LAB  
This course is designed for early childhood education, elementary and recreation majors. Recommended for physical education majors. Early childhood education, elementary and lead-up games for individuals and team sports, stunts, tumbling, and elementary and culturally diverse rhythms and dances will be practiced. Not open to students who have received credit for PET 306.

ECE 368  
Infants with Atypical Development  3 Units  
Formerly: ECE 6  
Prerequisite: FCS 312 or PSYC 372 and ECE 330. Grade of “C” or better required to meet prerequisite.  
Course Transferable to CSU  
Hours: 54 hours LEC  
This course will examine the developmental characteristics, assessment techniques, methods of intervention, natural environments, community and family resources, and current issues of the atypical infant from birth through age three. Students will understand and practice the early intervention techniques the very young children with special needs and disabilities require in the developmental areas of sensory stimulation and integration, gross and fine motor control, cognitive, language, social and self-help skills. The course will explore the community services and agencies that offer family support as well as the laws related to the atypical infant/toddler. Career and vocational opportunities in the fields related to special needs infant/toddlers and the various roles of the multi-disciplinary teams that develop the IFSP will be examined.

This course meets the requirements of the Education Code under Title 5, and the Commission of Teacher Credentialing.
ECE 424
Adult Supervision: Mentoring in a Collaborative Learning Setting
2 Units
Formerly: ECE 47
Prerequisite: None
Course Transferable to CSU
Hours: 36 hours LEC
This course is a study of the methods and principles of collaborative learning, with emphasis on supervising adults working in child care centers. Emphasis is placed on the role of a mentor who functions to guide the teaching team while simultaneously addressing the needs of children, parents and their staff. This course satisfies the adult supervision requirement for receiving a supervising teacher permit from the California Commission on Teacher Credentialing.

ECE 430
Culture and Diversity in Early Childhood Education
3 Units
Formerly: ECE 36
Prerequisite: None
Course Transferable to CSU
Hours: 54 hours LEC
This course covers culturally responsive care and education in early childhood settings. It includes the study of child-rearing and communication styles as they vary across the diverse cultures such as African American, Latino, Asian American, and others represented in the classroom and as they impact a child’s development. Promoting equity for all aspects of human diversity—culture, race, ethnicity, gender, sexual orientation, ability, and age—is explored. Teaching strategies which prevent and eliminate the development of prejudice and racism in growing children will be covered. Included are strategies for helping children negotiate and resolve conflicts caused by cultural and ability differences.

This Folsom Lake College program studies how people and societies produce various commodities and distribute them for consumption, now or in the future. FLC's Economics offerings include the study of the American economic system, using techniques for the analysis of contemporary economic problems.

### Career Options
- Accountant; Arbitrator; Attorney; Budget Analyst; Business Analyst; Business Conditions; Forecaster; Commodity Economist; Commodity Price Forecaster; Development Economist; Economic Analyst; Economic Forecaster; Industrial Relations Specialist; Investment Analyst; Labor Economist; Macro Economist; Manpower Economist; Natural Resource Economist; Operations Research Analyst; Project Economist; Research Economist

Most career options require more than two years of study.

### Highlights
- Knowledgeable instructors and professionals in their fields
- Good general overview and conceptual framework of economic issues
- Opportunity to combine with business and other related areas of study for a more comprehensive education
- Transfer opportunities
- A lab with tutorial assistance

---

### ECON 302
**Principles of Macroeconomics**

**3 Units**
- Formerly: ECON 1A
- Prerequisite: None
- Course Transferable to UC/CSU (CAN ECON 2)
- Hours: 54 hours LEC

This course is a graphical and functional analysis of the economy as a whole. The focus is on the economy’s well-being, problems, and solutions. Major topics include basic principles of economics; basic economic analyses; demand, supply, and equilibrium in a market; macroeconomic sectors, goals, and problems (unemployment, inflation, business cycle, and government budget deficit); the economy’s output, income, and price level; aggregate demand, aggregate supply, and equilibrium; and macroeconomic policies (fiscal and monetary). Time permitting, related topics such as international trade, international finance, and economic growth may also be discussed. Course work includes doing arithmetic problems, solving algebraic equations, and graphing straight and curvilinear lines.

---

### ECON 304
**Principles of Microeconomics**

**3 Units**
- Formerly: ECON 1B
- Prerequisite: None
- Course Transferable to UC/CSU (CAN ECON 4)
- Hours: 54 hours LEC

This course is a graphical and functional analysis of the units (sectors) making up the economy. The focus is on the sectors’ choices and interactions, microeconomic goals (efficiency and equity), problems, and solutions. Major topics include basic principles of economics; basic economic analyses; demand, supply, and equilibrium in a market; markets and applications; costs and production; product and resources markets; and microeconomic problems (externalities, public goods, and income inequality). Time permitting, related topics such as international trade and health economics may also be discussed. Course work includes doing arithmetic problems, solving algebraic equations, and graphing straight and curvilinear lines.

---

### ECON 320
**Concepts in Personal Finance**

**3 Units**
- Formerly: ECON 14
- Prerequisite: None
- Advisory: BUS 105
- Course Transferable to CSU
- Hours: 54 hours LEC

This course is designed to assist individuals in analyzing their financial affairs. Elements and conceptual basis of financial planning, analysis, and decision making in areas of budgeting, taxes, borrowing, money management, insurance, investments, and retirement will be examined with an emphasis on principles to develop students’ economic decision making. Students will be using mathematical concepts as well as reading and interpreting written and oral instructions. The course provides a solid base for a career in financial planning services. Not open to students who have completed BUS 320.

---

### ECON 495
**Independent Studies in Economics**

**1-3 Units**
- Formerly: ECON 49I
- Prerequisite: None
- Course Transferable to CSU
- Hours: Variable

See Catalog under Alternative Credit/Study Options

---

### ECON 499
**Experimental Offering in Economics**

**.5-4 Units**
- Formerly: ECON 49
- Prerequisite: None
- Course Transferable to UC/CSU; UC - See Counselor
- Hours: Variable

See Catalog under Alternative Credit/Study Options
DEGREE: A.A. — Liberal Studies for Elementary Education

This major is designed for students who wish to be teachers in public and private elementary schools. Further education at the university level will be required to fulfill all requirements for a teaching credential authorizing service in California public schools.

**Career Options**
Teacher, primary grades
Teacher, intermediate grades
Instructional Assistant

Classes beyond the associate degree may be required to fulfill some career options or for preparation for transfer to a university program.

**Highlights**
This major is especially designed for students who plan to transfer into California State University, Sacramento's Blended Teacher Preparation Program. This program provides all of the lower division courses necessary to gain admission to the university and the teacher credential blended program.

**Other CSUS Requirements:**
Foreign Language: Students must complete the intermediate level (3rd semester). For other exemptions, see coordinator or a counselor.

Grade point average must be 2.67 in transferable baccalaureate courses.

The Writing Proficiency Exam (WPE) should be taken at CSUS shortly after completing Critical Thinking (ENGWR 302).

The Intermediate Algebra Diagnostic exam should be taken shortly after completing Intermediate Algebra (MATH 125).

It is recommended that the CBEST be taken anytime after taking ENGWR 300 (Engl 1A), ENGWR 302 (Engl 1C), and MATH 310 (2).

Students should accumulate a portfolio of their course work, obtain a letter of recommendation from their field experience cooperating teacher, and check with their counselor for other CSUS application and admission requirements.

**Other Associate in Arts degree requirements:**
Physical Education - any activity course

Complete 60 Units

Students must meet the Reading Competency requirement through either assessment, a class, or a college-level reading examination.

CERTIFICATE

Emergency Medical Technician

EMT(1)s are the backbone of the Emergency Medical Services (EMS) system throughout the nation, helping to reduce injury severity and death at the scene of an accident or sudden illness and during transportation to a medical facility.

Folsom Lake College's Emergency Medical Technology 100 course is designed to provide the student with the skills and knowledge to apply for certification as an Emergency Medical Technician(1) and is approved by the Sacramento County Health Department, Division of Emergency Medical Services, the certifying agency for Sacramento County. This certification is mandatory for all personnel who wish to pursue a career working on an ambulance. EMT(1) certification is also a pre-employment requirement for many fire departments. Together with varying levels of actual on-the-job experience, it is often required for admission to Paramedic training programs throughout the state.

FLC's EMT students will gain actual experience by spending eight hours off-campus in operating ambulance units and an additional eight hours in a hospital emergency department.

Emergency Medical Technology (EMT)

EMT 100
Basic Emergency Medical Care 5 Units
Formerly: EMT 50
Prerequisite: HEED 314 (or HEED 312 and 313) and HEED 320, or equivalent certification in Community CPR, First Aid, and CPR for the Professional Rescuer. Grade of “C” or better is required to meet prerequisite. 
Hours: 72 hours LEC; 72 hours LAB
This course instructs students to the level of Emergency Medical technician-Basic. Basic serves as a vital link in the health care team providing emergency pre-hospital care for basic life support with ambulance service, fire service, or other specialized services. Students spend ten hours off-campus in a hospital emergency room and/or in an operational ambulance. The course is in compliance with Title 22, Division 9, Chapter 2, of the California Code of Regulations. Students with an 80% grade or higher receive a course completion certificate, and are eligible to apply for the exam administered by the County of Sacramento for certification as an Emergency Medical Technician I.

EMT 102
Emergency Medical Technician - Basic Refresher 1 Unit
Formerly: EMT 51
Prerequisite: EMT 100 or current/prior certification as an EMT-1. Grade of “C” or better required to meet prerequisite
Hours: 24 hours LEC; 4 hours LAB
This course updates the techniques and current knowledge of persons employed in providing emergency care service. The course is in compliance with Title 22, Division 9, Chapter 2, of the California Code of Regulations. Students receiving an 80% grade or higher receive a course completion certificate. This course my be taken four times for credit.

EMT 299
Experimental Offering in Emergency Medical Technology .5-4 Units
Formerly: EMT 99
Prerequisite: None
Hours: Variable

Engineering

Folsom Lake College’s program provides the foundation in mathematics, physics, and engineering necessary to transfer to a university and complete a bachelor's degree in engineering.

Engineering involves the application of scientific and mathematical principles needed to solve practical technical problems. Although the first two years of engineering courses for all engineering degrees are similar, students should consult the lower division requirements of the institution to which they wish to transfer.

Career Options
- Aerospace Engineer
- Architectural Engineer
- Chemical Engineer
- Civil Engineer
- Computer Engineer
- Electrical Engineer
- Mechanical Engineer

Most career options require a B.S. degree.

Highlights
- Challenging and rewarding classes that transfer to four-year universities

Engineering (ENGR)

ENGR 300
Introduction to Engineering
1 Unit
Formerly: ENGR 2
Prerequisite: None
Course Transferable to UC/CSU
Hours: 18 hours LEC

This course will provide students with information to evaluate the engineering profession as a personal career choice. Students will explore the branches of engineering and the different types of work that engineers do. Participants will investigate personal characteristics which contribute to being happy and successful engineers, and will examine their own traits. They will learn what preparation is needed and strategies for successful completion. Course participants will appreciate the role of engineers in society and understand the responsibilities of engineers in their service to society.

ENGR 303
Introduction to Logic Design
4 Units
Formerly: ENGR 14
Prerequisite: None
Advisory: Any previous or concurrent programming class. MATH 120.
Course Transferable to CSU
Hours: 54 hours LEC; 54 hours LAB

This is an introductory course in the fundamentals of designing digital computer hardware. This course covers: logic gates, binary number systems, conversion between number systems, Boolean algebra, Karnaugh maps, combinational logic, digital logic design, flip-flops, programmable logic devices (PLDs), counters, registers, memories, state machines, designing combinational logic and state machines into PLDs, and basic computer architecture. Lab emphasizes the use of a software equation entry tool, the use of schematic entry, and the use of a logic simulation tool. Lab assignments are design oriented. Required for Electrical/Electronics Engineering and Computer Engineering majors. Helpful for Computer Science majors. Recommended for students wishing to sample computer engineering, and for current and future electronics technicians.

ENGR 312
Engineering Graphics
3 Units
Formerly: ENGR 14
Prerequisite: None
Advisory: Completion of MATH 112 or high school geometry.
Course Transferable to CSU
Hours: 36 hours LEC; 72 hours LAB

Students learn the graphical tools needed to develop and communicate engineering ideas. They represent three dimensional objects in drawings using basic drafting principles, and solve engineering problems by constructing views of objects from different points of view using descriptive geometry. Participants will create drawings using both pencil and paper and will practice applying it. This course is primarily for students interested in mechanical and civil engineering.
ENGR 400
Introduction to Electrical Circuits and Devices  3 Units
Prerequisite: PHYS 421 ( Electricity and Magnetism) with a grade of “C” or better
Course Transferable to UC/CSU
Hours: 54 hours LEC
This course will provide engineering students with circuit analysis concepts and applications that will be of value in any engineering field as well as a solid foundation for electrical engineering and related majors. The course includes the analysis of circuits with resistors, inductors, capacitors, and independent and dependent voltage and current sources. Many analysis techniques will be applied to DC and AC circuits. Differential equations will be used to find the transient response of circuits. Power calculations will be performed on both DC and AC circuits, including an introduction to three-phase AC power. This course is required for most engineering Bachelors of Science degrees.

ENGR 495
Independent Studies in Engineering 1-3 Units
Formerly: ENGR 49I
Prerequisite: None
Course Transferable to CSU
Hours: Variable
See Catalog under Alternative Credit/Study Option

ENGR 499
Experimental Offering in Engineering .5-4 Units
Formerly: ENGR 49
Prerequisite: None
Course Transferable to UC/CSU; UC-See Counselor

DEGREE  
A.A. — English

The Folsom Lake College English department offers broad study of the fields of written and spoken language. This study teaches skills that are essential to every other discipline. In particular, the ability to read effectively and write expressively will prove invaluable to any student.

Career Options
Advertising; Business; Columnist/Journalist; Editor/Evaluator; Lawyer; Legislative Assistant; Librarian; Manager; Methods Analyst; Novelist; Public Relations; Publisher; Researcher; Screenwriter; Speechwriter; Teacher; Technical Writer; Writing Consultant

Some career options may require more than two years of college study.

DEGREE

A.A.—English

The English major offers courses in literature, composition, and creative writing designed to enhance communication skills, deepen cultural awareness, provide a breadth of knowledge appropriate for many degree and vocational programs, and prepare students for transfer to four-year institutions, and for a baccalaureate major in English or related majors.

English - Creative Writing (ENGCW)

ENGCW 400  
Creative Writing 3 Units  
Formerly: ENGL 15  
Prerequisite: Eligibility for ENGWR 300.  
Course Transferable to UC/CSU; UC - See Counselor  
(CAN ENGL 6)  
Hours: 54 hours LEC  
This course is designed to guide students in creative writing through experience in three genres: short story, poetry, and plays. The course includes analysis of literary models (professional writings in each genre), individual and class criticism of work in a workshop mode, and lecture on and discussion of literary techniques in each genre. This course may be taken two times for credit or once in combination with ENGCW 410 and/or 420.

ENGCW 410  
Fiction Writing Workshop 3 Units  
Formerly: ENGL 15A  
Prerequisite: Eligibility for ENGWR 300.  
Course Transferable to UC/CSU; UC - See Counselor  
Hours: 54 hours LEC  
This is a creative writing course designed for students who wish to concentrate on fiction writing. Through lecture, discussion, assigned reading, writing exercises, short story (or novel chapter) writing, and critiques of student writing in a workshop mode, the students will examine critically the elements of literary creation. The students will keep a journal and prepare a portfolio of their work. This course may be taken twice for credit, but only once in combination with ENGCW 400.

ENGCW 420  
Poetry Writing Workshop 3 Units  
Formerly: ENGL 15B  
Prerequisite: Eligibility for ENGWR 300.  
Course Transferable to UC/CSU; UC - See Counselor  
Hours: 54 hours LEC  
This is a creative writing course for students who wish to concentrate on poetry writing. Through lecture, discussion, assigned reading, writing exercises, poetry writing, and critiques of student writing in a workshop mode, the students will examine critically the elements of literary creation. The students will keep a journal and prepare a portfolio of their work. This course may be taken twice for credit, but only once in combination with ENGCW 400.

ENGCW 430  
Creative Non-Fiction Writing Workshop 3 Units  
Formerly: ENGL 15C  
Prerequisite: Eligibility for ENGWR 300.  
Course Transferable to UC/CSU; UC - See Counselor  
Hours: 54 hours LEC  
This is a creative writing course concentrating on the literary essay. The class focuses on constructive in-class analysis of personal essays written by students. Students will write and critically examine essays such as the memoir, autobiography, reflective, and philosophical that have a literary, stylistic component. The class will also emphasize multi-cultural, multi-generational, mythological, and ecological topics. Students will prepare a portfolio of completed work. This course may be taken twice for credit, but only once in combination with ENGCW 400.

ENGCW 452  
College Literary Magazine 4 Units  
Formerly: ENGL 17C  
Prerequisite: None  
Advisory: Eligibility for ENGWR 300.  
Course Transferable to CSU  
Hours: 54 hours LEC; 54 hours LAB  
This course provides instruction in techniques and experience in writing, editing, and structuring the college literary magazine. Access is provided to computers, laser printers, and other journalism equipment. A campus literary reading will be presented. This course may be taken two times for credit.

ENGCW 495  
Independent Studies in English - Creative Writing 1-3 Units  
Formerly: ENGCW 49I  
Prerequisite: None  
Course Transferable to CSU  
Hours: Variable  
See Catalog under Alternative Credit/Study Options

ENGCW 499

English - Education (ENGED)

ENGED 305  
Structure of English 3 Units  
Formerly: ENGL 2  
Prerequisite: ENGWR 300. Grade of “C” or better required to meet prerequisite.  
Course Transferable to CSU  
Hours: 54 hours LEC  
Designed for prospective teachers or those entering professions requiring strong written language skills, this course affords students the opportunity to study the history of English, traditional and transformational grammars, linguistics, standard usage, phonology, and orthography. Students will examine the development and structure of the English language, language acquisition, and the cultural and linguistic diversity represented by the students in the California public school system. They will also apply grammatical concepts as they meet the 2,000 word writing requirement.
**ENGED 320**  
Service Learning: Tutoring Elementary Students in Reading  
3 Units  
Formerly: ENGL 10  
Prerequisite: None  
Course Transferable to CSU  
Hours: 36 hours LEC ; 54 hours LAB  
This class offers students an opportunity to learn and practice basic methods of tutoring elementary children in reading. Students will meet on campus for the first part of the semester to be trained, and then will be assigned to a nearby elementary school where they will have in-depth practice tutoring elementary children who are reading below grade level. This course, which may be offered in conjunction with a non-profit organization such as SMART Kids, is one of the two required field experience courses for the CSUS Blended Teacher Preparation Program and may be taken two times for credit. Prior to beginning work in the schools, students may be required to be fingerprinted and pass a TB test.

**ENGED 495**  
Independent Studies in English - Education  
1-3 Unit  
Formerly: ENGL 49  
Prerequisite: None  
Course Transferable to CSU  
Hours: Variable  
See Catalog under Alternative Credit/Study Options

**ENGLB 70**  
Reading and Writing Laboratory  
.5-1 Units  
Formerly: ENGL 252  
Prerequisite: None  
Advisory: For students whose second language is English, completion of or concurrent enrollment in ESLW 310/ESLR 310 or above, or placement in an English course through the assessment process.  
Hours: 54 hours LAB  
This laboratory course provides assistance in reading and writing skills to students in all subject areas. Students may enter the course at any time during the first 12 weeks of the semester and earn either .5 or 1 unit. Students may repeat the course earning a maximum of six units. This course is graded on a credit/no credit basis. ENGLB 70 is recommended for students who are encountering difficulties in reading, writing, spelling, sentence structure, paragraph or essay structure, and who would benefit from individual tutor/instructor assistance.

**ENGED 499**  
Experimental Offering in English - Education  
.5-4 Units  
Formerly: ENGL 49  
Prerequisite: None  
Course Transferable to CSU  
Hours: Variable  
See Catalog under Alternative Credit/Study Options

**ENGLB 299**  
Experimental Offering in English - Laboratory  
.5-4 Units  
Formerly: ENGL 99  
Prerequisite: None  
Hours: Variable  
See Catalog under Alternative Credit/Study Options  
English - Literature (ENGLT)

**ENGLT 303**  
Introduction to the Short Story  
3 Units  
Formerly: ENGL 42  
Prerequisite: Eligibility for ENGWR 300  
Course Transferable to UC/CSU  
Hours: 54 hours LEC  
Students will read, analyze, and discuss short stories by a wide variety of writers. Reading will emphasize American and British writers but will include authors from other countries as well. Thematic emphasis will focus on the connections between literature and the human condition.

**INDIVIDUALIZED ENGLISH INSTRUCTION AT THE EL DORADO CENTER & FOLSOM CAMPUS**

You can improve your English skills in a comfortable, supportive environment. The Reading and Writing Center at the Folsom campus (FLC) and the English Center at the El Dorado Center (EDC) in Placerville offer innovative and quality instruction for all reading and writing levels, from basic through advanced. Individualized instruction and self-paced programs in spelling, vocabulary, reading, and sentence structure are available at one or both of the Centers; all classes are graded Credit/No Credit. You earn class credit by completing a specified number of lecture or laboratory hours.

**To Take an Individualized Class:**

1. Sign up for the classes you want using the course codes for the specific location.
2. Go to the FLC Reading and Writing Center or the EDC English Center during their regularly scheduled semester hours, and see an English professor or instructional assistant for more information about getting started with your individualized instruction.

ENGLT 309
Book Length Literature for Group Discussion 1 Unit
Formerly: ENGL 12
Prerequisite: None
Course Transferable to CSU
Hours: 18 hours LEC
Designed to introduce students to book length literature, this course will allow students to read, analyze, and discuss both fiction and non-fiction works by a wide variety of authors. Using a seminar style, the class will meet approximately six times to explore the books. The instructor will select the first book; together, as a class, students will choose the remaining works for reading and discussion from an instructor approved list. This course may be taken two times for credit.

ENGLT 310
English Literature 3 Units
Formerly: ENGL 35
Prerequisite: Eligibility for ENGR 300.
Course Transferable to UC/CSU
(CAN ENGL 8) (WITH ENGLT 311, CAN ENGL SEQ B)
Hours: 54 hours LEC
Study of significant works of major English authors from Beowulf through Samuel Johnson, with consideration of the most important aspects of English literary history.

ENGLT 311
English Literature 3 Units
Formerly: ENGL 36
Prerequisite: Eligibility for ENGR 300.
Course Transferable to UC/CSU
(CAN ENGL 10) (WITH ENGLT 310, CAN ENGL SEQ B)
Hours: 54 hours LEC
Survey of significant works of major English authors from the beginning of Romanticism in the Eighteenth Century to the poetry of Dylan Thomas in the Twentieth Century, with consideration of the important aspects of English literary history.

ENGLT 320

Students will survey the representative works in American Literature after the Civil War.

ENGLT 340
World Literature 3 Units
Formerly: ENGL 33
Prerequisite: Eligibility for ENGR 300.
Course Transferable to UC/CSU
Hours: 54 hours LEC
This course will acquaint students with a diverse range of literature from the Ancient World through the Renaissance. Students will identify the communalities and differences in the myths, epic poetry, philosophy, sacred texts, lyric poetry, prose, and drama of early Middle Eastern, Asian, African, South American, European, and North American literatures. Moreover, students will analyze issues of ethnicity, ethnocentrism, racism, ageism, classism, gender inequity, and religious difference in this literature as a means of developing a common foundation for cultural awareness and tolerance. From this process, students will develop an appreciation for world literature and an understanding of how ethnocentrism, ethnicity, sexism, and racism have affected our institutions, attitudes, and thoughts.

ENGLT 341
World Literature 3 Units
Formerly: ENGL 34
Prerequisite: Eligibility for ENGR 300.
Course Transferable to UC/CSU
Hours: 54 hours LEC

ENGLT 345
Mythologies of the World 3 Units
Formerly: ENGL 26
Prerequisite: Eligibility for ENGR 300.
Course Transferable to UC/CSU
Hours: 54 hours LEC
This course examines some of the myths underlying the western world view, and recognizes diversity and commonality in myths from Middle Eastern, Native North American, African, Asian, and South American cultures. Students analyze, contrast, and compare myths on topics including the goddess culture, creation, the hero’s journey, Judaico-Christian themes, the dying god, and psychological applications. From this process, they will gain an understanding of ethnocentrism, ethnicity and racism and the impact of these on the American experience.

ENGLT 360
Women in Literature 3 Units
Formerly: ENGL 27
Prerequisite: Eligibility for ENGR 300.
Course Transferable to UC/CSU
Hours: 54 hours LEC
This course is designed for women and men who are interested in examining the roles women have occupied in literature, both as writers and as protagonists. Emphasis will be placed on literature that develops protagonists and explores literary themes that focus on women’s experiences in childhood, adolescence, marriage, childbirth and child rearing, death, love, dependence, independence, and their own creativity. Female authors and protagonists from Western, Eastern, and Third World countries will be included. Male authors may also be included. Over the course of the semester, students will examine issues of ethnicity, ethnocentrism, racism, ageism, classism, gender inequity, and religious differences that are raised in the literature under discussion. In order to develop a sense of cultural tolerance to such issues, the literature will include a variety of genres, such as short stories, novels, plays, and poetry, the emphasis to be determined by the instructor.

### French (FREN)

- **FREN 101**
  - Conversational French, Elementary
  - 3 Units
  - Formerly: FREN 50A
  - Prerequisite: None
  - Hours: 36 hours LEC ; 54 hours LAB
  - This is a first semester introduction to the French language. It is designed for beginning students with little or no previous exposure to the language. It is characterized by an emerging ability to understand and produce appropriate responses in high-frequency situations utilizing learned materials. Speaking and writing will be comprehensible to a sympathetic listener. Verbal and written expression is limited to short, culturally appropriate communication. Students will acquire a knowledge of the geography, culture and people of regions where French is spoken and of French-speakers' contributions to North American and world cultures.

- **FREN 102**
  - Conversational French, Elementary
  - 3 Units
  - Formerly: FREN 50B
  - Prerequisite: FREN 101. Grade of “C” or better required to meet prerequisite.
  - Hours: 36 hours LEC ; 54 hours LAB
  - This is second semester Elementary French. It is designed for students who have completed FREN 401 or two years of high school French. It provides refinement of skills begun in FREN 401. Students will gain increased accuracy and ability to understand and produce appropriate responses in high frequency situations utilizing learned materials. Speaking and writing will be comprehensible to a sympathetic listener. Verbal and written expression will be limited to short, culturally appropriate communication on a broader scale than at the FREN 401 level. Students will acquire a knowledge of the geography, culture and people of regions where French is spoken and of French-speakers' contributions to North American and world cultures.

- **FREN 311**

Most businesses/agencies acknowledge a higher education degree for promotional and salary enhancement purposes.

Highlights
Major requirements are aligned with CSU General Education, IGETC or common General Education requirements at many transfer institutions.

DEGREE
A.A.—General Education Transfer

Folsom Lake College's general education degree is designed to provide students with a program of solid preparation emphasizing university studies. This program is aligned with the CSU General Education Breadth Requirements or the Intersegmental General Education Transfer Curriculum (IGETC) offering students a wide variety of transfer courses from which to choose. It is important to emphasize, however, that transferability is a matter determined by receiving institutions and that catalog rights may also affect transferability. University programs have varying lower division requirements, and these may also affect selection of courses. Therefore, any student interested in this degree is strongly advised to meet with a Counselor prior to enrolling in classes.

Required Program:
Complete one of the following options:

Option A:
CSU General Education Breadth (39 units)

Option B:
Intersegmental General Education Transfer Curriculum (IGETC) (34 units)

Option C:
Campus specific lower division general education pattern. (18 units)
Minimum 18 units selected from the UC Transfer Course Agreement in any of the following categories: English, Mathematics, Humanities, Behavioral and Social Sciences, Biological and Physical Sciences.
See a counselor for course requirements for a specific transfer campus.

All degree options require completion of the FLC graduation requirements.
Geography

Geography is the science of place and space. Geographers study the relationships among geographic places, natural systems, society, cultural activities, and the interdependence of all these over space.

There are two main branches of geography: human geography and physical geography. Human geography is concerned with the spatial aspects of human existence – how people and their activities are distributed in space, how people use and perceive space, and how people create and sustain the places that make up Earth’s surface. Physical geographers study the physical elements and spatial processes that make up and shape the environment, including energy, air, water, weather, climate, landforms, soils, animals, plants, etc.

Geographers also study the linkages between human activity and natural systems. Geographers were, in fact, among the first scientists to sound the alarm that human-induced changes to the environment were beginning to threaten the balance of life itself. Geographers today are active in the study of global warming, desertification, deforestation, loss of biodiversity, groundwater pollution, flooding, and more.

The Folsom Lake College Geography program offers courses that satisfy lower division General Education requirements in both the physical and social sciences. Students planning to transfer to a four-year school with a major in Geography should consult the lower division requirements at the university they plan to attend.

Career Options
International Development; Natural Resource Management; Environmental Consultant; Urban and regional planning; Educator (elementary through University); Tourism; Cartographer; Climatologist; Park Ranger; Transportation Specialist; Real Estate Analyst; International Business; Marketing Analyst; Land Surveyor; Research Scientist; Remote Sensing Specialist and Demographer.

Some career options may require more than two years of college study.

Highlights
Comprehensive course offerings including a Physical Laboratory.
Field study courses to Yosemite, Pt. Reyes, Monterey/Big Sur, and the Mt. Diablo area.

Geography (GEOG)

GEOG 300
Physical Geography: Exploring Earth’s Environmental Systems
3 Units
Formerly: GEOG 1
Prerequisite: None
Advisory: Concurrent enrollment in GEOG 301.
Course Transferable to UC/CSU
(CAN GEOG 2)
Hours: 54 hours LEC
This course investigates the interrelationships between Earth and humans, with an emphasis on natural systems (solar energy balance, weather and climate, water resources, landforms, natural hazards, vegetation, and soil). Relevant application of these elements to today’s world is stressed to help students better understand Earth’s physical environment as well as human-environment interaction. A field trip is required to relate class discussions to the real world.

GEOG 301
Physical Geography Laboratory
1 Unit
Formerly: GEOG 11
Prerequisite: None
Advisory: GEOG 300 (may be taken concurrently).
Course Transferable to UC/CSU
Hours: 54 hours LAB
This course provides “hands-on” study of the basic principles and concepts involved in understanding Earth’s physical environment. Lab topics include observation, measurement and analysis of Earth’s energy balance, weather and climate, vegetation, landforms, and natural hazards, as well as topographic map reading, interpretation, and navigation skills.
GEOG 306
Weather and Climate              3 Units
Formerly: GEOG 6
Prerequisite: None
Course Transferable to UC/CSU
Hours: 54 hours LEC
This course is an introduction to atmospheric processes including energy and moisture exchanges, atmospheric pressure, winds, and global circulation. Severe weather conditions such as hurricanes and tornadoes are also studied. World, regional, and local climates are investigated. Student work will include weather observations and analysis of atmospheric data using charts, weather maps and radar and satellite imagery from the Internet and other sources. Because this course involves the use of some quantitative concepts, students are encouraged to have fundamental algebraic skills prior to enrolling in the course.

GEOG 310
Human Geography: Exploring Earth’s Cultural Landscapes
3 Units
Formerly: GEOG 2
Prerequisite: None
Course Transferable to UC/CSU
(CAN GEOG 4)
Hours: 54 hours LEC
This course investigates the diverse patterns of human settlement, development, and movement on earth, which evolved as a result of cultural and environmental factors. Emphasis is placed on understanding global population and migration patterns, language, religion, ethnicity, political and economic systems, development issues, agriculture and urbanization.

GEOG 390
Field Studies In Geography .5-4 Units
Formerly: GEOG 24
Prerequisite: None
Course Transferable to CSU
Hours: Variable
This course covers the study of geographic principles and processes in specific environments (mountain, desert, coastal, urban, etc.). Course content will vary by destination and will include topics in physical geography, human geography, as well as an introduction to geographic tools and techniques for field research. For specific details, see the course description(s) listed in the schedule. Students will be responsible for providing their own lodging (or camping equipment) and food. Field trip(s) required. This course may be repeated up to three times under a new topic or destination.

GEOG 495
Independent Studies in Geography 1-3 Units
Formerly: GEOG 49I
Prerequisite: None
Course Transferable to CSU
Hours: Variable
See Catalog under Alternative Credit/Study Options

GEOG 499
Experimental Offering in Geography .5-4 Units
Formerly: GEOG 49
Prerequisite: None
Course Transferable to UC/CSU; UC - See Counselor
Hours: Variable
See Catalog under Alternative Credit/Study Options
DEGREE  
A.S. — Geology

Geology is the study of the origin and evolution of the earth, utilizing the principles of mathematics, chemistry, physics and biology. The concept of geologic time and the principles of uniformitarianism help geologists to understand the processes that shape the earth and its environments. Geologists study rocks, minerals and fossils in an effort to draw conclusions about both the earth’s observable surface processes that meet the eye, and the earth’s interior.

Many of the Folsom Lake College Geology courses satisfy lower division General Education requirements for the A.A., A.S., B.A., and B.S. degrees. Geology majors planning to Transfer to four-year institutions should see a counselor.

- Lower division course offerings, including a Physical Laboratory, Mineral Laboratory and Field Courses
- Dynamic geologic environment near the Sierra Nevada, San Andreas Fault, Mono Lake, Death Valley, and Central California Coastal areas

### DEGREE  
A.S.—Geology

This degree is designed to meet common lower division requirements for a major in geology.

### Geology (GEOL)

#### GEOL 300

**Physical Geology**  
3 Units
Formerly: GEOL 1  
Prerequisite: None
Advisory: Concurrent enrollment in GEOL 301.
Course Transferable to UC/CSU
(Together with GEOL 301, CAN GEOL 2)
Hours: 54 hours LEC

Physical geology is an introduction to the composition and dynamics of the earth from the atomic scale of minerals to the global scale of plate tectonics. Topics include the composition of minerals and rock, volcanism, earth structures, earthquakes, erosion and surface processes, geologic time, geologic hazards, and plate tectonics. In this course, attention will focus on the rocks, landscapes, and scenic areas of the American West. Emphasis is placed on how humans affect the environment. Successful completion of physical geology prepares the student to recognize, understand, and appreciate processes which continually change our earth.

#### GEOL 301

**Physical Geology Laboratory**  
1 Unit
Formerly: GEOL 2
Prerequisite: None
Corequisite: GEOL 300 (may be taken previously). Grade of “C” or better required to meet corequisite.
Course Transferable to UC/CSU
(Together with GEOL 300, CAN GEOL 2)
Hours: 54 hours LAB

This course provides “hands-on” experience with the tools and skills discussed in Physical Geology (GEOL 300). Lab topics include mineral and rock identification, map and air photograph interpretation and landform identification, and introduction to the study of geologic maps and cross-sections.
This course is an introductory course covering major topics in geology, oceanography, meteorology, astronomy, scientific method, and philosophy of science. This course is designed for non-science majors.

**GEOL 306**
Earth Science Laboratory 1 Unit
Formerly: GEOL 8L
Prerequisite: None
Corequisite: GEOL 305. Grade of "C" or better required to meet corequisite.
Course Transferable to UC/CSU; UC - See Counselor
Hours: 54 hours LAB
This course emphasizes scientific methods and systematic laboratory procedures. Topics include weather analysis, rock and mineral identification, study of geologic concepts by means of topographic maps, and exercises in astronomy and oceanography. One field trip is required.

**GEOL 310**
Historical Geology 3 Units
Formerly: GEOL 3
Prerequisite: None
Advisory: An introductory geology or earth science course.
Course Transferable to UC/CSU
Hours: 54 hours LEC
This course covers the origin and geologic history of the Earth and the evolution of its plant and animal inhabitants. Plate tectonic theory is used to explain changes in composition and structure of rocks of the Earth’s crust from the formation of the Earth to the present. Emphasis is placed on the formation of sedimentary rocks for the purpose of understanding how they and the fossils contained within them record changes in earth environment and processes. Evolution and extinction are studied to understand how they reflect environmental changes in the earth’s ocean, atmosphere, and surface.

**GEOL 311**
Historical Geology Laboratory 1 Unit
Formerly: GEOL 4
Prerequisite: None
Corequisite: GEOL 310 (may be taken previously). Grade of "C" or better required to meet corequisite.
Advisory: GEOL 300.
Course Transferable to UC/CSU
Hours: 54 hours LAB
Laboratory studies will accompany and complement GEOL 310, Historical Geology. Use of sedimentary rocks, fossils, geologic maps, and cross sections will aid in interpreting ancient environments, tectonic settings, and geologic history. Other concepts addressed include age relations and correlation of rock and time units, and introduction to fossil identification and biostratigraphy. At least one field trip or an appropriate alternative activity will be required as an introduction to sedimentary environments and field methods in geology.

**GEOL 330**
Introduction to Oceanography 3 Units
Formerly: GEOL 5
Prerequisite: None
Course Transferable to UC/CSU
Hours: 54 hours LEC
This course will provide an introduction to the basic principles and practices of oceanography. Topics will be presented in terms of the applications of physics, geology, chemistry, and biology to a study of the world’s oceans. Specific topics will include planetary science and earth origin, the geologic timescale, geography and location systems, matter, marine provinces, sediments, seismology, plate tectonics, seawater composition, geochemical distributions, deep ocean circulations, winds and surface circulation, waves, tides, estuarine environment, biological production, nektion, plankton, and benthic organisms.

**GEOL 342**
Geology of National Parks 3 Units
Formerly: GEOL 18
Prerequisite: None
Course Transferable to UC/CSU
Hours: 54 hours LEC
This course introduces students to Earth’s geologic story as revealed by the rocks and landscapes in our State and National parklands. Attention will focus on how natural Earth processes have formed our State and National parklands. This course addresses surface shaping processes such as volcanism, plutonism, deformation, sedimentation, glaciation and fluvial activity as displayed in our parks and monuments.

**GEOL 345**
Geology of California 3 Units
Formerly: GEOL 12
Prerequisite: None
Course Transferable to UC/CSU
Hours: 54 hours LEC
This course provides a survey of the physical and historical aspects of California’s geology, emphasizing the linkage between humans and geology through socio-economic impacts. This course is recommended for non-majors and majors in geology and is of particular value to science, engineering, environmental studies, education, and economic majors.

**GEOL 347**
Geologic Mining History of the Mother Lode 3 Units
Formerly: GEOL 9
Prerequisite: None
Course Transferable to CSU
Hours: 54 hours LEC
This is an introductory course covering the mining and geologic history of California’s Mother Lode region. Emphasis is on understanding the formation of the area’s gold deposits, past and present mining methods, and the legacy left by the early miners.
GEOL 351
Introduction to Mineralogy
3 Units
Formerly: GEOL 6
Prerequisite: None
Advisory: An introductory geology course and an elementary chemistry course.
Course Transferable to CSU
Hours: 36 hours LEC; 54 hours LAB
The properties, relationships and origins of minerals, crystallography and determinative mineralogy; economic importance of minerals in California and on a world-wide basis.

GEOL 390
Field Studies in Geology
.5-4 Units
Formerly: GEOL 24
Prerequisite: None
Course Transferable to UC/CSU
Hours: Variable
This course covers the study of geologic principles and processes of specific areas (mountains, deserts, great valley, coastal region, etc.). For specific details, see the course description(s) listed in the schedule. Students will be responsible for providing their own lodging (or camping equipment) and meals. This course may be taken up to four times for credit under a new topic or destination.

GEOL 495
Independent Studies in Geology

Formerly: GEOL 49I
Prerequisite: None
Course Transferable to CSU
Hours: Variable
See Catalog under Alternative Credit/Study Options

GEOL 499
Experimental Offerings in Geology

The Folsom Lake College Graphic Communication program combines artistic and design principles with technical knowledge, and provides students with instruction in computer graphic and Web design skills. Students learn concepts and principles of information design and delivery, as well as graphic design and production, using industry-standard software programs and practices, and employ these skills and concepts in the development and production of content for print and the Web.

**Career Options**

The Graphic Communication program will prepare students for an entry-level position working as a web designer, production artist, or web author in a variety of fields.

**CERTIFICATE**

**Web/Graphics Production**

Web/Graphics Production involves the production of graphics for print and the Web. Students in the program learn industry-standard tools used in the Web and Graphic Design fields, and gain an understanding of the techniques, principles, and technical issues related to the production of graphics and web content. The certificate should prepare the student for an entry-level position working as a production artist or graphic assistant in a graphic design or web related field.

**Graphic Communication (GCOM)**

**GCOM330**

**Beginning Photoshop** 3 units

*Prerequisite: None*

*Course Transferable to CSU*

*Hours: 36 hours LEC ; 54 hours LAB*

Discover the ultimate power of creating, manipulating, and enhancing images by using the professional graphic design and Web design imaging software of choice, Adobe Photoshop. This beginner's course covers how to effectively use this software for the graphic design industry, as well as how to plan and carry out a digital imaging project. This course may be repeated twice for credit if the version of software being taught has changed.

**GCOM340**

**Beginning Adobe Illustrator** 3 units

*Prerequisite: None*

*Course Transferable to CSU*

*Hours: 36 hours LEC ; 54 hours LAB*

When illustrating digitally for print or Web media, one of the skills artists and designers need to have is the ability to draw with vector digital tools. This beginner's course, provides professional tips and techniques while introducing graphic design and Web design students to the industry's leading vector-drawing program-Adobe Illustrator. Learn how digital illustrations are produced with a variety of lines and fills, gradients and blends, and special effects. This course gives students the foundation to create original graphics and illustrations digitally. This course may be repeated once for credit if the version of software being taught has changed.

**GCOM361**

**Creative Web Page Design** 3 units

*Prerequisite: GCOM 330 (66) Beginning Photoshop or GCOM 340 (75) Beginning Adobe Illustrator*

*Course Transferable to CSU*

*Hours: 36 hours LEC ; 54 hours LAB*

This course uses a visual editor for Web page design. Employing graphic design practices, information design principles, and audience analysis concepts, students will learn to create Web sites with well-designed navigation and content, and which are tailored to a specific audience.

**GCOM363**

**Advanced Creative Web Page Design (Macromedia Flash)** 3 units

*Prerequisite: Graphic Communication 361 (87)*

*Course Transferable to CSU*

*Hours: 36 hours LEC ; 54 hours LAB*

This course covers the creation of vector-based graphics, animation and interactivity within the Web environment. Emphasis will be placed on applying design principles to the elements of motion and interactivity. The basic operating principles of Macromedia Flash will be applied in order to create Web sites with animation, interactive buttons and sound. Issues of creative process for Web design, working with a client, bandwidth restrictions, and optimal delivery will be covered. This course may be repeated once for credit if the version of software being taught has changed.
Health Education

This Folsom Lake College program in Health Education is designed to provide students the essential information for the evaluation, protection and maintenance of individual health. The Health Science course fulfills a portion of the General Education graduation requirement for Living Skills and is transferrable to all four-year colleges and universities.

HEED300
Health Science 3 Units
Formerly: HEED 1
Prerequisite: None
Course Transferable to UC/CSU
Hours: 54 hours LEC
The aim of this course is to help people achieve a high level of wellness and prevent disease by assisting them to maximize both their personal lifestyles and their environments. This course will help you to identify the various factors influencing your current and future levels of wellness. Information presented will include, but not be exclusive to: mental health, stress management, nutrition, weight control, fitness, sexuality, addictive substances, and disease.

HEED312
Community CPR (Cardiopulmonary Resuscitation) - Basic Life Support 1 Unit
Formerly: HEED 11
Prerequisite: None
Course Transferable to CSU
Hours: 18 hours LEC
This course includes information essential for first aid knowledge, skill ability, and personal judgment in basic life support and CPR (cardiopulmonary resuscitation) for adults, children and infants. Instruction includes adult, child and infant CPR, choke rescues and recognizing symptoms of heart attacks. Students successfully completing this course and qualifying tests will be eligible to receive an American Red Cross certificate in adult, child and infant CPR. This course may be taken four times for credit.

HEED313
Standard First Aid 1 Unit
Formerly: HEED 10
Prerequisite: None
Course Transferable to UC/CSU; UC-See Counselor
Hours: 18 hours LEC
This course includes first aid procedures such as how to deal with cuts, bruises, bone/muscle injuries, shock, bleeding, other first aid emergencies, and also adult one-rescuer CPR (cardiopulmonary resuscitation). These instructional methods and techniques meet the requirements from the American Red Cross in Standard First Aid and CPR. This course is recommended for lifeguards, ski patrol, recreation workers, teachers and Physical Education majors. Students successfully completing this course and qualifying tests are issued American Red Cross certificates in Standard First Aid and in Adult CPR. This course may be taken four times for credit.

HEED314
Community and First Aid and Safety 2 Units
Formerly: HEED 12
Prerequisite: None
Course Transferable to UC/CSU; UC-See Counselor
Hours: 36 hours LEC
This course includes lecture and practice in Community CPR (Cardio-pulmonary resuscitation), including adult, infant and child CPR. Also included are choke-rescue and how to recognize symptoms of a heart attack. There will also be lecture and practice in First Aid procedures such as how to deal with cuts, bruises, bone/muscle injuries, shock, bleeding and other first aid emergencies. These instructional methods and techniques meet the requirements from American Red Cross in adult, infant, and child CPR and First Aid. Students successfully completing course and qualifying tests are issued American Red Cross certificates in adult, child, and infant CPR and in First Aid. This course may be taken four times for credit.

HEED350
Personal Wellness 3 Units
Formerly: HEED 2
Prerequisite: None
Course Transferable to CSU
Hours: 54 hours LEC
This course takes a personal approach to lifetime healthy habits. The students will relate their own lives to topics that include: fitness, weight management, relationships, nutrition, stress management, sexual health, risky behaviors, and prevention of diseases. Assessment, plans for change and reinforcement will be applied through the use of journals, projects, written assignments and tests. Not open to students who have received credit for PET 301.

HEED495
Independent Studies in Health Education 1-3 Units
Formerly: HEED 49I

History

History of World Civilizations to 1500 3 Units
Formerly: HIST 11
Prerequisite: None
Advisory: ENGWR 101 or eligibility for ENGWR 300.
Course Transferable to UC/CSU
Hours: 54 hours LEC
This course is a survey of world civilizations from antiquity to 1500, with particular emphasis on the dynamic interaction and comparison of peoples and cultures. The focus is on the role played by social, political, economic, cultural and religious forces in shaping the major world civilizations and the legacy of these civilizations for subsequent civilizations and our world today.

History of the United States (to 1865) 3 Units
Formerly: HIST 17
Prerequisite: None
Advisory: ENGWR 101 or eligibility for ENGWR 300.
Course Transferable to UC/CSU; UC-See Counselor
(CAN HIST 8)
Hours: 54 hours LEC
History of the United States portrays the growth of America, its institutions and ideals, from their beginning through the Civil War period, examining the decisions and developments that shaped our national heritage. The U.S. Constitution and the establishment of American government institutions are also covered.

History of the United States (1865-1945) 3 Units
Formerly: HIST 18
Prerequisite: None
Advisory: ENGWR 101 or eligibility for ENGWR 300.
Course Transferable to UC/CSU; UC-See Counselor
(CAN HIST 10)
Hours: 54 hours LEC
History of the United States portrays America’s development from the period of Reconstruction following the Civil War in 1865 through the end of the Second World War in 1945, examining the significant ideas, decisions, forces, institutions, individuals, events, and processes that affected continuity and change during this time. Includes coverage of California state and local government.

Career Options
Administrator; Archivist; Business Consultant; Foreign Service; Government Service; Historian; Journalist; Librarian; Museum Curator; Pre-Law/Lawyer; Researcher/Research Analyst; State Park Historian; Teacher; Writer
Some career options may require more than two years of college study.

Highlights
Overview of World Civilization and American History, Women in American History
Study Abroad in such locations as London, Paris, Florence and Salamanca

This Folsom Lake College program offers a study of history that contributes to cultural literacy and develops critical thinking and other useful skills while helping students understand today and plan for tomorrow.
HIST 314
Recent United States History 3 Units
Formerly: HIST 21
Prerequisite: None
Advisory: ENGWR 101 or eligibility for ENGWR 300.
Course Transferable to UC/CSU
Hours: 54 hours LEC
Recent U.S. History reviews the significant ideas, decisions, forces, institutions, individuals, events, and processes that constitute American history from 1945 to the present, ensuing against the background of a “world setting.” While the emphasis tends to be on political developments, the course also covers broad economic, social, and cultural patterns. It includes coverage of California state and local government.

HIST 319
American Environmental History 3 Units
Prerequisite: None
Course Transferable to UC/CSU
Hours: 54 hours LEC
This course examines the past interactions between human society and the natural world in what is now the United States. Issues to be discussed include Native American resource management, the ecological effects of the arrival of Europeans in the “New World”, resource exploitation in the industrial era, cultural constructions of nature, and the preservation, conservation, and environmental movements. In the context of the historical influence of nature upon human society and the impact of human society upon nature, the course covers broad political, social, and cultural patterns and conflicts. In the same context, it also includes multicultural interpretations of the California and Sierra Nevada foothill experience which may entail field trips.

HIST 331
Women in American History 3 Units
Formerly: HIST 35
Prerequisite: None
Advisory: ENGWR 101 or eligibility for ENGWR 300.
Course Transferable to UC/CSU
Hours: 54 hours LEC
Survey history of the United States from 1607 to the present, emphasizing the economic and social conditions that gave women more actual respect and some public power. Course includes the roles of women in Native American tribes, the English heritage of the colonists, the contributions of women in creating new homes and farms, and the role of women in times of war. Emphasis on the role of women in the three major social issues of the 19th century: labor, abolition, and women’s rights. Includes present-day issues and the legacy of how women in the past dealt with similar issues.

HIST 390
History Field Study 3 Units
Prerequisite: None
Course Transferable to CSU
Hours: 12 hours LEC; 18 hours lab
This course provides an opportunity for first hand observation of a variety of historic and prehistoric sites in the Sacramento and Sierra Nevada foothills environment, as well as an examination of museum collections and presentation techniques of historical and cultural materials. Depending on availability, it includes visits to active excavation, preservation, and/or restoration projects. This class is ideal for social science majors, future teachers, park service personnel, heritage resource volunteers, and those interested in the interpretation field.

HIST 392
Principles of Heritage Interpretation 3 Units
Prerequisite: None
Course Transferable to CSU
Hours: 54 hours LEC
This interdisciplinary course covers the basics of interpreting historical, cultural, and natural resources to the general public. Interpretation is a communication process that forges emotional and intellectual connections between the interests of the audience and the inherent meanings of the resource. Topics will include: developing audience awareness; understanding resource identification; developing a program using a thematic approach; writing measurable performance objectives; and learning program delivery techniques. Completion of this course will qualify students to apply for professional certification through the National Association for Interpretation as a Certified Interpretive Guide (CIG). This course is recommended for students interested in history, biology, anthropology, recreation, education, and communication. Not open to students who have received credit for Biology 392 or Anthropology 392.

HIST 344
Survey of California History: A Multicultural Perspective 3 Units
Formerly: HIST 28
Prerequisite: None
Course Transferable to UC/CSU
Hours: 54 hours LEC
This course is a general historical survey of the social, political and economic developments of California from its origin to the present time. Emphasis is placed on the state’s multicultural heritage and on significant local history.

HIST 495
Independent Studies in History 1-3 Units
Formerly: HIST 49I

The Folsom Lake College programs offer students the opportunity to learn Nursery Operations and Landscape Maintenance in a unique professional growth industry. A wide variety of employment opportunities are available in the Sacramento area. The continued growth of the area and the need for specialized training are creating a demand for qualified individuals.

### Horticulture (HORT)

#### HORT 299
Experimental Offering in Horticulture .5-4 Units
Formerly: HORT 99
Prerequisite: None
Hours: Variable
See Catalog under Alternative Credit/Study Options

#### HORT 300
Introduction to Horticulture 3 Units
Formerly: HORT 1
Prerequisite: None
Course Transferable to CSU
Hours: 54 hours LEC
Survey of principles and practices of horticulture designed to improve knowledge of the home gardener as well as those seeking a career. Basic plant structure and function, general knowledge of plant usage, landscape planning and maintenance.

#### HORT 301
Soils and Plant Nutrition 3 Units
Formerly: HORT 2
Prerequisite: None
Course Transferable to UC/CSU; UC-See Counselor
Hours: 36 hours LEC; 54 hours LAB
This course provides a basic knowledge of the physical, chemical, and biological properties of soils and their characteristics. The course topics include: fundamental soil properties, soil and plant relationships, principles of soil formation, fertilizers and soil management, salinity, pH, erosion management, and non-agricultural uses.

#### HORT 303

**JOUR 340**

**Writing for Publication**

Formerly: JOUR 40  
Prerequisite: ENGWR 300.  
Course Transferable to CSU  
Hours: 54 hours LEC  
Writing nonfiction for publication with emphasis on developing writing style. The course covers writing for specific audiences, writing magazine and feature articles, researching and interviewing and developing an effective prose style. Students will learn how to write reviews, profiles, personal narratives and longer articles and how to sell them.

The Folsom Lake College Library courses teach vital research skills that enable students to achieve success in their college classes, their careers, and their day-to-day lives. Students will gain "research survival skills" to cope with the information rich environment in which they live. They will develop the ability to access information from a broad range of resources, and to evaluate this information and its sources. Course study will include information from print, online subscription databases and the Internet.

FLC Librarians also offer non-credit library instruction sessions, demonstrating the use of library resources and the Internet. Please drop by the reference desk to pick up a helpful handout, obtain individual assistance, or for more information.

Students interested in a paraprofessional library career can complete the Library and Information Technology program available at Sacramento City College. Students interested in a professional library career need a bachelor's degree and a graduate Library and Information Science degree.

**Highlights**
- Become familiar with academic library organization.
- Learn how to select and use appropriate information sources.
- Develop skills to effectively design online search strategies.
- Learn how to evaluate print and online information resources.

### Library (LIBR)

**LIBR 318**  
Library Research and Information Literacy  
1 Unit  
Formerly: LIBR 15  
Prerequisite: None  
Course Transferable to UC/CSU  
Hours: 18 hours LEC

This course helps students acquire the information competency skills necessary to conduct academic or personal research. It provides a step-by-step guide to the research process that is applicable to term papers, course work and life-long learning. It emphasizes developing effective search strategies, selecting information tools, locating and retrieving information sources, analyzing and critically evaluating information, organizing and using information.

**LIBR 499**  
Experimental Offering in Library  
.5-4 Units  
Formerly: LIBR 49  
Prerequisite: None  
Course Transferable to CSU  
Hours: Variable

DEGREE  A.A.—Management

This broad-based management program offers introductory courses as well as more specialized ones ranging from studies of the standard corporate organization to analyzing the small business.

Managers help organizations achieve their objectives through effective planning, organizing, directing, and controlling. The management program attempts to develop an understanding of the importance and diversity of its related fields.

This program prepares students for entry into a company management training program and upgrades the skills of those already working in industry, allowing them to advance to supervisory positions. Students planning vocations in personnel services or analyst positions in state or federal government service should also consider this degree program.

- ACCT 311 (1B)
MGMT 308
Personnel and Human Resources Management 3 Units
Formerly: MGMT 22
Prerequisite: None
Course Transferable to CSU
Hours: 54 hours LEC
This course presents the student with the materials necessary to begin the complex study and analysis of such areas as civil rights, labor law, the personnel “Human Resources” organization and various management theories currently found in both public and private sector organization.

MGMT 360
Management Communication 3 Units
Formerly: MGMT 21
Prerequisite: None
Advisory: MGMT 362
Course Transferable to CSU
Hours: 54 hours LEC
This course provides skill training in coping with communication problems in organizations and includes the study of the communication process, the analysis of the barriers to effective oral and written communication, and the development of guidelines to improve interpersonal relations within an organization through the effective methods of oral and written communications.

MGMT 362
Techniques of Management 3 Units
Formerly: MGMT 24
Prerequisite: None
Course Transferable to CSU
Hours: 54 hours LEC
This is a basic course in management that introduces a variety of modern management concepts. This course includes the basic management functions of planning, organization, staffing, leadership, and control. In addition, such concepts as team development, communication, business ethics, and global management perspectives will be discussed.

MGMT 372
Human Relations and Organizational Behavior 3 Units
Formerly: MGMT 23
Prerequisite: None
Course Transferable to CSU
Hours: 54 hours LEC
Effective human interaction principles that build confidence, competence and positive attitudes in work organizations are learned in this course. Topics that include the basis for human behavior, perception, communication, motivation, performance improvement, group behavior, ethics and social responsibility are major areas of emphasis. This course emphasizes the psychology of human relations management.

DEGREE A.A.—Marketing

Marketing is a dynamic area of study that provides immediate job and career opportunities after one course or the completion of a degree. The skills learned are easily converted into well-paying careers by many students. There is no limit to your success when these areas of study are utilized successfully. The skills learned are essential for international and domestic business and for companies large and small.

Marketing (MKT)

MKT 120  Survey of International Business  3 Units
Formerly: MKT 50
Prerequisite: None
Hours: 54 hours LEC
This course is a comprehensive overview of international business designed to provide both beginners and experienced business people with a global perspective on international trade including foreign investments, impact of financial markets, and the operation of multi-national corporations.

MKT 122  International Marketing  3 Units
Formerly: MKT 51
Prerequisite: None
Hours: 54 hours LEC
This course presents the problems of marketing in the international marketplace and how marketers approach and solve them. The course focuses on concepts and principles by teaching the theory and practice of international marketing through the use of practical examples and actual case studies of international, both United States and foreign, marketing organizations. Studies include: international marketing position of the United States, market entry strategies, analysis of foreign markets, culture and marketing, product design, pricing, distribution, promotion and sales.

MKT 132  Basics of Exporting  1.5 Units
Formerly: MKT 54A
Prerequisite: None
Hours: 27 hours LEC
This course covers the different aspects of exporting and affords the student a working knowledge of the various terms and techniques essential to exporting. Studies include marketing, organization, regulation, terms of access, documentation, shipment and financing involved with international movement of merchandise, trade patterns by countries and commodities.
MKT 134  
**Basics of Importing**  
1.5 Units  
Formerly: MKT 54B  
Prerequisite: None  
Hours: 27 hours LEC  
This course is an overview of the steps involved in importing a product or service from beginning to end. Course includes an introduction to the United States Customs Service, what customs brokers do, duty rate structure and determination, basic laws affecting imports, currency exchange and letters of credit. Practical advice about storage and transportation of shipments after they have cleared customs will also be shared.

MKT 295  
**Independent Studies in Marketing**  
1-3 Units  
Formerly: MKT 99I  
Prerequisite: None  
Hours: Variable  
See Catalog under Alternative Credit/Study Options

MKT 299  
**Experimental Offering in Marketing**  
.5-4 Units  
Formerly: MKT 99  
Prerequisite: None  
Hours: Variable  
See Catalog under Alternative Credit/Study Options

MKT 300  
**Principles of Marketing**  
3 Units  
Formerly: MKT 20  
Prerequisite: None  
Course Transferable to CSU  
Hours: 54 hours LEC  
This course is a general overview of marketing principles. The course covers the process of planning and executing the conception, pricing, promotion, and distribution of ideas, goods and services to create exchanges that satisfy individual and organizational goals. Elements of the marketing environment such as government regulation, environmental protection, competition, and consumer behavior will be analyzed.

MKT 310  
**Selling Professionally**  
3 Units  
Formerly: MKT 22  
Prerequisite: None  
Course Transferable to CSU  
Hours: 54 hours LEC  
This course shows the importance of good selling techniques and the personal qualifications required for effective selling. It emphasizes the development of a business personality and its application to the approach direction, and closing of a sale. It also examines various kinds of selling experience: direct, industrial, wholesale and retail. This course is recommended for men and women preparing for various technical fields as well as all business majors.

MKT 312  
**Retailing**  
3 Units  
Formerly: MKT 24  
Prerequisite: None  
Course Transferable to CSU  
Hours: 54 hours LEC  
Retailing is a business that provides goods and services to customers for their personal use. This course will study modern retail operations with emphasis on consumer behavior, store location and layout, sourcing of goods, pricing, organization, promotion, management and other pertinent factors of retail operations.

MKT 314  
**Advertising**  
3 Units  
Formerly: MKT 26  
Prerequisite: None  
Course Transferable to CSU  
Hours: 54 hours LEC  
This course is an introduction to the field of advertising, its history, purpose, institutions, and functions. Studies are made of the various media used in general advertising, as well as the effective use of these media. Students will produce ads and advertising campaigns. Not open to students who have received credit for CMED 376.

MKT 330  
**Internet Marketing**  
3 Units  
Formerly: MKT 21  
Prerequisite: None  
Course Transferable to CSU  
Hours: 54 hours LEC  
This course is designed to provide both the novice and skilled business person with a working knowledge of how to use Internet marketing. We will teach students to interact with specialists to devise strategies that build customer relations through technological strategies. These specialists may include network specialists, systems analysts, graphic designers, or web masters. Students will have a good understanding of how this technology can be used to help his/her business be more successful.

MKT 495  
**Independent Studies in Marketing**  
1-3 Units  
Formerly: MKT 49I  
Prerequisite: None

DEGREE  A.S.—Mathematics

Mathematics is a multifaceted subject of great beauty and application. The study of mathematics explores some of the deepest puzzles that have ever been encountered and equips the student with a universal language used to study quantities and relationships in all fields. The study of mathematics provides students with the ability to think logically and abstractly and develop the problem-solving and computational skills necessary for success in any field of study.

Career Options
Actuary; Architecture; Assessor; Auditor; Biologist; Budget Analyst; Chemist; Controller; Computer Programmer; Demographer; Dentist; Doctor; Economist; Engineering; Epidemiologist; Finance; Mathematician; Operations Researcher; Statistician; Public Opinion Analyst; Surveyor; Systems Analyst; Teacher; Veterinary Science

Most of these careers require education beyond the two-year college level.

Highlights
A professional and innovative staff committed to providing the best possible mathematics education
A comprehensive mathematics curriculum addressing the needs of both the transfer student and the non-transfer student
A program that uses assessment for proper placement of students

DEGREE  A.S.—Mathematics

This degree is designed to meet common lower division requirements for a major in mathematics.

CISP 370 (CIS 38) Beginning Visual BASIC (4)
TOTAL UNITS REQUIRED ...........................................................25-26

Associate of Science Degree (A.S.) may be obtained by completion of the Required Program, plus General Education requirements, plus sufficient electives to meet a 60-unit total.

Mathematics (MATH)

MATH20
Arithmetic ................................................................. 5 Units
Formerly: MATH 200
Prerequisite: None
Hours: 90 hours LEC
This course provides group and individual instruction in the fundamentals of arithmetic with an emphasis on written and mental computational skills. Topics to be studied will include whole numbers, fractions, decimals, percents, ratios, proportions, problem solving, and applications.

MATH30
Pre-Algebra ................................................................. 5 Units
Formerly: MATH 210
Prerequisite: Math 20 with a grade of C or better, or eligibility as determined by the assessment process.
Hours: 90 hours LEC
This course provides group and individual instruction in the fundamentals of Algebra with an emphasis on written and mental algebraic skills. Topics to be studied will include fractions, percents, signed numbers, algebraic operations on polynomials, simplifying and evaluating expressions, solving linear equations in a single variable, exponents, graphing linear equations in two variables, solving and graphing inequalities in a single variable, simple geometric shapes, and the application of all of the aforementioned to solving word problems.
MATH100  
Elementary Algebra 5 Units  
Formerly: MATH 51  
Prerequisite: MATH 30 or equivalent skills demonstrated through the assessment process. Grade of "C" or better required to meet prerequisite.  
Hours: 90 hours LEC  
This course presents the fundamental concepts and operations of algebra with problem solving skills emphasized throughout. Topics include: properties of real numbers, linear equations and inequalities, integer exponents, polynomials, factoring polynomials, rational expressions and equations, radical expressions and equations, rational exponents, systems of linear equations and inequalities, the rectangular coordinate system, graphs and equations of lines, and solving quadratic equations. MATH 105 recommended for students who feel they need additional course work before taking MATH 100.

MATH112  
Elementary Geometry 3 Units  
Formerly: MATH 52  
Prerequisite: MATH 100 or 102 or equivalent skills demonstrated through the assessment process. Grade of "C" or better required to meet prerequisite.  
Hours: 54 hours LEC  
This course introduces Euclidean geometry. Topics include the axiomatic system, deductive and inductive reasoning, proof, triangles, quadrilaterals, congruence, similarity, constructions, the Pythagorean Theorem, area, and volume.

MATH120  
Intermediate Algebra 5 Units  
Formerly: MATH 53  
Prerequisite: MATH 100 or 102, or eligibility as determined by the assessment process. Grade of "C" or better required to meet prerequisite.  
Hours: 90 hours LEC  
This course reviews and extends the concepts of elementary algebra with problem solving skills emphasized throughout. Topics which are reviewed and extended include: linear and quadratic equations, factoring polynomials, rational expressions, exponents, radicals, equations of lines, and systems of equations. New topics include: graphs and their translations and reflections, functions, exponential and logarithmic functions, graphs of quadratic and simple polynomial functions, nonlinear systems of equations, quadratic inequalities, and an introduction to graph of circles.

MATH295  
Independent Studies in Mathematics 1-3 Units  
Formerly: MATH 99I  
Prerequisite: None  
Hours: Variable  
See Catalog under Alternative Credit/Study Options

MATH299  
Experimental Offering in Mathematics .5-4 Units  
Formerly: MATH 99  
Prerequisite: None  
Hours: Variable  
See Catalog under Alternative Credit/Study Options

MATH300  
Introduction to Mathematical Ideas 3 Units  
Formerly: MATH 1  
Prerequisite: MATH 120 or 125, or eligibility as determined by the assessment process. Grade of "C" or better required to meet prerequisite.  
Course Transferable to CSU  
Hours: 54 hours LEC  
This is a general survey of mathematical ideas and mathematical systems, designed to make fundamental mathematical concepts and processes more meaningful to the general student. Course content includes numeration systems, logic, geometry, probability, combinatorics, statistics, and logic. Additional topics will be selected from algebraic modeling, set theory, number theory, and trigonometry.

MATH310  
Mathematical Discovery 3 Units  
Formerly: MATH 2  
Prerequisite: MATH 112 or Geometry AND MATH 120 or 125, or eligibility as determined by the assessment process. Grade of "C" or better required to meet prerequisite.  
Course Transferable to CSU  
Hours: 54 hours LEC  
This course is designed to introduce students to the spirit of mathematics by involving them in the mathematical process of exploration, conjecture, and proof. Students will explore mathematical patterns and relations, formulate conjectures, and prove their conjectures. Areas of mathematics from which content may be derived include number theory, statistics, probability, geometry, and sequences and series. This course is recommended for students interested in a career in education.

MATH335  
Trigonometry with College Algebra 5 Units  
Formerly: MATH 20  
Prerequisite: MATH 112 or Geometry AND MATH 120, or eligibility as determined by the assessment process. Grade of "C" or better required to meet prerequisite.  
Course Transferable to CSU  
Hours: 90 hours LEC  
This is a full trigonometry course with algebra concepts reviewed, extended, and integrated when they are relevant to the trigonometric concepts. The trigonometric topics include right triangle trigonometry, unit circle trigonometry, graphs of trigonometric functions, proofs of trigonometric identities, solving trigonometric equations, applications of trigonometric functions (law of sines and cosines), and inverse trigonometric functions. The algebra topics include exponential and logarithmic functions, complex numbers, conic sections, the polar coordinate system, and solving equations, inequalities, and systems of equations.

MATH341  
Calculus for Business and Economics 4 Units  
Formerly: MATH 43  
Prerequisite: MATH 120 or 125, or eligibility as determined by the assessment process. Grade of "C" or better required to meet prerequisite.  
Course Transferable to UC/CSU; UC-See Counselor  
(CAN MATH 34)  
Hours: 72 hours LEC  
This course offers an introduction to the concepts and techniques of sets, functions, limits, analytic geometry and the differential and integral calculus. This course is intended for business students; it is not recommended for mathematics and physical science majors.
MATH 334  
Modern Business Mathematics  
4 Units  
Formerly: MATH 44  
Prerequisite: MATH 120 or 125, or eligibility as determined by the assessment process. Grade of “C” or better required to meet prerequisite.  
Course Transferable to CSU  
Hours: 72 hours LEC  
This course is designed around applications of mathematics in an economic and business context. The major topics included are function, finance (interest and exponential models), rates of change, optimization, and linear programming. The content of the course is structured to incorporate tables, graphs and data sets collected from real-world situations. This course is not recommended for mathematics or physical science majors.

MATH 344  
Finite Math  
3 Units  
Formerly: MATH 42  
Prerequisite: MATH 120 or MATH 125, or equivalent skills demonstrated through the assessment process. Grade of “C” or better required to meet prerequisite.  
Course Transferable to UC/CSU  
(CAN MATH 12)  
Hours: 54 hours LEC  
Topics covered in this course include set theory, matrix algebra, simplex method of linear programming, Markov process, game theory, mathematics of finance including present value and annuities, and probability and statistics with application in the field of business, social science and biological sciences.

MATH 350  
Calculus for the Life and Social Sciences I  
3 Units  
Formerly: MATH 16A  
Prerequisite: MATH 335 or equivalent skills demonstrated through the assessment process. Grade of “C” or better required to meet prerequisite.  
Course Transferable to UC/CSU; UC-See Counselor  
(CAN MATH 30) (with 351, CAN MATH SEQ D)  
Hours: 54 hours LEC  
This course is an introduction to calculus. Topics include functions, trigonometric functions, limits, analytic geometry, and differential calculus with applications to business, social, and biological sciences. This course is intended for students majoring in social and biological sciences.

MATH 351  
Calculus for the Life and Social Sciences II  
3 Units  
Formerly: MATH 16B  
Prerequisite: MATH 350. Grade of “C” or better required to meet prerequisite.  
Course Transferable to UC/CSU; UC-See Counselor  
(CAN MATH 32) (with 350, CAN MATH SEQ D)  
Hours: 54 hours LEC  
This course is a continuation of MATH 350. Topics include: definite and indefinite integrals, power series, analytic geometry, multivariate calculus, and differential equations with applications to business, social, and biological sciences. Not open to students who have received credit for MATH 401 or higher level mathematics course.

MATH 370  
Pre-Calculus Mathematics  
5 Units  
Formerly: MATH 29  
Prerequisite: MATH 335 or equivalent skills demonstrated through the assessment process. Grade of “C” or better required to meet prerequisite.  
Course Transferable to UC/CSU; UC - See Counselor  
(CAN MATH 12)  
Hours: 72 hours LEC  
This course is designed to prepare students for calculus, MATH 400, 401 and 402. Course content includes a brief review followed by an in-depth extension of the properties of polynomial, rational, exponential, logarithmic and trigonometric functions. Additional topics include systems of linear and non-linear equations and inequalities, conic sections, sequences and series, the binomial theorem, analytic geometry, vectors, parametric, and polar equations. A graphing calculator may be required for this course.

MATH 400  
Analytic Geometry and Calculus I  
5 Units  
Formerly: MATH 9A  
Prerequisite: MATH 370, or eligibility as determined by the assessment process. Grade of “C” or better required to meet prerequisite.  
Course Transferable to UC/CSU; UC-See Counselor  
(CAN MATH 18) (with 401, CAN MATH SEQ B; with 401 and 402, CAN MATH SEQ C)  
Hours: 90 hours LEC  
This course explores the basic concepts of analytic geometry, limits, derivatives, and integrals. Topics covered will include the graphs, derivatives, and integrals of algebraic, trigonometric, exponential, logarithmic, and hyperbolic functions, and indeterminate forms. Many applications will be covered, including those involving rectilinear motion, differentials, related rates, graphing, and optimization.

MATH 401  
Analytic Geometry and Calculus II  
5 Units  
Formerly: MATH 9B  
Prerequisite: MATH 400. Grade of “C” or better required to meet prerequisite.  
Course Transferable to UC/CSU; UC-See Counselor  
(CAN MATH 20) (with MATH 400, CAN MATH SEQ B; with 400 and 402, CAN MATH SEQ C)  
Hours: 90 hours LEC  
This course is a continuation of MATH 400. Topics covered include techniques of integration, numerical integration, improper integrals, infinite series, parametric equations, polar coordinates, and conic sections. Many applications will be covered including those involving areas between plane regions, volumes of revolution, work, moments and concepts of mass, average value, arc length, and surface area.
MATH 402
Analytic Geometry and Calculus III
5 Units
Formerly: MATH 9C
Prerequisite: MATH 401. Grade of “C” or better required to meet prerequisite.
Course Transferable to UC/CSU; UC-See Counselor
(CAN MATH 22) (with MATH 400 and 401, CAN MATH SEQ C)
Hours: 90 hours LEC
This course extends the concepts of limits, derivatives and integrals to vector-valued functions and functions of more than one variable. Topics covered will include three-dimensional analytic geometry and vectors, partial derivatives, multiple integrals, line integrals, surface integrals, and the theorems of Green, Gauss (Divergence), and Stokes. Many applications of the calculus will be included.

MATH 410
Introduction to Linear Algebra
3 Units
Formerly: MATH 35
Prerequisite: MATH 400. Grade of “C” or better required to meet prerequisite.
Advisory: MATH 402 (may be taken concurrently).
Course Transferable to UC/CSU
(CAN MATH 26)
Hours: 54 hours LEC
This course introduces linear algebra. Topics include matrices, determinants, systems of equations, vector spaces, linear transformations, eigenvectors, and applications. This course is intended for majors in mathematics, engineering, science, and related fields.

MATH 420
Differential Equations
4 Units
Formerly: MATH 11
Prerequisite: MATH 401. Grade of “C” or better required to meet prerequisite.
Advisory: MATH 402 (may be taken concurrently).
Course Transferable to UC/CSU
(CAN MATH 24)
Hours: 72 hours LEC
This course will cover the theory and the applications of the solutions of ordinary differential equations and systems of ordinary differential equations. The course will introduce students to various topics useful in the solution of these differential equations including power series, Laplace transforms, matrices, eigenvalues and eigenvectors, and numerical methods.

MATH 495
Independent Studies in Mathematics
1-3 Units
Formerly: MATH 49I
Prerequisite: None
Course Transferable to CSU

Statistics (STAT)

STAT 300
Introduction to Probability and Statistics
4 Units
Formerly: STAT 1
Prerequisite: MATH 120 or 125 or equivalent skills demonstrated through the assessment process. Grade of “C” or better required to meet prerequisite.
Course Transferable to UC/CSU; UC-See Counselor
(CAN STAT 2)
Hours: 72 hours LEC
This course is an introduction to probability and statistics. Topics include: elementary principles and applications of descriptive statistics, counting principles, elementary probability principles, probability distributions, estimation of parameters, hypothesis testing, linear regression and correlation, and ANOVA. Scientific calculators with two-variable statistics capabilities may be required.

STAT 495
Independent Studies in Statistics

The Folsom Lake College music program includes vocal and instrumental components as well as courses on music, and music history. The program in music is designed to provide students with a foundation in music, to gain an appreciation of and an interest in pursuing music as a hobby or career.

### Career Options
- Music Education; Public and Private Teaching; Vocal Performance; Instrumental Performance; Music Store Employment & Management; Church Music Direction; Composer

Some career options may require more than two years of college study. Classes beyond the associate degree may be required to fulfill some career options or for preparation for transfer to a university program.

### Music Fundamentals, History & Literature (MUFHL)

**MUFHL 300 Introduction to Music** 3 Units
Formerly: MUFHL 6
Prerequisite: None
Course Transferable to UC/CSU; UC-See Counselor
Hours: 54 hours LEC
Learning to listen to and understand the music of many historic periods and cultures through the features they share: sound sources, time frame, rhythm and meter, pitch, and structure. Designed for the student with no previous musical study.

**MUFHL 310 Basic Musicianship** 3 Units
Formerly: MUFHL 2
Prerequisite: None
Course Transferable to UC/CSU; UC-See Counselor
Hours: 54 hours LEC
Learning to read and understand (visually, aurally, and kinesthetically) rhythmic, melodic, and harmonic notation, texture and form through keyboard and/or other instruments including voice as a window to music literacy and creativity. Recommended for students with limited musical experience or to those wishing a basic course prior to enrollment in MUFHL 400.

**MUFHL 330 World Music** 3 Units
Formerly: MUFHL 9
Prerequisite: None
Course Transferable to UC/CSU
Hours: 54 hours LEC
This course is a comprehensive, comparative listeners’ survey of the folk ethnic, dance, and ceremonial music traditions around the world and in the United States, in which concepts of ethnicity, ethnocentrism, racism, ageism, class differences, and gender issues will be addressed. Guided listening presentations will show how traditional forms and styles have led to the urban, professional music popular in many countries today know as “World Beat.” Music of the Americas, Africa, Asia, Australia and Europe will be covered.

Experience.
The prerequisite on the basis of equivalent majors. Students may wish to challenge the prerequisite on the basis of equivalent experience.

MUIV1310
Voice Class 2 Units
Formerly: MUIV1 22A
Prerequisite: None
Course Transferable to UC/CSU
Hours: 36 hours LEC ; 18 hours LAB
Training in the correct use of the singing voice, vocal techniques, and repertoire. Required for vocal majors, but open to all students desiring to begin the study of voice.

MUIV1311
Voice Class 2 Units
Formerly: MUIV1 22B
Prerequisite: MUIV1 310. Grade of "C" or better required to meet prerequisite.
Course Transferable to UC/CSU
Hours: 36 hours LEC ; 18 hours LAB
Training in the correct use of the singing voice, vocal techniques, and repertoire. Required for vocal majors, but open to all students desiring the study of voice. Students may wish to challenge the prerequisite on the basis of equivalent experience.

MUIV1320
Voice Class, Intermediate 2 Units
Formerly: MUIV1 23A
Prerequisite: MUIV1 311. Grade of "C" or better required to meet prerequisite.
Course Transferable to UC/CSU
Hours: 36 hours LEC ; 18 hours LAB
Vocal exercise and intellectual analysis for the development of efficient singing technique and skill in performing vocal literature. Performance in class and in recital is essential. Required for vocal majors. Students may wish to challenge the prerequisite on the basis of equivalent experience.

MUIV1321
Voice Class, Intermediate 2 Units
Formerly: MUIV1 23B
Prerequisite: MUIV1 320. Grade of "C" or better required to meet prerequisite.
Course Transferable to UC/CSU
Hours: 36 hours LEC ; 18 hours LAB
Practical application of proper singing techniques with emphasis on English and Italian diction, and English and Italian literature. Performance in class and in recital is essential. Required for vocal majors. Students may wish to challenge the prerequisite on the basis of equivalent experience.

MUIV1370
Beginning Guitar 2 Units
Formerly: MUIV1 42A
Prerequisite: None
Course Transferable to UC/CSU
Hours: 36 hours LEC ; 18 hours LAB
Beginning instruction on the guitar with emphasis on the fundamentals of music as well as basic guitar chord technique and accompaniment figurations.

MUIV1371
Intermediate Guitar 2 Units
Formerly: MUIV1 42B
Prerequisite: MUIV1 370. Grade of "C" or better required to meet prerequisite.
Course Transferable to UC/CSU
Hours: 36 hours LEC ; 18 hours LAB
A continuation of MUIV1 370 with emphasis on increased skills in chording, arpeggiation, accompaniment, improvisation, melodic reading, and development of personal style. Students may wish to challenge the prerequisite on the basis of equivalent experience.

MUIV1372
Applied Music 1 Unit
Formerly: MUIV1 38
Prerequisite: None
Course Transferable to CSU
Hours: 18 hours LEC; 54 hours LAB
This course involves off-campus instrumental or vocal study requiring a minimum of one-half hour per week of individual study with a private instructor (at student's expense) for a minimum of 18 weeks. The course meets one hour per week on campus for instruction and performance. The course may be taken four times for credit.

MUIV1395
Independent Studies in Music Instrumental/Voice Instruction .5-3 Units
Formerly: MUIV1 39
Prerequisite: None
Course Transferable to CSU
Hours: Variable
Independent study designed to provide instrumental training not offered in other FLCC music classes. Components of the course may include private or group instruction, solo and ensemble work, accompanying experience, and programmed learning in music fundamentals and music technology. Also for students interested in developing tutorial and/or instrumental skills. Each component may be repeated for a total of 3 units, up to a maximum of 9 units.

Music Performance
(MUP)

MUP350
College Choir 2 Units
Formerly: MUP 19
Prerequisite: MUP 357. Grade of "C" or better required to meet prerequisite.
Course Transferable to UC/CSU
Hours: 18 hours LEC ; 72 hours LAB
Study and performance of standard vocal literature from 16th century to modern period. Students are urged to enter during the freshman year. The course is not limited to music majors and is open to all qualified students. Public performances required. May be taken four times for credit. Students may wish to challenge the prerequisite on the basis of equivalent experience.

MUP357
College Chorus 2 Units
Formerly: MUP 18
Prerequisite: None
Course Transferable to UC/CSU
Hours: 18 hours LEC ; 54 hours LAB
Designed for the college student who is interested in a musical experience. Study and performance of standard choral literature. An all-college group. Public performances required. Musical background is not necessary. May be taken four times for credit.

MUP495

### MUSM 334
Introduction to Musical Instrument Digital Interface (MIDI)  2 Units
Formerly: MUSM 62  
Prerequisite: None  
Advisory: MUFHL 310 or MUIVI 310.  
Course Transferable to CSU  
Hours: 9 hours LEC ; 81 hours LAB  
This course is an introduction to the rapidly evolving use of professional music software and MIDI electronic instruments. Various music hardware options, including keyboards, synthesizers, samplers, computers and drum machines, will be explored. Through a series of MIDI projects, students learn to use music sequencing, notation, and CAI (computer-assisted instruction) software.

### MUSM 370
Music for Children  3 Units
Formerly: MUSM 9  
Prerequisite: None  
Course Transferable to CSU  
Hours: 54 hours LEC  
Experiences and materials for integrating music into pre-school, elementary, and recreational programs. Recommended for elementary and early childhood credential candidates, recreation leaders, and others who use music with children. Required for Teacher Assistant Program.  (See Early Childhood Education)

### Natural Resources (NATR)

**NATR 302**  
**Introduction to Wildlife Biology**  
Formerly: NATR 3  
Prerequisite: None  
Course Transferable to CSU  
Hours: 36 hours LEC; 54 hours LAB  
This course is an introduction to Wildlife Biology and the basic principles and techniques related to the practice of Wildlife Management. Emphasis is based on ecological principles of populations and communities as they relate to the interdependence of wildlife and human populations. This course includes the discussion of the social, political and biological implications of Wildlife Management. Additionally, this course includes habitat and population sampling, radio telemetry, and the development of a wildlife management plan. Field trips are required.

**NATR 304**  
**Introduction to Forestry**  
Formerly: NATR 5  
Prerequisite: None  
Course Transferable to CSU  
Hours: 54 hours LEC  
This introductory course covers the basic biological and physical science concepts important to a general understanding in forestry. Topics include forest history, forests of the United States, general tree taxonomy, forest ecology, soils, silviculture, insects, and diseases of forest trees, role of fire in forest management, forest measurements, multiple use management, forest issues and policies. Field trips are required.

**NATR 320**  
**Principles of Ecology**  
Formerly: NATR 2  
Prerequisite: None  
Course Transferable to UC/CSU  
Hours: 36 hours LEC; 54 hours LAB  
This course covers the basic principles of ecology, including the physical and biological factors of different environments in relation to the distribution of plants and animals. Emphasis will be on the management of ecosystems using ecological principles and the understanding of current ecological issues. Field trips are required.

Philosophy is the logical examination of the fundamental issues people have pondered for over 2500 years. What is reality and what is beauty? What is knowledge and truth? What is good and just? Does human existence have meaning and does God exist? Philosophy courses are directed toward understanding these questions in their historical and cultural contexts and applying insights to contemporary life. Rigorous philosophical study will improve one's critical thinking skills.

Philosophy (PHIL)

PHIL 300
Introduction to Philosophy 3 Units
Formerly: PHIL 6
Prerequisite: None
Course Transferable to UC/CSU
(CAN PHIL 2)
Hours: 54 hours LEC
This course will focus on critical thinking techniques and apply them to the following philosophical areas: metaphilosophy, theory of knowledge, metaphysics, ethics, political philosophy, and philosophy of religion. In applying critical thinking techniques to philosophical problems, students are encouraged to develop their own philosophical perspective and world view. The quality and quantity of the course’s required writing will reflect the standards of a second semester composition course.

PHIL 304
Introduction to Eastern Philosophy 3 Units
Formerly: PHIL 3
Prerequisite: None
Course Transferable to UC/CSU
Hours: 54 hours LEC
This course provides an introduction to the philosophical traditions of Hinduism, Buddhism, Taoism and Confucianism focusing on metaphysics, epistemology, and ethics.

PHIL 310
Introduction to Ethics 3 Units
Formerly: PHIL 5
Prerequisite: None
Course Transferable to UC/CSU
(CAN PHIL 4)
Hours: 54 hours LEC
The application of theories developed by traditional and contemporary moral philosophy to the ethical problems, dilemmas, and issues of today.

PHIL 320
Logic and Critical Reasoning 3 Units
Formerly: PHIL 4
Prerequisite: None
Course Transferable to UC/CSU
(CAN PHIL 6)
Hours: 54 hours LEC
An introduction to basic principles and frameworks of logic and critical thinking appropriately used in argument analysis: deduction, induction, fallacy recognition. Emphasis on developing analytical skills and applying principles of good reasoning to the arguments encountered in life. Argument topics from academic fields and textbooks, the electronic and print media, advertisements, politics and ethics may be considered. The quality and quantity of the course’s required writing will reflect the standards of a second semester composition course.
PHIL 328  
Critical Reasoning and Composition  3 Units  
Formerly: PHIL 2  
Prerequisite: ENGWR 300. Grade of “C” or better required to meet prerequisite.  
Course Transferable to UC/CSU  
Hours: 54 hours LEC  
Instruction in critical thinking, including traditional logic, and in advanced composition. A series of writing assignments will focus on increasing the sophistication of argumentative essay skills. Essays shall be evaluated for their quality in both critical thinking and composition. Theoretical models of critical thinking and composition shall be applied to academic fields and textbooks, electronic and print media, advertisements, ethics, politics, and multi-cultural issues.

PHIL 330  
History of Classical Philosophy  3 Units  
Formerly: PHIL 20  
Prerequisite: None  
Course Transferable to UC/CSU  
Hours: 54 hours LEC  
This course is a survey of the origin and development of Western Philosophy from the period of the ancient Greeks and Romans, and continuing through the Middle Ages. This course is especially recommended for all philosophy, history and humanities majors.

PHIL 331  
History of Modern Philosophy  3 Units  
Formerly: PHIL 21  
Prerequisite: None  
Course Transferable to UC/CSU  
Hours: 54 hours LEC  
This course is a survey of the development of Western Philosophy from the period of the Renaissance through the period of modern Europe and America. This course is especially recommended for all philosophy, history and humanities majors.

PHIL 338  
Contemporary Philosophy  3 Units  
Formerly: PHIL 8  
Prerequisite: None  
Course Transferable to UC/CSU  
Hours: 54 hours LEC  
A comprehensive study of the basic ideas of pragmatists, twentieth century metaphysicians, philosophers of language, and existentialists. Special attention will be given to relevance of their ideas to modern life.

PHIL 350  
Philosophy of Religion  3 Units  
Formerly: PHIL 10  
Prerequisite: None  
Course Transferable to UC/CSU  
Hours: 54 hours LEC  
A historical and topical survey of the questions, problems, and theories philosophers have developed in attempts to understand religion as a fundamental impulse within human experience and as a major cultural force. Rather than survey the different religions, this course considers the basic philosophical beliefs and concepts that seem auxiliary to religion. Topics explored include: the possibility of religious knowledge, faith versus reason, theistic arguments, conceptions of God, religious language, atheism, agnosticism, mysticism, the problem of evil, immortality, the challenge of science, and religion’s influence on ethics and politics.

The Folsom Lake College Physical Education program offers a variety of classes including: step aerobics, weight training, fitness kickboxing, social dance, yoga, tennis, golf, aqua aerobics, swimming, tai chi, and martial arts. These courses are designed not only to enhance physical conditioning, but to stimulate students' intellectual growth as well. FLC's Physical Education Department offers many university level transfer courses to accommodate students pursuing a four-year degree. Some requirements tend to vary from college to college. For specific requirements, students should refer to a catalog from the transfer institution of their choice. Students are also advised to see a counselor before selecting the courses best aligned with their transfer institution.

Career Options
Physical education teacher; group exercise instructor; personal trainer; corporate fitness director; wellness coordinator; coach; athletic trainer; physical therapist aide; recreational supervisor.

Most career options require a Bachelor's degree. Classes beyond the Associate Degree may be required for transfer to a University program.

Highlights
The Physical Education curriculum offers a wide variety of courses to accommodate varying fitness levels and age groups. Full service group exercise facilities and weight room are available.

PHYSICAL EDUCATION
All activity classes are open to both men and women unless noted within the course title. Students may be concurrently enrolled in more than one physical education activity class; however, no more than two of the same physical education activity classes may be taken by a student in the same semester. Some four-year colleges and universities limit the number of physical education units they will accept toward the baccalaureate degree. Students should check the appropriate catalog. The prefixes DANCE, FITNESS, PACT, and PET refer to courses that may be used to satisfy the physical education graduation requirement.

Activity courses may be taken up to four times in each activity area, unless otherwise identified (e.g. four Tennis, four Aerobics, four Weight Training, etc.).

The fitness ball is a valuable tool for developing core strength, flexibility, and balance. Because of the fitness ball’s inherent instability, the effect of traditional strength training exercises is intensified. Students will learn to safely and effectively execute strengthening exercises for all the major muscle groups with and without hand weights, flexibility exercises, and balancing exercises. To build a firm educational foundation for this course, reading assignments, written exams, discussion, and/or a portfolio may be assigned. This class may be taken four times for credit. Students will be required to purchase and transport their own fitness balls.

Boot camp fitness is designed to allow students to train and be challenged at a high level. Training exercises performed during this class include jogging, interval training, hill training, and running obstacle courses. The training sessions will also include calisthenic exercises designed to enhance muscular strength and endurance. This class is designed for men and women to train individually, with a partner, or in a team setting. This course may be taken four times.

This course is designed to promote for the student a higher level of physical fitness (cardiovascular endurance, muscular strength and endurance, flexibility, and body leanness) through the outdoor activity of trail hiking. This class will allow the student to enjoy the unique and beautiful back-country trails of the Sierra and the Sierra foothills. The course will cover planning and preparation for hiking the trails, trail safety, injury prevention and treatment, trail etiquette, and orienteering. This class may be taken four times for credit.
FITNS 381
Weight Training                     1 Unit
Formerly: PER 1, FITNS 382
Prerequisite: None
Course Transferable to CSU
Hours: 54 hours LAB
This class is designed to develop muscular
fitness through progressive resistance
training. With the help of the instructor,
students will set up a personalized weight
training program based on their individual
goals. Proper lifting technique, safety and
program designed will be emphasized. This
course may be taken four times for credit.

Hours: 54 hours LAB
Yoga is an East Indian method of mind/
body exercise designed to stretch,
strengthen, and enhance muscle tone
through the practice of asanas (poses) and
pranayama (breathing exercises). Yoga
practice plus meditation helps decrease
stress and increase energy levels while
improving focus, concentration, and self-
realization. This course is suitable for men
and women of all ages, fitness levels and
abilities. This course may be taken four
times for credit.

FITNS 395
Stretch                             1 Unit
Prerequisite: None
Course Transferable to CSU
Hours: 54 hours LAB
This course in stretching will emphasize
flexibility training for increased health
and well-being through selected exercises
designed to increase range of motion in all
the major muscle groups and joints of the
body. It is designed to provide an
individualized approach to stretching and
includes programs to reduce stress and
tension, improve coordination, increase
range of motion, prevent injuries, and to
prepare for further vigorous activity such
as sports, dance, martial arts, or work-
related movements. This class may be
taken four times for credit.

FITNS 401
Walking                            1 Unit
Formerly: FITNS 403
Prerequisite: None
Course Transferable to CSU
Hours: 54 hours LAB
This fitness walking course is designed to
offer students a low impact alternative for
cardiovascular conditioning. Students shall
receive instruction on the biomechanics
of walking, principles of exercise walking,
fitness benefits and values of walking,
techniques of walking, flexibility training,
designing personal walking routines, and
monitoring target heart rate zones and
caloric expenditure. Students are
encouraged to pursue fitness walking as a
lifetime fitness activity. This class may
taken four times for credit.

FITNS 410
Karate                             1 Unit
Formerly: PER 1
Prerequisite: None
Course Transferable to CSU
Hours: 54 hours LAB
This class in karate shall introduce the
student to beginning skills and movements
in stances, blocking, punching and
striking, kicking, kata (forms), and self-
defense techniques. The course shall
include all aspects of karate-specific
physical conditioning as well as instruc-
tion in the history and traditions,
philosophy, etiquette, manners, courtesy,
and language of the martial arts. This class
may be taken four times for credit.

FITNS 413
Okinawan Karate (weapons)          1 Unit
Formerly: PER 1
Prerequisite: None
Course Transferable to CSU
Hours: 54 hours LAB
Okinawan Kobudo is a study of the
ancient method of self-defense with
weapons, commonly known to be the Bo
Staff, Sai, Nunchaku, Tonfa, Kama, and
Iyeku. This is a martial arts class which
will introduce the student not only to the
physical techniques in the use of these
historically agricultural tools as weapons,
but will provide the student with the
historical, philosophical, and cultural
aspects of this ancient art of weaponry.
Students will also be instructed in the
manners, courtesies, discipline, and
protocol of the martial arts. This class
may be taken four times for credit.

FITNS 414
Tai Chi                             1 Unit
Formerly: PER 1
Prerequisite: None
Course Transferable to CSU
Hours: 54 hours LAB
This course examines concepts applicable
to mind-body focus, psycho-kinesic
imagination and fluidity of movement. It
includes Chi Gong techniques for the
maintenance of health and vigor. The
course shall underscore techniques of
stress management and relaxation
response. Taoist, Confucian, and Buddhist
concepts shall be surveyed for their
psycho-physical applications in Tai Chi,
Chi Gong, and the martial arts. This class
may be taken four times for credit.

PACT 300
Archery 1 Unit
Prerequisite: None
Course Transferable to CSU
Hours: 54 hours LAB
This course in target archery shall emphasize basic skill development and practice in the various shooting techniques of the recurve bow and arrow. Topics will include history of the art and sport of archery, safety and range procedures, determination of eyedominance, correct shooting form, scoring on official score cards, care and maintenance of archery tackle, fine-tuning equipment for more accurate shooting, use of the mechanical sight, shot refinement, and methods for developing the physical and mental strategies necessary for improved shooting performance. The student shall gain an appreciation for the sport of archery as a lifetime leisure pursuit. This class may be taken 4 times for credit.

PACT 320
Bowling 1 Unit
Formerly: PER 1
Prerequisite: None
Course Transferable to CSU
Hours: 54 hours LAB
Bowling covers skills, rules, etiquette and strategies of the game. Beginning bowling develops proficiency in the setup, swing and cadence, footwork, and strike and spare targeting. Intermediate bowling develops refinement of playing skills and strategies. Bowling creates enjoyable, cooperative, and competitive modes of behavior and promotes awareness of physical activity for a healthy mind and spirit. This class may be taken 4 times for credit.

PACT 350
Golf 1 Unit
Formerly: PER 1, PACT 353
Prerequisite: None
Course Transferable to CSU
Hours: 54 hours LAB
This golf course shall introduce the student to the basic skills of the game: full swing, chipping, pitching, putting, and sand play. Students shall also be instructed in the design and purpose of the various clubs and equipment, basic rules and etiquette, scoring and score cards, handicapping, golf course layout, and golf terminology. The course is designed to provide sufficient skills practice and knowledge of game procedure to allow each student to be able to play the game on a regulation golf course and enjoy the game as a lifetime leisure pursuit. This class may be taken four times for credit.

PACT 390
Tennis 1 Unit
Formerly: PER 1, PACT 392
Prerequisite: None
Course Transferable to CSU
Hours: 54 hours LAB
Tennis covers skills, rules, etiquette, and strategies of the game. Beginning tennis develops efficiency of basic skills such as ground strokes, serving, volleying, elementary strategies, and game rules. Intermediate tennis develops refinement of playing skills and strategies. Tennis stimulates enjoyable, cooperative, and competitive modes of behavior and promotes awareness of physical activity for life long health and fitness. This course may be taken four times for credit.

PET 301
Personal Wellness 3 Units
Formerly: PET 2
Prerequisite: None
Course Transferable to CSU
Hours: 54 hours LEC
This course takes a personal approach to lifetime healthy habits. The students will relate their own lives to topics that include: Fitness, weight management, relationships, nutrition, stress management, sexual health, risky behaviors, and prevention of diseases. Assessment, plans for change and reinforcement will be applied through the use of journals, projects, written assignments and tests. Not open to students who have received credit for HEED 350.
DEGREES

A.S.—Physics
A.S.—Science, General

The Folsom Lake College Physics, Physical Science and Astronomy department offers a full array of transferable courses that fulfill both major and general education requirements.

The Physics program consists of a three-semester calculus-based physics sequence and a two-semester trigonometry-based sequence. These sequences are designed to meet transfer requirements for students in the physical and life sciences, engineering, architecture, and computer information science. A conceptual physics course for non-science majors and a preparatory physics course are also offered.

The courses in Astronomy and Physical Science are offered as part of the general education program at Folsom Lake College. The physical science course emphasizes a hands-on learning experience. Both courses are an excellent way for the liberal arts students to gain an appreciation of scientific knowledge and methods.

TOTAL UNITS REQUIRED ................................................. 41

Associate of Science Degree (A.S.) may be obtained by completion of the Required Program, plus General Education requirements, plus sufficient electives to meet a 60-unit total.
### PHYS 350
**General Physics** 4 Units
Formerly: PHYS 5A  
Prerequisite: MATH 335, or a high school course in trigonometry or the equivalent.  
Grade of “C” or better required to meet prerequisite.  
Course Transferable to UC/CSU; UC-See Counselor  
(CAN PHYS 2) (with 360, CAN PHYS SEQ A)  
Hours: 54 hours LEC ; 54 hours LAB  
This course, the first semester of General Physics, is a transferable course required for life science, liberal studies and other students and may also be taken for general education credit. Materials covered will include classical mechanics (including kinematics, statics, dynamics, Newton’s Laws, energy and momentum conservation, rigid body motion and oscillatory motion), fluid mechanics, mechanical waves (including sound), and thermodynamics.

### PHYS 360
**General Physics** 4 Units  
Formerly: PHYS 5B  
Prerequisite: PHYS 350. Grade of “C” or better required to meet prerequisite.  
Course Transferable to UC/CSU; UC-See Counselor  
(CAN PHYS 4) (with 350, CAN PHYS SEQ A)  
Hours: 54 hours LEC ; 54 hours LAB  
This course, the second semester of General Physics, is a transferable course required for life science and other students and may also be taken for general education credit. Material covered will include classical electricity and magnetism (including electrostatics, electric fields and potential, magnetic fields, electromagnetic induction, Maxwell’s equations and electromagnetic radiation), DC and AC circuits, light, geometric and wave optics, special relativity, atomic structure, quantum physics and nuclear physics.

### PHYS 411
**Mechanics of Solids and Fluids** 4 Units  
Formerly: PHYS 4A  
Prerequisite: MATH 400. Grade of “C” or better required to meet prerequisite.  
Advisory: Completion of or concurrent enrollment in MATH 401 is recommended.  
Course Transferable to UC/CSU; UC-See Counselor  
(CAN PHYS 8) (with 421 and 431 CAN PHYS SEQ B)  
Hours: 54 hours LEC ; 54 hours LAB  
The course examines the fundamentals of mechanics: vectors, kinematics, Newton’s laws, vibrations, conservation principles, fluids, and gravitation. This course is recommended for students studying engineering, physics, chemistry, architecture, and mathematics.

### PHYS 421
**Electricity and Magnetism** 4 Units  
Formerly: PHYS 4B  
Prerequisite: PHYS 411 and MATH 401. Grade of “C” or better required to meet prerequisite.  
Course Transferable to UC/CSU; UC-See Counselor  
(CAN PHYS 12) (with 411 and 431 CAN PHYS SEQ B)  
Hours: 54 hours LEC ; 54 hours LAB  
This course examines the fundamentals of electricity and magnetism. Topics include electric and magnetic fields and forces, electric potentials, capacitors and dielectrics, DC and AC circuits, inductance, magnetic materials, Maxwell’s equations, electromagnetic waves, and the operation of general electrical circuit measuring devices including multimeters and oscilloscopes. This is the second course (although PHYS 421 and 431 may be taken in either order) of the calculus-based physics sequence for physical science, engineering, and computer science majors.

### PHYS 431
**Heat, Waves, Light and Modern Physics** 4 Units  
Formerly: PHYS 4C  
Prerequisite: PHYS 411 and MATH 401. Grade of “C” or better required to meet prerequisite.  
Course Transferable to UC/CSU; UC-See Counselor  
(CAN PHYS 14) (with 411 and 421, CAN PHYS SEQ B)  
Hours: 54 hours LEC ; 54 hours LAB  
This course examines the fundamentals of thermodynamics, waves and modern physics: temperature, heat, kinetic theory of gases, thermodynamics, mechanical waves, sound, light reflection and refraction, interference and diffraction phenomena, optics, lasers, special relativity, quantum physics, atomic physics, nuclear physics, and particle physics.

### PHYS 495
**Independent Studies in Physics** 1-3 Units  
Formerly: PHYS 49I  
Prerequisite: None  
Course Transferable to CSU  
Hours: Variable  
See Catalog under Alternative Credit/Study Options

### PHYS 499
**Experimental Offering in Physics** .5-4 Units  
Formerly: PHYS 49  
Prerequisite: None  
Course Transferable to UC/CSU; UC - See Counselor  
Hours: Variable

Physical Science (PS)

PS 302
Introduction to Physical Science
4 Units
Formerly: PS 1
Prerequisite: None
Course Transferable to UC/CSU; UC-See Counselor
Hours: 54 hours LEC ; 54 hours LAB
This is an integrated, interdisciplinary course which introduces the non-science major student to the physical sciences. Areas covered will include astronomy, physics, chemistry and geology. The purpose of the course is to trace the development of modern scientific concepts, to analyze a number of natural phenomena, and to explore the significance of science.

PS 495
Independent Studies in Physical Science 1-3 Units

Astronomy (ASTR)

ASTR 300
Introduction to Astronomy
3 Units
Formerly: ASTR 1
Prerequisite: None
Course Transferable to UC/CSU
Hours: 54 hours LEC
This course is a descriptive course in general astronomy treating the nature and evolution of the solar system, stars, galaxies, cosmology and life in the universe.

ASTR 400
Astronomy Laboratory 1 Unit
Formerly: ASTR 2
Prerequisite: None
Corequisite: ASTR 300 (may be taken previously). Grade of "C" or better required to meet corequisite.
Course Transferable to UC/CSU
Hours: 54 hours LAB
This course offers practical use of a telescope for both visual observation and astrophotography; identification of constellations; and experience in the collection of scientific data.

ASTR 495
Independent Studies in Astronomy

Political Science involves the study of governmental structures and political systems, as well as the examination of how individuals and institutions interact within those systems. Courses in our department are designed to introduce students to principle concepts, to stimulate an interest in the connection between theoretical ideas and real world events, and to motivate involvement and participation in the political process. Students are encouraged to think critically and creatively about issues facing them, their communities, their state, and their world.

Faculty in the Political Science department are widely traveled and have practical experience in a variety of governmental and political professions. They are focused on providing stimulating instruction in an atmosphere that encourages and emphasizes student participation. All courses require significant writing and research. Completion of English 101 or eligibility for English 300 is advised for all courses. Student success is a priority and attention is paid to the individual needs of those enrolled. Educational resources are available through the college and the department for students who may require additional assistance.

Our introductory courses also prepare students for further study of political science and government theories and practice at the university level. Supervised internships and special studies in political, governmental or related organizations are also available for credit. Most of the courses we offer are transferable to accredited universities and fulfill general education requirements for a variety of major and degree programs and certificates.

**Career Options**

Political Science courses help students develop and practice research, writing, and analysis skills that are relevant to many professional fields. These introductory courses provide students with a better understanding of politics and political systems which can assist them as a first step toward careers in law, administration, business, politics, teaching, military leadership, foreign service, journalism, urban planning, local, state or federal government, legislative analysis and advocacy, public relations, civil service and many others.

**Highlights**

- Courses in both American and foreign political structures
- Widely traveled and internationally astute instructional staff
- Insightful analysis of international events
- Suggestions/contacts for student involvement in the political process

**Pre-Law Education**

Pre-law, contrary to common belief, is not a major but rather a term that describes a student interested in applying for admission to a law school.

Because overall GPA is important in applying for admission to a law school, a pre-law student should consider a major which he/she enjoys and can do well. It is advisable to consider the major as an alternative to law school or one which can be used in conjunction with the law degree. Law schools are looking for individuals who have a high level of writing competence; good analytical skills; intellectual discipline; breadth in humanities, sciences and social sciences; and a general understanding of the business world. Most law schools require a baccalaureate degree. The Law School Admission Test (LSAT) is required. A pre-law student needs to plan a course of study in cooperation with a counselor in the Counseling Center.
Political Science (POLS)

POLS 301
Introduction to Government: United States  3 Units
Formerly: POLS 1
Prerequisite: None
Advisory: Completion of ENGWR 101 or eligibility for ENGWR 300 is advised.
Course Transferable to UC/CSU
(CAN GOVT 2)
Hours: 54 hours LEC
An introduction to Political Science, American government and politics. Structured to promote political and analytical understanding and thinking regarding American politics and government. Areas of concentration include principles, institutions, problems, processes, theory, philosophy, and ideology. Satisfies the State requirement regarding the Constitution, American Institutions, and State and Local Government.

POLS 302
Introduction to Government: Foreign  3 Units
Formerly: POLS 2
Prerequisite: None
Advisory: Completion of ENGWR 101 or eligibility for ENGWR 300 is advised.
Course Transferable to UC/CSU
Hours: 54 hours LEC
Comparative study and analysis of political systems, ideologies, institutions, policies, cultures, histories, and the development of selected foreign governments. Special emphasis placed on the cultural and social dimensions of political behavior and attitudes in connection with governmental and political practices typical of particular geographical regions. Coverage includes an examination of selected developed and lesser developed nation states from a global perspective.

POLS 310
International Relations  3 Units
Formerly: POLS 10
Prerequisite: None
Advisory: Completion of ENGWR 101 or eligibility for ENGWR 300 is advised.
Course Transferable to UC/CSU
Hours: 54 hours LEC
This is an introduction to international relations and a survey of the nation-state system, techniques of interaction, the issue of war, nationalism, power alignments, international actors, transnational movements, diplomacy, political economy, and perceptions in world politics. Particular emphasis is placed on an analysis of the world outlook of Central and Eastern Europe, Russia, the United States, the major Western Allies, China, and the Lesser Developed World.

Psychology

Dean - Monica Flores, 916-608-6620
Counseling - FLC/RCC 916-608-6500; EDC 530-642-5645

Psychology concerns itself with the study of behavior and mental processes. Part of its appeal and fascination is the fact that it involves both pure science and the practical application of science to matters of everyday life. Those pursuing psychology as a field of study will find many career options centering around helping others understand, predict, and control or modify behavior.

Career Options

Career options as educators, scientists, consultants, practitioners and mental health professionals with some of the following titles:

Administrator; Behavior Analyst; Childcare Worker; College Professor; College Counselor; Social Services Counselor; Human Services Specialist; Marketing Specialist; Personnel Analyst; Probation Officer; Psychiatric Tech/Aide; Psychologist; Psychometrist; Public Survey; Research Therapist; Training/Development Specialist; Ward Attendant; Youth Supervisor

Some career options may require more than two years of college study.

Highlights

Exemplary instructional staff that includes authors and researchers
Varied course offerings including psychology of women and human sexuality
Psychology courses complement AA degrees and/or certifications in many other fields: Administration of Justice, Anthropology, Communications Media, Corrections, Early Childhood Education, Human Services, Interdisciplinary Studies, Marketing/Business, Health/Medicine, Consumer Affairs, and the military.

DEGREE

A.A.—Psychology

The psychology degree is designed to facilitate students’ successful transfer to BA programs, completion of which, prepares them for advanced study in a variety of graduate programs. Psychologists with graduate degrees and professional certificates have a broad range of employment opportunities including, but not limited to, clinical practice, research, and teaching. Clinical psychologists work in a variety of settings and with a wide range of clients. Research psychologists work in a range of fields associated with the study of human behavior, including biomedical, sports psychology, and cognitive neuroscience.

Psychology (PSYC)

PSYC 300 General Principles .............................................. 3 Units
Formerly: PSYC 1
Prerequisite: None
Course Transferable to UC/CSU
(CAN PSYC 2)
Hours: 54 hours LEC
This course is an introduction to the scientific study of human behavior. Topics include scientific method, the biological basis of behavior, sensation, perception, consciousness, conditioning and learning, memory, cognition, developmental psychology, motivation, emotion, stress and health, personality, abnormal psychology, psychotherapy, and social psychology. PSYC 300 is designed for psychology majors, behavioral science majors, and other students who desire a comprehensive overview of general principles of contemporary psychology.

PSYC 312 Biological Psychology ........................................... 4 Units
Prerequisite: None
Course Transferable to UC/CSU
Hours: 54 hours LEC; 54 hours LAB
Course Description: This course offers a survey of the physiological determinants of behavior. The course content focuses on brain and nervous system interactions, central nervous system pathologies, endocrine function, and the biochemistry of mental disorders. PSYC 312 is appropriate for students majoring in psychology, medicine and the biological sciences. The laboratory experience complements and amplifies the lectures.
This course focuses on the scientific study of human interaction, with an emphasis on the individual within a social context. Folsom Lake College offers, in addition to a Real Estate AA Degree, a variety of courses available which satisfy State of California prerequisites for Real Estate Salesperson and Real Estate Broker examinations.

APPLICANTS FOR THE
REAL ESTATE SALESPERSON EXAM
To qualify to take an examination for a Real Estate Salesperson License, an applicant must submit evidence (transcripts) of having completed a college-level course in Real Estate Principles.

In addition to Real Estate Principles the applicant must also (either when qualifying for the examination, when applying for the original license or within eighteen months after license issuance) submit evidence of having completed TWO additional basic real estate courses from the following FLC course offerings (it is recommended that Real Estate Practice be one of the courses selected).

- Accounting 301 (1A)
- Business Law 340 (18A)
- Introduction to Escrow Procedures
- Legal Aspects of Real Estate
- Real Property Management
- Real Estate Appraisal
- Real Estate Economics
- Real Estate Finance
- Real Estate Practice

APPLICANTS FOR THE
REAL ESTATE BROKER EXAMINATION
An applicant for the Broker examination must have completed eight college-level courses, in addition to the experience/educational requirements. These eight courses should include the following FLC course offerings:

- Real Estate Principles
- Real Estate Practice
- Legal Aspects of Real Estate
- Real Estate Finance
- Real Estate Appraisal
- Real Estate Economics or Accounting 301 (1A)
- and two courses from the following group: *
  - Business Law 340 (18A)
  - Real Property Management
  - Introduction to Escrow Procedures
  - Advanced Appraisal

* If applicant completes both Accounting and Real Estate Economics, only one additional course is required.

DEGREE A.S.—Science, General

Areas of Study:
• Biology
• Chemistry
• Environmental Technology
• Geography
• Geology
• Physics, Physical Science, Astronomy

Folsom Lake College students may choose courses in the various disciplines of science to meet any of several objectives. Courses are designed to:
• Prepare students for transfer and continuation of studies at other colleges or universities (chemistry, biology, medicine, etc.)
• Meet general education requirements for non-science majors
• Prepare students for immediate entry into a science-based technology career
• Provide for career advancement and continuing education

Many courses include hands-on practical experience and/or opportunities for work experience in local industry and business.

The student, in consultation with a counselor, should choose science courses to meet his/her program, transfer, or general education requirements. The Counseling Center also has information regarding science requirements for transfer to other four-year institutions.

DEGREE A.S.—Science, General

This degree is designed to meet common lower division requirements for a general science major.

REQUIRED PROGRAM ................................................................. Units
Eighteen (18) units of transfer level course work in science. Two laboratory courses must be included: one in the physical sciences and one in the biological sciences. Courses may be selected from Astronomy, Biology, Chemistry, Geology, Natural Resources, Physical Geography, Physical Anthropology, Physics, and Physical Science.

TOTAL UNITS REQUIRED ......................................................... 18
PRE-PROFESSIONAL HEALTH SCIENCE EDUCATION

Students planning to attend a dental, medical, veterinary or optometry school are not required to complete a prescribed undergraduate major. Many students have the misconception that “pre-dental,” “pre-med,” etc., are academic majors. They are not. A student's undergraduate degree might be achieved in anything, as long as appropriate courses required for dental/medical/veterinary/optometry school admission are completed. Professional schools are looking for well-rounded students who have taken courses in the humanities and social sciences and who have participated in school activities and community work. Generally, admission criteria include: completion of required courses; cumulative GPA; science courses GPA only; extracurricular activities, including work experience related to the health science specialization; test scores; application, which includes a personal statement; letters of recommendation; and an interview.

In addition to a good GPA, a student must be self-motivated, have social concern, communication skills and maturity. An applicant, however, does not need a 4.0 GPA for admission, as a GPA is an impersonal reflection of a student's ability to handle university work.

Students planning to enroll in a professional health science school may complete at Folsom Lake College:

1. transfer general education courses,
2. transfer courses for the student's chosen major,
3. a basic core of courses which is required for all health science students, and
4. other courses required for the chosen speciality, i.e., dental, medical, optometry, and/or veterinary.

The basic core courses are:

**Biological Science**
- CHEM 400 (1A), 401 (1B)
- ENGR 300 (ENGL 1A), 301 (ENGL 1B), 302 (ENGL 1C)
- PHYS 350 (5A), 360 (5B)
- MATH 335 (20), 350 (16A)

(or high school equivalent)

**Pre-Dentistry**

Although a student may be admitted to a dental school upon completion of 90 units, a baccalaureate degree is recommended. A student should have at least a 3.0 GPA. The Dental Aptitude Test (DAT) is a requirement.

In addition to the basic core courses, the required PSYC 300 (1) and 320 (3) and a minimum of 12 units of social sciences, humanities, and foreign languages may be completed at Folsom Lake College.

**Pre-Medical**

Although a student may be admitted to a medical school upon completion of 90 units, a baccalaureate degree is recommended. The usual stated minimum GPA is 2.5. In reality, a student with a GPA below 3.0 is almost never accepted, and it is rare to be admitted with a GPA below 3.4. The Medical College Admission Test (MCAT) is a requirement.

In addition to the basic core courses, the required MATH 350 (16A) and 351 (16B) and a full year of organic chemistry [CHEM 420 (12A) and 421 (12B)] may be completed at Folsom Lake College.

**Pre-Optometry**

Although a student may be admitted to an optometry school upon completion of 90 units, a baccalaureate degree is recommended. The usual stated minimum GPA is 2.0; however, a more realistic minimum is a 3.0 GPA. The Optometry College Admission Test (OCAT) is a requirement.

In addition to the basic core courses, other courses such as BIOL 440 (6), 430 (25), 431 (26); MATH 350 (16A), 351 (16B); PSYC 300 (1); STAT 300 (1); humanities courses and social science classes may be required. Please check with your counselor. These courses can be completed at Folsom Lake College.

**Pre-Veterinary**

It is extremely difficult to gain admission to a veterinary school without being a resident of the state in which the school is located. A California resident, therefore, is virtually restricted to attending the University of California School of Veterinary Medicine at Davis.

Although a student may be admitted to the School of Veterinary Medicine upon completion of 90 units, a baccalaureate degree is recommended. A student with a 2.5 GPA may be considered for admission; however, rarely is a student admitted with a GPA below 3.0. Experience with animals is given heavy consideration. The Graduate Record Examination General Aptitude Section and Advanced Test in Biology are requirements.

In addition to the basic core courses, the required STAT 300 (1) may be completed at Folsom Lake College.

**Pre-Physical Therapy**

Students may take general education and a basic core of prerequisite courses at Folsom Lake College and transfer to California State University, Fresno, Long Beach or Northridge. Admission into a physical therapy program is very competitive with great weight given to relevant work experience and grade point average earned in the prerequisite courses. Because admission requirements vary among the programs, students are advised to work closely with a counselor to plan for the completion of work experience, general education and a core of basic program courses. Many Physical Therapy programs will be offered at the Master's Degree level only. Check with the counseling department.

The core courses may include:
- BIOL 400 (1A), 420 (3), 430 (25), 431 (26)
- CHEM 400 (1A), 401 (1B)
- MATH 350 (16A), 351 (16B)
- PHYS 350 (5A), 360 (5B)
- PSYC 300 (1)

**Pre-Nursing Option, see Biology**

SOCSC 338
Native Peoples of North America 3 Units
Formerly: SS 45
Prerequisite: None
Course Transferable to UC/CSU
Hours: 54 hours LEC
This course is an introduction to the histories and cultures of various Native American groups. It is comparative in nature and examines the dynamics among Native Peoples, Anglos, Latinos, African Americans, and Asian Americans. Data is presented from both a historical and sociological context focusing on ethnocentrism, forced assimilation, and racism, as applied to America’s forgotten minority, and to help the student develop a personal foundation of cultural tolerance.

SOCSC 360
Law and Society 3 Units
Formerly: SS 16
Prerequisite: None
Course Transferable to UC/CSU
Hours: 54 hours LEC
An introduction to the American legal system emphasizing the nature, purpose, sources and functioning of American law but including some comparative analysis of other historical and contemporary legal systems. Emphasis is placed on the evolution of legal concepts as a reflection of the social environment and the role of the judiciary. A theoretical rather than practical viewpoint is used—through analysis of selected cases and legislation in the areas of individualism, socioeconomic groups, the family, the economy, crime, criminal procedure and punishment, church and state separation, the environment, and torts. This is not to be taken in place of BUS 340 when required. Not open to students who have received credit for BUS 345.

2 Units
Formerly: SPAN 42A
Prerequisite: SPAN 102. Grade of “C” or better required to meet prerequisite.
Course Transferable to CSU
Hours: 18 hours LEC ; 54 hours LAB
This course provides refinement of skills attained in SPAN 102. Students will work toward the ability to create with the language without relying on learned responses, to understand main ideas in routine speech and to understand main ideas in written texts. Listening and reading comprehension continue to develop; speaking and writing will be comprehensible to a somewhat sympathetic native speaker. Students will develop the ability to respond in an unrehearsed manner on concrete topics in known situations. Written expression will meet limited personal needs in culturally appropriate language at a higher level of accuracy than found in SPAN 102. Students will continue acquisition of knowledge of geography, culture and people of regions where Spanish is spoken and of Spanish-speakers’ contributions to North American and world cultures. This course will consist of one hour of lecture and two hours of laboratory work conducted in the classroom each week and one hour of laboratory work conducted in the Language Laboratory each week.

Cooperative Work Experience Education (Co-op) is a unique, experiential, academic program that allows individuals to apply what they've learned in the classroom to a work environment. Upon completion of their Co-op experience, students may earn 1-4 units of transferable credit with a letter grade. Co-op serves: College interns, volunteers, and employees. It is also one of several Living Skills graduation requirements for an associate degree.

Co-op Internships and Opportunities
Internships and volunteer experiences provide an opportunity for students to obtain work experience in their major. This activity assists students to develop technical skills, check out career choice, build confidence, network with people in the field, and transition for entry into a competitive labor market.

Interested students must apply two or more weeks before classes start and are required to take a weekly one hour career management class. College credit is earned and internships may be paid or non-paid.

Employees
Co-op also assists our busy employed students who are interested in advancing within their existing work environment. Through Co-op and the approval of the student's employer supervisor, students can apply what they have learned in the classroom to their job.

College credit is earned.

How the Program Works
There are two types of Co-op Programs: Vocational and General.

Vocational Work Experience (298/498) provides students with opportunities to develop or add marketable skills related to their vocational study programs.

Eligible students must:
• Be working in a paid job, internship, or volunteer opportunity. Students not currently in an internship opportunity who would like assistance should contact the Cooperative Work Experience Education Office. Students must have a cooperating employer by the end of the third week of the semester, first week of a nine week, or summer session to remain in the program.
• With employer's assistance, establish new or expanded on-the-job skills that will be documented.
• Attend a one-hour weekly career management class... or qualify for the "Returning Co-op Student" status. However, attendance is required for everyone for the first two orientation sessions.
• Register for 1, 2, 3, or 4 units. One unit of credit may be earned for each 75 hours of paid work experience or for 60 hours of non-pay experience. A total of 16 units may be earned in Vocational Work Experience.

• Students working in their college majors and taking, or have taken a course in that area, should enroll in that area's work experience class (e.g. - a sales clerk should enroll in Business).*

* Interested students may earn college credit in the following majors:
Accounting
Architecture
Automotive Mechanics Technology
Business
Communications Media
Computer Information Science
Construction Management Technology
Culinary Arts Management
Early Childhood Education
Environmental Technology
Fire Technology
Horticulture
Human Services
Management
Marketing
Photography
Theatre Arts
Veterinary Technology
**General Work Experience (198):**

General work experience education assists students in learning about the world of work and is open to all students regardless of major or job. Like vocational work experience, it is designed for students wanting to apply skills learned in the classroom to their actual job.

College credit (1-3 units) will be earned for working in the students' current job per semester. No more than six units may be earned in the program. One unit of credit may be earned for each 75 hours of paid work experience or for 60 hours of volunteer experience. Students must have a cooperative employer by the end of the third week of the semester (end of the first week of a nine week or a summer session) to remain in the program.

- Register for “General Work Experience” (Work Experience 198), and attend weekly career management class.

**Co-op Work Experience (198/298/498)**

Co-op has two different ways to qualify for the program:

**New (1st Time Co-op) Students:**
A. You are working a paid or non-paid job, internship, or volunteer opportunity.
B. You must attend the class that meets each week. This class will cover workforce/career transition issues.
C. Your grade and units are earned based on your performance in the workplace (developing new skills) and classroom assignments.

**Returning Students:**
A. You have completed a Co-op class at FLC.
B. You are working a paid or non-paid job, internship, or volunteer opportunity.
C. No class attendance is required for this program except for the first two “orientation” sessions. However, you must establish new on-the-job skills with your employer and complete the necessary forms.
D. Your grade and units are earned based on your work performance and outside homework assignments that emphasize career transition.
