BRINGING THE ARTS AND MORE TO THE COMMUNITY
Folsom Lake College Regional Visual & Performing Arts Center

- The FLC Regional Visual and Performing Arts Center is committed to nurturing the next generation of performing artists; to open up a world of culture to families and to present the best in live performances from diverse traditions and disciplines. Artistic excellence, quality education and public accessibility are fundamental to the vision of the Center.

- An 80,000 square foot state-of-the-art facility that will house instructional programs in the arts and technical support of the arts, the Center will be a beacon in the region to draw people to the college for entertainment and performances. In addition to meeting instructional needs, the Center will be a venue for national and international touring companies, professional promoters, and local arts organizations. Additionally, the Center will host arts festivals, academies, and summer youth programs.

- The Center will house three performance spaces, an art gallery, public spaces, along with studio classrooms and labs for students. The Main theatre seats 800, making it the kind of venue that can attract musical and dance performances, recognized speakers, as well as many other activities. The Studio theatre seats 200 and is ideal for small theatre productions and spoken presentations. The Recital Hall seats 100 and provides an intimate space in which to listen to solo, small ensemble, and choral music. The Art gallery will be a unique space in which to view both student and touring art shows.

- The activities that will take place in the Center will become a vital cultural resource along the Highway 50 corridor. Residents of the region currently have very few options to see live performances without driving to Tahoe, Sacramento, Davis or San Francisco.

- The Center will provide excellent educational offerings to students at the college. Not only will it attract students who might want to explore a career in the arts, it will also serve students who want to develop their presentation skills for careers in business, law, politics, etc. The Center will provide lifelong learners an opportunity to take classes in order to enhance and explore their artistic abilities.

- The $50 million Center is funded by local and state bond funds earmarked for this project by the Los Rios Community College District and a $4.3 million capital campaign being conducted by the Folsom Lake College Foundation.

- A wide variety of naming opportunities are available for your consideration including the Name-A-Seat program. For as little as $1,000, you will be recognized with your name or that of a family member or friend, engraved on a plaque and affixed, permanently, to a seat of your choice in one of the three theatres. Terms are available.
Yes, I/we would like to take advantage of this unique opportunity to be part of the legacy of the Folsom Lake College Visual and Performing Arts Center
