Disability Awareness Art Show
“Success Through the Creative Arts”
This Art Show is dedicated to the memory of
Cecilie Walton
December 16, 1961 – May 30, 2010
Cecilie found art was a healthy way to deal with the pain after a horrific car accident. In her inability to work and on the advice of her doctor, she started attending Folsom Lake College and pursued her love for art.

“Plagued by nightmares since the accident, I chose to paint the nightmares away. I gave them to the canvas. I had never suffered anything as horrifying as this accident.”
