An Interview with David Foster Wallace

David Foster Wallace (1962-2008)
Postmodernist American author David Foster Wallace is best known for his examination of themes such as loneliness and desire, detachment and self awareness, and mass culture and spectacle, died September 14th, 2008. His talent transcends genre and form; having written successful novels and short stories, fiction and non-fiction. Born in Ithaca, NY in 1962, Wallace served as editor for The Review of Contemporary Fiction and later became an English professor at Illinois State University. Read more...
